Lockard, 2019-10-01 Louis Owens Writing Land and Legacy explores the wide ranging oeuvre of this seminal author examining Owens's work and his importance in literature and Native studies Of Choctaw Cherokee and Irish American descent Owens's work includes mysteries novels literary scholarship and autobiographical essays Louis Owens offers a critical introduction and thirteen essays arranged into three sections Owens and the World Owens and California and The Novels The essays present an excellent assessment of Owens's literary legacy noting his contributions to American literature ethnic literature and Native American literature and highlighting his contributions to a variety of theories and genres The collection concludes with a coda of personal poetic reflections on Owens by Diane Glancy and Kimberly Blaeser Libraries students scholars and the general public interested in Native American literature and the landscape of contemporary US literature will welcome this reflective volume that analyzes a vast range of Louis Owens's imaginative fictions personal accounts and critical work **I Hear the Train** Louis Owens, 2001 In this innovative collection Louis Owens blends autobiography short fiction and literary criticism to reflect on his experiences as a mixedblood Indian in America In sophisticated prose Owens reveals the many timbres of his voice humor humility love joy struggle confusion and clarity We join him in the fields farms and ranches of California We follow his search for a lost brother and contemplate along with him old family photographs from Indian Territory and early Oklahoma In a final section Owens reflects on the work and theories of other writers including Gayatri Chakravorty Spivak Gerald Vizenor Michael Dorris and Louise Erdrich Volume 40 in the American Indian Literature and Critical Studies Series **Mixedblood Messages** Louis Owens, 2001 In this challenging and often humorous book Louis Owens examines issues of Indian identity and relationship to the environment as depicted in literature and film and as embodied in his own mixedblood roots in family and land Powerful social and historical forces he maintains conspire to colonize literature and film by and about Native Americans into a safe Indian Territory that will contain and neutralize Indians Countering this colonial Territory is what Owens defines as Frontier a dynamic uncontrollable multi

directional space within which cultures meet and even merge Owens offers new insights into the works of Indian writers ranging from John Rollin Ridge Mourning Dove and D Arcy McNickle to N Scott Momaday Leslie Silko James Welch and Gerald Vizenor In his analysis of Indians in film he scrutinizes distortions of Indians as victims or vanishing Americans in a series of John Wayne movies and in the politically correct but false gestures of the more recent Dances With Wolves As Owens moves through his personal landscape in Oklahoma Mississippi California and New Mexico he questions how human beings collectively can alter their disastrous relationship with the natural world before they destroy it He challenges all of us to articulate through literature and other means messages of personal and environmental as well as cultural survival and to explore and share these messages by writing and reading across cultural boundaries Other Destinies Louis Owens, 1994

This first book length critical analysis of the full range of novels written between 1854 and today by American Indian authors takes as its theme the search for self discovery and cultural recovery In his introduction Louis Owens places the novels in context by considering their relationships to traditional American Indian oral literature as well as their differences from mainstream Euroamerican literature In the following chapters he looks at the novels of John Rollin Ridge Mourning Dove John Joseph Mathews D Arcy McNickle N Scott Momaday James Welch Leslie Marmon Silko Louise Erdrich Michael Dorris and Gerald Vizenor These authors are mixedbloods who in their writing try to come to terms with the marginalization both of mixed bloods and fullbloods and of their cultures in American society Their novels are complex and sophisticated narratives of cultural survival and survival guides for fullbloods and mixedbloods in modern America Rejecting the stereotypes and cliches long attached to the word Indian they appropriate and adapt the colonizers language English to describe the Indian experience These novels embody the American Indian point of view the non Indian is required to assume the role of other In his analysis Owens draws on a broad range of literary theory myth and folklore structuralism modernism poststructuralism and particularly postmodernism At the same time he argues that although recent American Indian fiction incorporates a number of significant elements often identified with postmodern writing it contradicts the primary impulse of postmodernism That is instead of celebrating fragmentation ephemerality and chaos these authors insist upon a cultural center that is intact and recoverable upon immutable values and ecological truths Other Destinies provides a new critical approach to novels by American Indians It also offers a comprehensive introduction to the novels helping teachers bring this important fiction to the classroom Grave Concerns, Trickster Turns Christopher A. LaLonde, 2002 Who am I What am I Where do I belong These grave concerns take a lifetime for most people to answer They become even trickier for American Indians who all too often face literal and figurative burial by those in power Such concerns permeate the works of Louis Owens a mixedblood writer of Choctaw Cherokee Irish descent In this first book length examination of Owens s writings Chris LaLonde focuses on five critically acclaimed novels *The Sharpest Sight* *Bone Game* *Wolfsong* *Nightland* and *Dark River* According to LaLonde Owens works his stories like a trickster turning ideas back against themselves and playing with contradictory possibilities

The conflicting Native and Western perspectives of time history humor and authority dramatize how such classes can threaten to undermine any sense of home and identity for Indians In the process Owens underscores the sham of the ethnic identities foisted upon American Indians the Noble Savage the Silent Indian the Vanishing Native and the Indian as Tragic Victim

Wolfsong Louis Owens,1995 In the Cascade Range of northwest Washington Tom Joseph a young Indian who had gone south to attend college returns for his uncle's funeral and finds himself caught up in the old man's fight to save the wilderness from destruction In his first novel Louis Owens exposes the raw edge of the current American land rights controversy and poses questions about authenticity and the common bonds that American Indians of very different or mixed backgrounds are in the process of discovering today

True West William R. Handley, Nathaniel Lewis, 2007-05-01 In no other region of the United States has the notion of authenticity played such an important yet elusive role as it has in the West Though pervasive in literature popular culture and history assumptions about western authenticity have not received adequate critical attention Given the ongoing economic and social transformations in this vast region the persistent nostalgia and desire for the real authentic West suggest regional and national identities at odds with themselves *True West* explores the concept of authenticity as it is used to invent test advertise and read the West The fifteen essays collected here apply contemporary critical and cultural theory to western literary history Native American literature and identities the visual West and the imagining of place Ranging geographically from the Canadian Prairies to Buena Park's Entertainment Corridor in Southern California and chronologically from early tourist narratives to contemporary environmental writing *True West* challenges many assumptions we make about western writing and opens the door to an important new chapter in western literary history and cultural criticism
