Steiner, 2015-03-09 The wide ranging story of Mennonite migration theological diversity and interaction with other Christian streams is distilled in this engaging volume which tracks the history of Ontario Mennonites Author Samuel J Steiner writes that Ontario Mennonites and Amish are among the most diverse in the world in their historical migrations and cultural roots in their theological responses to the world around them and in the various ways they have pursued their personal and communal salvation In Search of Promised Lands describes the emergence and evolution of today s 30 plus streams of Ontarians who have identified themselves as Mennonite or Amish from their arrival in Canada to the last decade In Search of Promised Lands also considers how various Mennonite groups have adapted to or resisted evangelical fundamentalism and mainline Protestantism and it identifies the nineteenth and twentieth century shifts toward personal salvation and away from submission to the church community Volume 48 in the Studies in Anabaptist and Mennonite History series Find out more about Ontario Mennonite and Amish history at the author s blog **Rural Women's Health** Beverly Leipert, Belinda Leach, Wilfreda Thurston, 2012-09-17 The well being of rural communities affects the well being of those who reside in towns and cities because of rural urban connections through food drinking water infectious disease extreme environmental events recreation and for many retirement residence In rural areas themselves women play a critical role in the health of their families and communities yet women s health is often marginalized or ignored There have been limited studies to date about rural women and health in Canada Filling an important gap in scholarship this collection identifies priority issues that must be addressed to ensure these women s well being and offers innovative theoretical and methodological ideas for improvement Rural Women s Health integrates perspectives from rural practitioners residents and scholars in a variety of fields including nursing sociology anthropology and geography to tackle issues relevant to diverse settings across the country As such it presents a national perspective on the nature of women s health while respecting internal and regional diversity as

well as viewpoints from international scholarship **Eating Like a Mennonite** Marlene Epp, 2023-09-08 Mennonites are often associated with food both by outsiders and by Mennonites themselves Eating in abundance eating together preserving food and preparing so called traditional foods are just some of the connections mentioned in cookbooks food advertising memoirs and everyday food talk Yet since Mennonites are found around the world from Europe to Canada to Mexico from Paraguay to India to the Democratic Republic of the Congo what can it mean to eat like one In *Eating Like a Mennonite* Marlene Epp finds that the answer depends on the eater on their ancestral history current home gender socio economic position family traditions and personal tastes Originating in central Europe in the sixteenth century Mennonites migrated around the world even as their religious teachings historically emphasized their separateness from others The idea of Mennonite food became a way of maintaining community identity even as unfamiliar environments obliged Mennonites to borrow and learn from their neighbours Looking at Mennonites past and present Epp shows that foodstuffs cuisine and foodways practices depend on historical and cultural context She explores how diets have evolved as a result of migration settlement and mission how food and gender identities relate to both power and fear how cookbooks and recipes are full of social meaning how experiences and memories of food scarcity shape identity and how food is an expression of religious beliefs as a symbol in ritual and in acts of charity From zwieback to tamales and from sauerkraut to spring rolls *Eating Like a Mennonite* reveals food as a complex ingredient in ethnic religious and personal identities with the ability to create both bonds and boundaries between people The Transforming Power of a Century M.
