Ritual Passage, Sacred Journey Richard P. Werbner, 1989 *An Aviation Journey* Peter Marosszéky FRAeS, 2023-07-19 From the end of the nineteenth century to the beginning of the twenty first century

spanning a period of 168 years and growing the world has seen an incredible advancement in technology associated with man's efforts to conquer flight and ultimately space. The first ascent of a hot air balloon powered by a propeller to the latest development in rocketry and the intervening discoveries and developments in between, one has to be in awe of not only what has transpired but also the speed at which these occurred. This book reflects a period of 60 years that the writer has experienced in that time; the changes in technology and the way we have adapted to these changes is inspiring, resulting in a world where the yoke of distance and time has been harnessed. The greatest challenges that now face the aviation world is the ability to teach and understand the new and in some cases the old technologies to the young aviators. Airlines and aircraft operators are faced with a constant challenge of not only obtaining the right people for the myriad of tasks but also to provide them with the appropriate levels of training, regulatory compliance.

Merciful Journey
 Marsden Hordern, 2017-04-20
 In 1939, Marsden Hordern's mother refused to sign the paper allowing her seventeen-year-old son to fight overseas with the Royal Australian Air Force. "I did not rear you to be killed in an aeroplane," she said. "Join the navy." He took her advice and in doing so determined his future. In small patrol boats, Fairmiles, and a Harbour Defence Motor Launch, he patrolled the shores of Japanese-held territory, assisted beleaguered commandos in Timor, and was finally caught up in the drama of collecting Japanese prisoners of war from the islands. *A Merciful Journey* presents a vivid and compelling account of Hordern's life from a happy childhood growing up in Sydney during the Great Depression to his years serving in the Royal Australian Navy from 1942 to 1947. Drawing on the letters and journals he wrote at the time, Hordern engagingly recounts his triumphs and disasters as a naval officer, detailing his rise from a young and callow sub-lieutenant to a lieutenant in command of his own ship. He recalls his hopes and fears and in the face of the horrors of war reveals an appealing enthusiasm for new experiences and a growing love of the sea. *A Merciful Journey* is a delightful memoir of a young man's coming of age in wartime.
