Cavafy's Hellenistic Antiquities Takis Kayalis, 2023-12-11 This book reinterprets C P Cavafy's historical and archaeological poetics by correlating his work to major cultural political and sexualized receptions of antiquity that marked the turn of the 20th century Focusing on selected poems which stage readings of Hellenistic and late ancient texts and material objects this study probes the poet's personal library and archive to trace his scholarly sources and scrutinize their contribution to his creative practice A new understanding of Cavafy's historicism emerges by comparing his poetics to a broad array of discourses and intellectual pursuits of his time these range from antiquarianism physiognomy and Egyptomania to cultural appropriations of the classics which sought to legitimate British colonial rule as well as homoerotic desire As this volume demonstrates Cavafy embraced antiquarianism as an empathetic and passionate way of relating to the past and shaped it into a method that allowed his poetry to render modern meanings to Hellenistic antiquities *Socrates*

from Antiquity to the Enlightenment Michael Trapp, 2017-03-02 Socrates son of Sophroniscus of Alopece is arguably the most richly and diversely commemorated and appropriated of all ancient thinkers Already in Antiquity vigorous controversy over his significance and value ensured a wide range of conflicting representations He then became available to the medieval renaissance and modern worlds in a provocative variety of roles as paradigmatic philosopher and representative for good or ill of ancient philosophical culture in general as practitioner of a distinctive philosophical method and a distinctive philosophical lifestyle as the ostensible originator of startling doctrines about politics and sex as martyr the victim of the most extreme of all miscarriages of justice as possessor of an extraordinary and extraordinarily significant physical appearance and as the archetype of the hen pecked intellectual To this day he continues to be the most readily recognized of ancient philosophers as much in popular as in academic culture This volume along with its companion *Socrates in the Nineteenth and Twentieth Centuries* aims to do full justice to the source material philosophical literary artistic political and to the range of interpretative issues it raises It opens with an Introduction surveying ancient accounts of Socrates and discussing the origins and current state of the Socratic question This is followed by three sections covering the Socrates of Antiquity with perspectives forward to later developments especially in drama and the visual arts Socrates from Late Antiquity to medieval times and Socrates in the Renaissance and Enlightenment Among topics singled out for special attention are medieval Arabic and Jewish interest in Socrates and his role in the European Enlightenment as an emblem of moral courage and as the clinching proof of the follies of democracy

Librorum impressorum qui in Museo britannico adservantur catalogus British Museum. Department of Printed Books, 1814 **A catalogue of ... books, formerly the property of ...
