**The Matrilineal Heritage of Louisa May Alcott and Christina Rossetti** Azelina Flint,2021-07-29 In an unprecedented comparison of two of the most important female authors of the nineteenth century Azelina Flint foregrounds the influence of the religious communities that shaped Louisa May Alcott s and Christina Rossetti s visions of female creativity In the early stages of the authors careers their artistic developments were associated with their patrilineal connections to two artistic movements that shaped the course of American and British history the Transcendentalists and Pre Raphaelites Flint uncovers the authors rejections of the individualistic outlooks of these movements demonstrating that Alcott and Rossetti affiliated themselves with their mothers and sisters religious faith Applying the methodological framework of women s mysticism Flint reveals that Alcott s and Rossetti s religious beliefs were shaped by the devotional practices and life writing texts of their matrilineal communities Here the authors iconic portrayals of female artists are examined in light of the examples of their mothers and sisters for the first time Flint recovers a number of unpublished life writings including commonplace albums and juvenile newspapers introducing readers to early versions of the authors iconic works These recovered texts indicate that Alcott and Rossetti portrayed the female artist as a mouthpiece for a wider community of women committed to social justice and divine communion By drawing attention to the parallels in the authors familial affiliations and religious beliefs Flint recuperates a tradition of nineteenth century women s mysticism that departs from the individualistic models of male literary traditions to locate female empowerment in gynocentric relationships dedicated to achieving a shared revelation of God      **The Dime Novel Companion** J Randolph Cox,2000-05-30 This

How the insane asylum came to exert such a powerful hold on the American imagination Madhouse funny farm psychiatric hospital loony bin nuthouse mental institution no matter what you call it the asylum has a powerful hold on the American imagination Stark and foreboding they symbolize mistreatment fear and imprisonment standing as castles of despair and tyranny across the countryside In the asylum of American fiction and film treatments are torture attendants are thugs and psychiatrists are despots In Nightmare Factories Troy Rondinone offers the first history of mental hospitals in American popular culture Beginning with Edgar Allan Poe's 1845 short story The System of Dr Tarr and Prof Fether Rondinone surveys how American novelists poets memoirists reporters and filmmakers have portrayed the asylum and

how those representations reflect larger social trends in the United States Asylums he argues darkly reflect cultural anxieties and the shortcomings of democracy as well as the ongoing mistreatment of people suffering from mental illness Nightmare Factories traces the story of the asylum as the masses have witnessed it Rondinone shows how works ranging from Moby Dick and Dracula to One Flew Over the Cuckoo's Nest Halloween and American Horror Story have all conversed with the asylum Drawing from fictional and real accounts movies personal interviews and tours of mental hospitals both active and defunct Rondinone uncovers a story at once familiar and bizarre where reality meets fantasy in the foggy landscape of celluloid and pulp

**Prosthetic Body Parts in Nineteenth-Century Literature and Culture** Ryan Sweet, 2021-12-03 This open access book investigates imaginaries of artificial limbs eyes hair and teeth in British and American literary and cultural sources from the nineteenth and early twentieth century Prosthetic Body Parts in Nineteenth Century Literature and Culture shows how depictions of prostheses complicated the contemporary bodily status quo which increasingly demanded an appearance of physical wholeness Revealing how representations of the prostheticized body were inflected significantly by factors such as social class gender and age Prosthetic Body Parts in Nineteenth Century Literature

and Culture argues that nineteenth century prosthesis narratives though presented in a predominantly ableist and sometimes disablist manner challenged the dominance of physical completeness as they questioned the logic of prostheticization or presented non normative subjects in threateningly powerful ways Considering texts by authors including Charles Dickens Edgar Allan Poe and Arthur Conan Doyle alongside various cultural medical and commercial materials this book provides an important reappraisal of historical attitudes to not only prostheses but also concepts of physical normalcy and difference

**Sex Expression and American Women Writers, 1860-1940** Dale M. Bauer, 2009-01-01 American women novelists of the late nineteenth and early twentieth centuries registered a call for a new sexual freedom Dale Bauer contends By creating a lexicon of sex expression many authors explored sexuality as part of a discourse about women s needs rather than confining it to the realm of sentiments where it had been relegated if broached at all by earlier writers This new rhetoric of sexuality enabled critical conversations about who had sex when in life they had it and how it signified Whether liberating or repressive sexuality became a potential force for female agency in these women s novels Bauer explains insofar as these novelists seized the power of rhetoric to establish their intellectual authority Thus Bauer argues they helped transform the traditional ideal of sexual purity into a new goal of sexual pleasure defining in their fiction what intimacy between equals might become Analyzing the work of canonical as well as popular writers\_ including Edith Wharton Anzia Yezierska Julia Peterkin and Fannie Hurst among others\_ Bauer demonstrates that the new sexualization of American culture was both material and rhetorical

Literary Spinoffs Birgit Spengler, 2015-03-05 Literary Spinoffs Rewriting the Canon Re Imagining the Community explores the literary strategies theoretical dimensions and cultural implications of contemporary rewritings of nineteenth century classics By hooking on to powerful literary and cultural narratives literary spinoffs seek to interfere with the cultural imaginary and revise the ways in which the cultural community constructs itself via formative narratives Spengler offers in depth case studies of prominent contemporary rewritings and the cultural work they undertake while also examining the genre s particular aesthetics and effects Through their intensely intertextual form spinoffs raise urgent questions about the possibilities for participation in processes of cultural meaning making and invigorate contemporary debates about intellectual property cultural capital as well as high and popular culture
