

A man and a woman are shown in a close, intimate pose. The woman, on the left, has blonde hair and is wearing a black dress. She is looking at the man and gently touching his face with her right hand. The man, on the right, is wearing a grey suit and a dark tie. He is looking directly at the camera with a serious expression. The background is dark and textured.

Translated from the original Latin, etc** Emanuel Swedenborg,1852 *The Ten-foot Chain; or, Can Love Survive the Shackles? A Unique Symposium* Max Brand,Perley Poore Sheehan,Achmed Abdullah,E. K. Means,2022-07-31 In the collaborative narrative of *The Ten foot Chain or Can Love Survive the Shackles A Unique Symposium* Max Brand and his fellow authors Perley Poore Sheehan Achmed Abdullah and E K Means weave an intricate tale exploring the robust nature of love under the strain of extraordinary circumstances The prose steeped in the characteristic styles of early twentieth century storytelling unfolds through a series of poignant vignettes each an author s contemplation on the thematic question posed in the title The literary context of this work is unique as it reflects a symposium of perspectives allowing the reader to probe the depths of human connection and resilience in the face of metaphorical and literal constraints Max Brand the pen name for Frederick Schiller Faust was a prolific writer known for his Westerns and adventure novels The cooperative endeavor to elucidate the tenacity of love within *The Ten foot Chain* may well be influenced by the tumultuous times in which Brand lived including the trials of World War I and the early stages of the Great Depression which could have inspired reflections on the enduring qualities of love and partnership amidst adversity This symposium of tales is recommended for readers who are drawn to meditations on the enduring power of love particularly those with an appreciation for early twentieth century literature This collection offers a rare glimpse into the collective minds of four distinguished authors as they engage with a timeless question using the narrative tools of their era Readers will enjoy delving into the emotional and psychological underpinnings of devotion and the discourse on love s ability to withstand even the most challenging of bonds **The Shakespeare Symphony** Harold Bayley,1906 *Works of Love* Søren Kierkegaard,2013-04-21 The various kinds and conditions of love are a common theme for Kierkegaard beginning with his early *Either Or* through *The Diary of the Seducer* and *Judge William s eulogy on married love* to his last work on the changelessness of God s love *Works of Love* the midpoint in the series is also the monumental high point because of its penetrating illuminating analysis of the forms and sources of love Love as feeling and mood is distinguished from works of love love of the lovable from love of the unlovely preferential love from love as the royal law love as mutual egotism from triangular love and erotic love from self giving love This work is marked by Kierkegaard s Socratic awareness of the reader both as the center of awakened understanding and as the initiator of action Written to be read aloud the book conveys a keenness of thought and an insightful poetic imagination that make such an attentive approach richly rewarding *Works of Love* not only serves as an excellent place to begin exploring the writings of Kierkegaard but also rewards many rereadings *The Love Of Universal Reason* Willeime,2025-08-14 From Plato and Aristotle with their uncaused cause to Immanuel Kant and his so called contradictions of pure Reason mainstream thinking has held that the principle of Reason is limited

Following in the footsteps of Democritus Epicurus Spinoza Einstein this essay on the contrary elevates Reason or universal Causality to the rank of absolute foundation of reality and extends it without limits to the entire cosmos Based on the most recent scientific advances I reformulate the complete explanation for the existence of reality from the origin of the worlds to the most subtle faculties of the human mind Breaking through the metaphysical paradoxes deemed insoluble my thoughts then penetrate the secret cause of all things and revive a thousand year old philosophical current Integral rationalism has almost always frightened human beings At first glance the material world described by science condemns us to perish makes freedom impossible and ignores the meaning of all value Unable to meet the challenge of our condition Plato rejected the philosophers of nature and since then the majority of so called philosophers have followed him taking refuge in various intellectualized forms of spiritualism On the other side others are content with the appearance of things and oscillate between skepticism relativism and fatalism Against these two impasses I set out in search of true wisdom the one that refuses both to flee from reality and to renounce the most precious impulses of my heart Obviously the origin of reality the meaning of life and the torment of death have still not found clear and coherent answers that would completely reconcile us with reality and at the same time convince us of their veracity to the point that they are embraced by all friends of truth Despite a few rare geniuses who once touched upon this ultimate philosophy sublime answers to the great problems of existence have still not been clearly announced Observing this void I set out to find them for myself After long efforts I have now reached a level of coherence that exceeds all my initial hopes I offer you here the chance to discover unsuspected heights
