identities shape and reflect economic and cultural change Mary A Yeager Professor Emerita University of California Los Angeles This is the first book to consider nineteenth century businesswomen from a global perspective moving beyond European and trans Atlantic frameworks to include many other corners of the world The women in these pages who made money and business decisions for themselves rather than as employees ran a wide variety of enterprises from micro businesses in the grey market to large factories with international reach They included publicans and farmers midwives and property developers milliners and plumbers pirates and shopkeepers *Female Entrepreneurs in the Long Nineteenth Century A Global Perspective* rejects the notion that nineteenth century women were restricted to the home Despite a variety of legal and structural restrictions they found ways to make important but largely unrecognised contributions to economies around the world many in business Their impact on the economy and the economy's impact on them challenge gender historians to think more about business and business historians to think more about gender and create a global history that is inclusive of multiple perspectives Chapter one of this book is available open access under a CC BY 4.0 license at link.springer.com

Tompkins, Iroquois Research Institute, 1977 **History of Human Settlements and Urban Design from the Early Ages to the End of the 19th Century** Gideon Golany, 1969 *Kansas Off the Beaten Path*® Patti DeLano, Sarah Smarsh, 2010-06-15 Tired of the same old tourist traps Whether you're a visitor or a local looking for something different let *Kansas Off the Beaten Path* show you the Sunflower State you never knew existed Attend a twine party in Cawker City to make the world's largest ball of twine almost nine tons even larger go on a retreat to the Dominican Sisters Heartland Farm and try your hand at organic gardening and holistic healing and sample some of the twenty eight wines produced at Smoky Hill Vineyards and Winery in Salina So if you've been there done that one too many times get off the main road and venture Off the Beaten Path *Arts in America: Art of the Native Americans, architecture, decorative arts, design, sculptures, art of the West* Bernard Karpel, 1979 *A Black Odyssey* Randall Bennett Woods, 2021-10-08 This book focuses on the career of a single individual an ambitious resourceful black American and his efforts to realize personal fulfillment in a racist world No black American was more determined to realize the promise of American life following the Civil War nor more frustrated by his inability to do so than John Lewis Waller Waller whose first twelve years were spent in slavery overcame his humble beginnings to become a politician lawyer journalist and diplomat Nevertheless his life provides a case study of a middle class black caught between a desire to work within the existing political and economic framework and a need to reject a milieu that was becoming increasingly racist Waller spent his childhood as a slave in Missouri and his adolescence on a farm in Iowa Circumstances and personal ambition combined to allow Waller to acquire a trade barbering and a profession lawyering in the 1870s In 1878 he migrated to frontier Kansas where he practiced law edited a newspaper rose to a position of leadership in the black community and

became an important figure in the state Republican party His political career ended abruptly in 1890 however when the Republicans rejected his bid to be nominated as the party s candidate for state auditor Convinced that his defeat was due to the rising tide of racism throughout the nation he turned his attentions abroad Waller was particularly susceptible to the lure of overseas empire because he had spent much of his adult life in the midst of a community of people who had succumbed to the myth of a promised land who were convinced that the Negro would be best able to realize his potential in economically under developed regions not yet exploited and controlled by the white man In 1891 President Benjamin Harrison appointed Waller United States consul to the east African island of Madagascar By 1894 Waller had obtained a huge land grant there for the founding of a black utopia He hoped to establish a plantation colony that would simultaneously advance his personal fortunes serve as an investment opportunity for aspiring black capitalists and constitute a refuge for oppressed Afro Americans who wished to immigrate He was thwarted once again by racism however this time in the guise of French imperialism Viewing Waller and his plans as a threat to their hegemony in Madagascar French authorities quashed the concession arrested Waller on a charge of being a spy and sentenced him to twenty years in prison There followed a full scale diplomatic confrontation between the United States and France Waller was released after serving ten months in a French prison but only after the Cleveland administration agreed to discredit him to the point where he would seem guilty as charged In his early manhood John Lewis Waller had realized that because he was a Negro personal achievement could not be separated from racial advancement Responding to that perception he spent a lifetime searching for a frontier where blacks could enjoy the blessings of democracy and capitalism and yet be free of the blight of racism Unlike the vast majority of American blacks of his time Waller was able to articulate his dreams have an impact on the larger white dominated environment and realize his individual potential to a remarkable degree Nevertheless his dreams were ultimately dashed by racism His sad but fascinating story deserves the careful attention of all students of politics and race relations during the complex post Civil War year
