Numbers F. B. Huey, 1981 Numbers- Everyman's Bible Commentary Irving Jensen, 1964-06-01 This passage by passage commentary incorporates charts and a simple outline in its exposition of an important Old Testament book The events of Numbers form the story of the Israelites traveling from Mount Sinai to the border of the Promised Land Sometimes called the book of journeyings or the book of murmurings Numbers contains many significant lessons for God's people today Dr Jensen points out many pertinent applications of these lessons in this study as well as explaining the history of the Israelites Its arrangement is commendable it could serve as a marvelous guide for home study of the Bible or for group study The outline before each section is well chosen and interwoven in the body of the material Derward W Deere Golden Gate Baptist Theological Seminary The Message of Numbers Raymond Brown, 2022-02-01 What does it mean to be pilgrims in a confusing world In this BST volume Raymond Brown explores how the book of Numbers offers a picture of a better life He shows how its message is eminently suited to our world today a world without firm spiritual and moral foundations We see how God provides for the basic needs of life to be loved to be free to be certain **Numbers** Martin Noth, 1968 Here the concept of the conquest of the Promised Land is introduced and the first victories of the Israelites take place Toward the end of the book the figures of Balaam and Balak appear At the beginning Israel is depicted as sojourning at Sinai but there is no indication as to how Israel arrived there or as to what happened to her there The Book of Numbers is part of the total narrative of the Pentateuch and must be looked at within that wider framework Presenting a thoroughly rounded introduction to Numbers the author discusses the name and contents of the book its growth and its significance He then proceeds to explore the literary structure content and importance of the entire book *Layman's Bible Commentary Vol. 1* Tremper Longman, 2012-06 Here's an accessible reference that aids personal Bible study or Sunday school preparation the Layman's Bible Commentary reference for the everyday Christian not the scholar Volume 1 covering Genesis through Numbers providing section by section commentary on the flow and theme of each book as well as historical and literary context for each Major interpretations are presented for controversial passages and topics Puzzling passages and Bible practices are explained and charts and diagrams further aid your understanding And Take It Home segments provide a practical application for each passage **The Wiersbe Bible Study Series: Numbers** Warren W. Wiersbe, 2014-02-01 Pursue a Faith That Counts God's people were preparing to enter the Promised Land Yet the book of Numbers holds a big statistic While God longed for millions of Israelites to enter Canaan only two people from an entire generation would arrive there This study of Numbers explores how disobedience holds us back from God's best and encourages us to pursue a life that counts The Wiersbe Bible Study Series delivers practical in depth guides to selected books of the Bible Featuring insights from Dr Warren W Wiersbe's Be Counted commentary this eight week study includes engaging questions and practical applications that will help you connect God's Word with your life Numbers Dennis T. Dennis Cole, 2000 One in an ongoing series of esteemed and popular Bible commentary volumes based on the New International Version text **Leviticus-Numbers** Lloyd R Bailey, 2018-05 The contrast in

appreciation of Leviticus and Numbers by the synagogue on the one hand and by the church on the other is little short of astonishing. The former has considered it crucial to an understanding of God and of the nature of the chosen people Israel. The latter has usually reduced it to allegory or as a mere historical record of Israelite religion. In this new volume of the groundbreaking Smyth Helwys Bible Commentary series, Hebrew Bible scholar Lloyd R. Bailey examines these often overlooked or underappreciated books of Moses in the contexts of both the Jewish and Christian traditions. Written by accomplished scholars with all students of Scripture in mind, this innovative new commentary series is designed to make quality Bible study more accessible. Pastors, professors, and students of Scripture are discovering that this commentary is a wonderful new tool for enhancing interpretation.

Eerdmans Commentary on the Bible: Numbers Philip J. Budd, 2019-06-18. This extract from the Eerdmans Commentary on the Bible provides Budd's introduction to and concise commentary on Numbers. The Eerdmans Commentary on the Bible presents in nontechnical language the best of modern scholarship on each book of the Bible, including the Apocrypha. Reader-friendly commentary complements succinct summaries of each section of the text and will be valuable to scholars, students, and general readers. Rather than attempt a verse-by-verse analysis, these volumes work from larger sense units, highlighting the place of each passage within the overarching biblical story. Commentators focus on the genre of each text: parable, prophetic oracle, legal code, and so on, interpreting within the historical and literary context. The volumes also address major issues within each biblical book, including the range of possible interpretations, and refer readers to the best resources for further discussions.
