The New Grove Wagner Barry Millington, 2002 Wagner is one of the most controversial of composers and much that has been written about him including his autobiography is misleading Barry Millington draws on the best previous scholarship and his own original research to set the record straight The first part of this book is devoted to biography the second to a detailed study of the operas Millington offers a historical review of the critical interpretation of each opera including a discussion of recent methods of formal analysis In this revised edition two chapters those on Tannhauser and Die Meistersinger include significant new material The bibliography has also been updated **The New Grove Wagner** J. Deathridge, C. Dahlhaus, 1984-08-23 **The New Grove Wagner** John Deathridge, Carl Dahlhaus, 1984 The New Grove Wagner was added to the Composer Biography Series to mark the centenary of Wagner's death The biographical chapters of the book are written by John Deathridge a scholar who has worked on the new Wagner edition and catalogue and whose recent research has met with enthusiastic praise Dr Deathridge has revised the work list and bibliography in light of recent findings For his discussion of Wagner's music and aesthetics much admired when published in The New Grove the renowned scholar Carl Dahlhaus has added a further chapter offering invaluable insights into Wagnerian theories of music and drama
