Place For God:

The Place of God at the Bookends of the Bible David W. Larsen, 2023-10-09 What if everything in the Bible has a larger outer context than is usually accounted for Missional and biblical theologies suggest that the Bible presents a grand story like a play with multiple acts The acts typically include creation fall redemption and finally restoration But what if the whole story itself occurs in another larger setting occurring within a mission running in the background throughout the whole Bible How might this aid our research reading and application And why is this being proposed now This book explores these questions The larger context is the production of the place of God a home and homeland wherein God with his people dwell on earth Since place is underdeveloped in biblical studies the book presents a new method for interpreting place Then the book lays out the case that a grand mission to produce the place of God becomes the outer context for the whole Bible Finally the book defends this proposal with an in depth placial commentary of the bookends of the Bible since these bookends provide keys to unlock this message thereby inviting further study on the rest of the Bible and on the implications for this transformative perspective **The Church** Living Stream Ministry, 1993 **The Most of This Place** Toni S.

Troxell, 2014-12-15 The Most of This Place is a book about the many places one may find themselves Places such as waiting conflict or facing defeat Acts 16 19 40 explains how Paul and Silas made the most of these sometimes uncomfortable places For Paul and Silas their place is prison Their journey from preaching to prison inspires the reader to never give up and to persevere The journey of this book takes you to many places one may find themselves in the course of life No matter where one may find themselves The Most of This Place is a book that is inspiring and practical in its use **The Place of God in Piers Plowman and Medieval Art** Mary Clemente Davlin, 2001 Very few poets except the authors of the Hebrew Scriptures and the New Testament have tried to write in any extended way about God Even Dante confines his vision of Christ and the Trinity to a few passages at the end of Paradiso and most religious lyric poets concentrate more on their own attitudes and reactions to God their prayer longing repentance suffering or joy than on the nature of God Among English poems three narratives Piers Plowman Paradise Lost and Paradise Regained are exceptional in their extensive explicit poetry about god and their direct concern with the mysteries of Biblical faith This work looks at Piers Plowman confronting not only the alterity of culture resulting from a lapse of almost 700 years but also the more profound alterity of the subject matter
