Placemaking For Change:

Placemaking David Higgins, Peter J Larkham, 2024-11-06 Through a series of short sharp chapters *Placemaking People Properties Planning* delivers a cross disciplinary critique of placemaking examining how placemaking occurs the quality of the places produced and the experiences of those living and working in them *Pop-Up Civics in 21st Century America* Ryan Salzman, 2020-12-30 How people associate and engage in politics in the 21st century is notably different from similar behaviors in the 20th century Ryan Salzman examines the political potential of placemaking an increasingly popular set of behaviors that were unfamiliar to the American public until the last two decades Placemaking exemplifies a shift that is occurring in the way Americans participate in their political system and it appears that that participation is increasingly effective in the context of American democracy Informed by interviews surveys and material review Salzman compares the process of placemaking to traditional political and associational behaviors providing evidence that placemaking has tremendous political potential Placemaking is an innovative set of behaviors largely understood to influence economic and community development From painting crosswalks to community gardens Americans are engaging in their communities with real political and civic consequences This text expands our understanding of placemaking updating the way we think about civic and political engagement in the 21st century *Pop Up Civics in 21st Century America* Understanding the Political Potential of Placemaking will be of interest to those who study and research political behavior civil society arts and politics social movements and urban public policy **Community-Built** Katherine Melcher, Barry Stiefel, Kristin Faurest, 2016-11-25 Throughout history and around the world community members have come together to build places be it settlers constructing log cabins in nineteenth century Canada an artist group creating a waterfront gathering place along the Danube in Budapest or residents helping revive small town main streets in the United States What all these projects have in common is that they involve local volunteers in the construction of public and community places they are community built Although much attention has been given to specific community built movements such as public murals and community gardens little has been given to defining community built as a whole This volume provides a preliminary description of community built practices with examples from the disciplines of urban design historic preservation and community art Taken as a whole these community built projects illustrate how the process of local involvement in adapting building and preserving a built environment can strengthen communities and create places that are intimately tied to local needs culture and community The lessons learned from this volume can provide community planners grassroots facilitators and participants with an understanding of what can lead to successful community built art construction preservation and placemaking *The Routledge Handbook of Placemaking* Cara Courage, Tom Borrup, Maria Rosario Jackson, Kylie Legge, Anita Mckeown, Louise Platt, Jason Schupbach, 2020-12-30 This Handbook is the first to explore the emergent field of placemaking in terms of the recent research teaching and learning and practice agenda for the next few years Offering valuable theoretical and practical

insights from the leading scholars and practitioners in the field it provides cutting edge interdisciplinary research on the placemaking sector Placemaking has seen a paradigmatic shift in urban design planning and policy to engage the community voice This Handbook examines the development of placemaking its emerging theories and its future directions The book is structured in seven distinct sections curated by experts in the areas concerned Section One provides a glimpse at the history and key theories of placemaking and its interpretations by different community sectors Section Two studies the transformative potential of placemaking practice through case studies on different places methodologies and theoretical frameworks It also reveals placemaking s potential to nurture a holistic community engagement social justice and human centric urban environments Section Three looks at the politics of placemaking to consider who is included and who is excluded from its practice and if the concept of placemaking needs to be reconstructed Section Four deals with the scales and scopes of art based placemaking moving from the city to the neighborhood and further to the individual practice It juxtaposes the voice of the practitioner and professional alongside that of the researcher and academic Section Five tackles the socio economic and environmental placemaking issues deemed pertinent to emerge more sustainable placemaking practices Section Six emphasizes placemaking s intersection with urban design and planning sectors and includes case studies of generative planning practice The final seventh section draws on the expertise of placemakers researchers and evaluators to present the key questions today new methods and approaches to evaluation of placemaking in related fields and notions for the future of evaluation practices Each section opens with an introduction to help the reader navigate the text This organization of the book considers the sectors that operate alongside the core placemaking practice This seminal Handbook offers a timely contribution and international perspectives for the growing field of placemaking It will be of interest to academics and students of placemaking urban design urban planning and policy architecture geography cultural studies and the arts *Placemaking Fundamentals for the Built Environment* Dominique Hes,Cristina

Hernandez-Santin,2019-11-01 This book is for all those actively working in the built environment It presents the latest theory and practice of engaging with stakeholders to co design develop and manage thriving places It starts from the importance of integrating design of nature into practice built on a foundation of First Nations understanding of place The art of engagement of community government and the development industry is discussed with reference to case studies and best practice techniques The book then focuses on the critical role placemaking has in supporting resilience and adaptability of communities and looks at issues of leadership and governance Building on these steps for placemaking the last parts of the book address economics evaluation digital and art based tools and approaches to support projects that aim to create an engaged contributive collaborative and active citizen *Co-Creative Placekeeping in Los Angeles* Brettany Shannon,David C. Sloane,Anne Bray,2023-12-05 Co Creative Placekeeping in Los Angeles is a novel examination of Los Angeles based socially engaged art SEA practitioners equitable placekeeping efforts A new concept equitable placekeeping describes the

inclination of historically marginalized community members to steward their neighborhood's development improve local amenities engage in social and cultural production and assert a mutual sense of self definition and the efforts of SEA artists to aid them Emerging from in depth interviews with eight Southern California artists and teams Co Creative reveals how artists engage community members sustain relationships and defy the presumption that residents cannot speak for themselves Drawing on these artists and theoretical analysis of their praxes the book explicates equitable community engagement by exploring not just the creative projects but also the underlying phenomena that inspire and sustain them community engagement relationships and defiance What further sets this book apart is how it deviates from the conventional who and what of SEA projects to foreground the how and the why that inspire and necessitate collectively creative action Co Creative is for anyone studying arts based community development and gentrification given it complicates and enriches the current conversation about art's undeniable and increasingly controversial role in neighborhood change It will also be of interest to researchers and students of urban studies
