Henson, 2025-07-30 Two years ago a wormhole opened and ushered vicious dragons into the world The dragons burned Earth's cities to the ground and sent its inhabitants scattering for cover and since then Ayanna Grace a seventeen year old Black girl has been scratching out a life in an abandoned subway system part of an extensive underground community Underground medicine runs short and outbreaks of disease spread uncontrollably The water supply is low uprisings occur frequently and dragon attacks are imminent But those aren't the only challenges Ayanna is facing she's also busy wrestling with her feelings torn between Richard who she's known all her life and Jackson a mysterious newcomer Worse her mentor the community's only doctor is dying from a failing heart With no hope of rescue from aboveground will Ayanna be able to save him before it's too late Love in the Age of Reptiles Wayne Kyle Spitzer, 2021-03-26 First came the time storm which erased half the population Then came the Dinosaur Apocalypse How did it all begin Well that depends on where you were and who you ask In some places it started with the weather which quickly became unstable and began behaving in impossible ways In still others it started with the lights in the sky which shifted and pulsed and could not be explained Elsewhere it started with the disappearances one here a few there but increasing in occurrence until fully three quarters of the population had vanished Either way there is one thing on which everyone agrees it didn't take long for the prehistoric flora and fauna to start showing up often appearing right where someone was standing in which case the two were fused spliced amalgamated It didn't take long for the great Time displacement called the Flashback which was brief but had aftershocks like an earthquake to change the face of the earth Nor for the stories some long and others short some from before the maelstrom and resulting societal collapse and others after to be recorded Collected herein are the stories in which Love mattered From Love in the Age of Reptiles There were six of them as I said all of whom rushed us the instant our feet touched the ground All of whom snarled and charged us like wolverines as we raised our weapons and fired the flare gun cracking and hissing blanching the scarlet haze for the sun had painted everything red and gold its projectile punching

through one of the raptors chests and lighting it up so that its ribs were backlit briefly and I could see if only for an instant its burning beating heart Yet still they came another one leaping at me even as I dropped the gun which clattered against the planks as I dropped it and grabbed the thing by its neck then brought the knife down with my other hand and stabbed it between the eyes Run I shouted even as Amanda shot another her second and then bolted toward the shore drawing the others so that I was able to snatch up the flare gun and quickly reload it so that I was able to pursue them and to shoot one in the back while Amanda turned and took out the last of them shooting it in the head so that the back of its skull exploded like a spaghetti dinner thrown against the wall so that it collapsed writhing about 10 feet in front of her whereupon she quickly approached it and shot it again just to be sure And then she looked at me as the dead and dying animals lay all around us and I looked back our chests heaving our faces covered in sweat our worn clothes bloody and disheveled and I knew that she knew which was that today we were the predators the thing needing to be feared the killers And that neither of us needed to worry not about food or other predators or mysterious lights in the sky or anything Because we were the masters of our fate we and no one else not even God And we were the master of the world s fate too At which she ran to me and we collided and I held her fast there on the long jetty in the Atlantic Ocean in the Bermuda Triangle there beneath a day moon and the blood red sky in an instant in which it was good so very good not to be afraid not to be alone And as to what may or may not have happened in those breaths those pulse points between that moment and the next the next day the next search the next milestone as to that I offer only a quote from Gandhi Speak only if it improves upon the silence A Love Letter to M. Armstrong,2018-06-30 John Armstrong knows from personal experience how easy it is to put too much emphasis on correct teaching in our experience of church and how easily we lose sight of the love on which Christ built his church when we do so In Costly Love Armstrong acknowledges the importance of doctrine and theological discussion in the church but he urges Christians to focus first on whether we are following Jesus new commandment to love as he loved Our

classic story of doomed love in a country trying to come to terms with its violent past An epic of daily life Dangerous Love is one of Ben Okri s most accessible and most disarming novels Omovo is an office worker and artist who lives at home with his father and his father s second wife In the communal world of the compound in which he lives Omovo has both friends and enemies but his most important relationship is with Ifeyiwa a beautiful young married woman whom he loves with an almost hopeless passion not because she doesn t return his love but because they can never be together Against the backdrop of Nigeria s civil war Ben Okri creates an atmosphere where passion takes on a wholly different dimension as danger greed hunger and betrayal loom at every turn The Progressive Poetics of Confusion in the French Enlightenment John C.

O'Neal,2011-03-14 In The Progressive Poetics of Confusion in the French Enlightenment John C O Neal draws largely on the etymological meaning of the word confusion as the action of mixing or blending in order to trace the development of this project which he claims aimed to reject dogmatic thinking in all of its forms and recognized the need to embrace complexity Eighteenth century thinkers used the notion of confusion in a progressive way to reorganize social classes literary forms metaphysical substances scientific methods and cultural categories such as taste and gender In this new work O Neal explores some of the paradoxes of the Enlightenment s theories of knowledge Each of the chapters in this book attempts to address the questions raised by the eighteenth century s particular approach to confusion as a paradoxical reorganizing principle for the period s progressive agenda Perhaps the most paradoxical thinker of his times Diderot occupies a central place in this study of confusion Other authors include Marivaux Cr billon Voltaire and Pinel among others Rousseau and Sade

serve as counterexamples to this kind of enlightenment but ultimately do not so much oppose the period's poetics of confusion as they complement it. The final chapter on Sade combines contemporary discussions of politics, society, culture, philosophy, and science in an encyclopedic way that at once reflects the entire period's tendencies and establishes important differences between Sade's thinking and that of the mainstream philosophies. Ultimately, confusion serves O'Neal as an overarching positive notion for the Enlightenment and its progressive ideals.

Scoring Points: Love and Football in the Age of AIDS Gary D. Gerson, 2011-08 Gary Gerson led an uneventful life growing up Jewish in East Tennessee. This changed when he decided to walk onto the Vanderbilt football team with no prior experience, beginning a lifelong love for the game with four years of exhilaration and heartbreak. After juggling the challenges of infatuation, a bowl game, a major steroid scandal, and ultimate dishonor at Vanderbilt, Gerson's journeys brought him close to danger in Africa and India, a brush with the Yeti in the Himalaya, and more football in Amsterdam. When he fell in love with Shelley while teaching at the prestigious Cranbrook Kingswood School in Michigan, his journey for meaning took a sharp turn as she revealed her painful secret. Using his wife's triumphs and challenges as motivation, Gerson stepped back onto the football field at the age of 31 in Canada, scoring points along the way to his final personal victory. This book contains frank discussions about sex, relationships, love, AIDS, and death, but it is appropriate for all ages.

The Age of the Seventh Sun Trilogy Lani Forbes, 2023-10-10 Rich in imagination and romance and based on the legends and history of the Aztec and Maya people, the Age of the Seventh Sun trilogy brings to vivid life a world on the edge of apocalyptic disaster. The Seventh Sun: Though his royal blood controls the power of the sun, young Prince Ahkin is now responsible for the lives of all the Chicome people. And the sun is fading. Mayana, whose blood controls the power of water, is one of six noble daughters presented to him as a possible wife. Those who are not chosen will be sacrificed to the gods. Mayana and Ahkin feel an immediate connection, but the gods themselves may be against them. The Jade Bones: Cast into the underworld after an act of shattering betrayal, Mayana and Ahkin must overcome unimaginable odds if they are to return home and reclaim the throne of the Chicome. Meanwhile, the new empress has made a dangerous alliance that might destroy everything the princess and prince hold dear. The Obsidian Butterfly: To the Chicome people, an eclipse is a time of terror. When darkness falls, the barrier separating the heavens and the earth becomes unstable. Then come the ravaging Tzitzimime, the star demons who thirst for human blood. As the eclipse nears, many maneuver for power in this deadly game of worlds ending. As for Ahkin and Mayana, the entire empire seems to want to keep them apart. Can their love endure the end of the world?

Hardcore Punk in the Age of Reagan Robert Fitzgerald, 2025-05-27 Few politicians produced the musical reaction that Ronald Reagan did. His California-branded conservatism inspired countless young people to pick up guitars and thrash out their political angst. Punk bands across the United States took aim at the man, his presidency, and the idea of America he was selling to voters.

nationwide Small yet vibrant scenes across the country emerged to challenge the communal norms and social values projected on them by the popular media and consumer culture Punk enthusiast Robert Fitzgerald argues that these songs lyrics aren't just catchy and fun to scream along with they also reveal the thoughts and feelings of artists reacting to their political environment in real forthright and uncensored time In candid detail Fitzgerald shows how these lyrics illustrated what young adults felt and how they reacted to one of the most influential and divisive leaders of the era Punk lyrics are seemingly simple the author argues but they sketch out a complex musically inspired countermovement that is as canonical in the American songbook as the folk and rock protest music that came before **An Age of Crisis** Lester G.
