embarrassing to some the book attempts as much humor as possible The chapter titles are creative and there is just the right mix of playfulness mixed in with a topic that is more serious than some tend to realize Overall after a reader has finished this book they should have an understanding of how things we eat and drink get from plates and cups all the way to the toilet We should also understand that what shows up in the toilet after using the restroom can tell all lot about one s health Lastly they will also understand how the toilet and using the rest room is related to weight loss cancer and high cholesterol The Toilet Book s sole purpose is to remove the embarrassment behind discussing words like bowel movement defecation feces poop pee urination 1 and 2 while educating in a fun way at the same time I hope readers will gain insight on their current health behavior and make changes if needed to improve their overall health Keywords Health Nutrition Wellness Fitness Bowel Movement Urination Toilet Weight Loss Food **Revolution of the Soul** Seane Corn,2019-09-03 Celebrated yoga teacher and activist Seane Corn shares pivotal accounts of her life with raw honesty enriched with in depth spiritual teachings to help us heal evolve and change the world My first lessons in spirituality and yoga had nothing to do with a mat but everything to do with waking up They included angels seeing God and being in Heaven But believe me not the way you might think So begins Revolution of the Soul What comes next reads like a riveting memoir filled with uncensored moments of joy pain wonder and humor Except this book is so much more than that Seane s real purpose is to guide us into a deep gut level understanding of our highest Self through yoga philosophy and other tools for emotional healing not just as abstract ideas but as embodied fully felt wisdom Why To spark a revolution of the soul in each of us so we can awaken to our purpose and become true agents of change Just a few of the stops along the way include The everyday angels Seane finds in the gritty corners of New York s 1980s East Village her early struggles as a total yoga class misfit the profound shadow work and body based practices that helped her to heal childhood trauma OCD unhealthy behaviors and relationship wounding hard earned lessons from some of the most heartbreaking places on the planet and many other unforgettable teaching stories
