

Practical Guilt

Moral Dilemmas,
Emotions,
and Social Norms

P. S. Greenspan

Practical Guilt

Peter H.J. Olsthoorn

Practical Guilt:

Practical Guilt Patricia S. Greenspan, 1995 The author uses the treatment of moral dilemmas as the basis for an alternative view of the structure of ethics and its relation to human psychology In its treatment of the role of emotion in ethics the argument of the book outlines a new way of packing motivational force into moral meaning that allows for a socially based version of moral realism **Moral Contexts** Margaret Urban Walker, 2003 To be truly reflective moral thinking and moral philosophy must become aware of the contexts that bind our thinking about how to live These essays show how to do this and why it makes a difference Visit our website for sample chapters **Moral Dilemmas and Moral Theory** H. E. Mason, 1996-07-11 Do moral dilemmas truly exist What counts as a moral dilemma Can an adequate moral theory admit the possibility of genuine conflicts of moral obligations In this book twelve prominent moral theorists examine these and other questions from a wide variety of philosophical perspectives Concerned throughout with the implications of moral dilemmas for moral theory this collection of essays captures in striking fashion the full scope and vitality of the current moral dilemmas debate Including both realist and anti realist meta ethical positions and Kantian and consequentialist normative views **Moral Dilemmas and Moral Theory** sheds new light on several standing controversies in moral philosophy while raising a fresh set of challenging issues Contributors include Simon Blackburn Ruth Barcan Marcus Alan Donagan Terrance McConnell Walter Sinnott Armstrong Mary Mothersill Norman Dahl David Brink Peter Railton Thomas E Hill Jr Christopher Gowans and H E Mason **Remorse** Anthony Bash, 2020-10-02 Though the Christian church has a well developed theology of Godward facing remorse about sin it has paid little attention to the interpersonal implications of the remorse that people feel when they wrong one another Since the nineteenth century important work has been done by psychologists anthropologists philosophers ethicists scientists and lawyers that has implications for the way theologians might think about remorse This book draws on the biblical record in its ancient settings as well as on insights from contemporary scholarship to offer a new and distinctively Christian contribution to an understanding of remorse

Understanding OCD Leslie J. Shapiro, 2015-03-10 One of the most experienced therapists in the world for treatment resistant obsessive compulsive disorder OCD explains the disorder the treatments available and the skills needed to overcome and outsmart OCD This is an eye opening study of one of the most common psychiatric ailments diagnosed today obsessive compulsive disorder OCD Written by Leslie J Shapiro a renowned therapist at one of the most well known OCD facilities in the world this reference shares effective treatment strategies and clinical factors for helping therapists mental health professionals psychology students clergy and others deal with patients coping with this illness The author offers case examples from her 15 years of residential work with patients demonstrating how sufferers even the most treatment resistant can get control of the condition Organized into three sections this guidebook first reveals how OCD and guilt are intertwined and explores survival instincts cultural factors and the nature of thoughts The second section covers aspects of the obsessive

conscience such as scrupulosity moralosity and obsessive guilt The book s conclusion describes effective exposure and response prevention strategies for these symptoms and examines methods of treatment that augment and help maintain recovery An in depth discussion on the differences between compulsive and impulsive behaviors as well as other treatment impediments is included

Healing the Legacy of Family Pain Jose Philip Braun, Military Ethics and Leadership Peter H.J. Olsthoorn, 2017-04-18 Most books and articles still treat leadership and ethics as related though separate phenomena This edited volume is an exception to that rule and explicitly treats leadership and ethics as a single domain Clearly ethics is an aspect of leadership and not a distinct approach that exists alongside other approaches to leadership This holds especially true for the military as it is one of the few organizations that can legitimately use violence Military leaders have to deal with personnel who have either used or experienced violence This intertwining of leadership and violence separates military leadership from leadership in other professions Even in a time that leadership is increasingly questioned it is still good leadership that keeps soldiers from crossing the thin line between legitimate force and excessive violence

On Evil Adam Morton, 2004 Evil has long fascinated psychologists philosophers novelists and playwrights but remains an incredibly difficult concept to talk about On Evil is a compelling and at times disturbing tour of the many faces of evil What is evil and what makes people do awful things If we can explain evil do we explain it away Can we imagine the mind of a serial killer or does such evil defy description Does evil depend on a contrast with good as religion tells us or can there be evil for evil s sake Adam Morton argues that any account of evil must help us understand three things why evil occurs why evil often arises out of banal or everyday situations and how we can be seen as evil Drawing on fascinating examples as diverse as Augustine Buffy the Vampire Slayer psychological studies of deviant behaviour and profiles of serial killers Adam Morton argues that evil occurs when internal mental barriers against it simply break down He also introduces us to some nightmare people such as Adolf Eichmann and Hannibal Lecter reminding us that understanding their actions as humans brings us closer to understanding evil Exciting and thought provoking On Evil is essential reading for anyone interested in a topic that attracts and repels us in equal measure

The Spirit of Liberation Tae Wha Yoo, 2019-12-30 With this study on Moltmann s pneumatology the author recently obtained the doctor s degree from the Faculty of Theology of the Free University in Amsterdam First of all the book provides us with a thorough evaluation of the role the Holy Spirit plays in the theology of J rgen Moltmann in its subsequent phases The author s conclusion is that despite all differences there is one constant factor the Spirit is always connected with freedom The Holy Spirit according to Moltmann is a liberating power Because the author is eager to place Moltmann s pneumatology repeatedly in the context of his theology as a whole and of its developments this book offers and that is a second quality an outstanding insight in the whole of Moltmann s theology and its development throughout the years

Ethics of Theism Alexander Leitch, 1868 **Modality, Morality and Belief** Walter Sinnott-Armstrong, Diana Raffman, Nicholas Asher, 1995-01-27 Modality morality and belief are among the most controversial

topics in philosophy today and few philosophers have shaped these debates as deeply as Ruth Barcan Marcus Inspired by her work a distinguished group of philosophers explore these issues refine and sharpen arguments and develop new positions on such topics as possible worlds moral dilemmas essentialism and the explanation of actions by beliefs This state of the art collection honors one of the most rigorous and iconoclastic of philosophical pioneers **Experiences of Depression**

Matthew Ratcliffe,2014-12-04 Experiences of Depression is a philosophical exploration of what it is like to be depressed In this important new book Matthew Ratcliffe develops a detailed account of depression experiences by drawing on work in phenomenology philosophy of mind and several other disciplines In so doing he makes clear how phenomenological research can contribute to psychiatry by helping us to better understand patients experiences as well as informing classification diagnosis and treatment Throughout the book Ratcliffe also emphasizes the relevance of depression to philosophical enquiry He proposes that by reflecting on how experiences of depression differ from healthy forms of experience we can refine our understanding of both Hence phenomenological research of this kind has much wider applicability He further shows how the study of depression experiences can inform philosophical approaches to a range of topics including interpersonal understanding and empathy free will the experience of time the nature of emotion and feeling what it is to believe something and what it is to hope This book will be of interest to anyone seeking to understand and relate to experiences of depression including philosophers psychiatrists clinical psychologists therapists and those who have been directly or indirectly affected by depression **Oxford Studies in Metaethics Volume 18** Russ Shafer-Landau,2023-07-04 Oxford Studies in Metaethics

is the only publication devoted exclusively to original philosophical work in the foundations of ethics It provides an annual selection of much of the best new scholarship being done in the field Its broad purview includes work being done at the intersections of ethical theory with metaphysics epistemology philosophy of language and philosophy of mind The essays included in the series provide an excellent basis for understanding recent developments in the field those who would like to acquaint themselves with the current state of play in metaethics would do well to start here **Law and the Limits of**

Government Frank Fagan,2013-01-01 Law and the Limits of Government by Frank Fagan is a creative and enormously useful book for any scholar of legislation timing rules and politics Jacob Gersen Harvard Law School US Why do legislatures pass laws that automatically expire Why are so many tax cuts sunset In this first book length treatment of those questions the author explains that legislatures pass laws temporarily in order to reduce opposition from the citizenry to increase the level of information revealed by lobbies and to externalize the political costs of changing the tax code on to future legislatures This book provides a careful analysis which does not normatively prescribe either permanent or temporary legislation in every instance but rather specifies the conditions for which either permanent or temporary legislation would maximize social welfare Containing comprehensive theoretical normative and empirical analysis of temporary lawmaking Law and the Limits of Government will appeal to academics in law economic and political science lawmakers and policy advocates **Jürgen**

Moltmann and Evangelical Theology Sung Wook Chung, 2012-04-23 Jürgen Moltmann is now regarded as one of the most influential theologians since Karl Barth. However, evangelical engagement with Moltmann has been hesitant and deficient. This book fills the gap. Ten respected evangelical theologians engage with Moltmann's theology in a mature, dynamic and critical manner, seeking to appropriate from it in a discerning manner. The contributors include Sung Wook Chung, Kurt Anders, Richardson Veli, Matti Karkainen, Stephen N. Williams, and Timothy Bradshaw. This book is an excellent demonstration of intellectual confidence and respectability of robust evangelical theology. [The Origins Of Love And Hate](#) Ian D Suttie, 2014-06-23 First published in 1999, the author presents a passionate argument for a therapeutic practice based on the physician's love for the deeply deprived patient. Ian Suttie, a psychiatrist of the Tavistock clinic in the 1930s, advocates a more optimistic view of human nature than traditional Freudian psychology. Hadfield describes the importance of this title by stating that where the reader does not agree with the author, they will nevertheless have their own thoughts stimulated and their own views clarified. **The SAGE Encyclopedia of Lifespan Human Development** Marc H. Bornstein, 2018-01-15 Lifespan human development is the study of all aspects of biological, physical, cognitive, socioemotional, and contextual development from conception to the end of life. In more than 800 signed articles by experts from a wide diversity of fields, this volume explores all individual and situational factors related to human development across the lifespan. The Encyclopedia promises to be an authoritative discipline-defining work for students and researchers seeking to become familiar with various theories and empirical findings about human development broadly construed. Some of the broad thematic areas will include Adolescence and Emerging Adulthood, Aging, Behavioral and Developmental Disorders, Cognitive Development, Community and Culture, Early and Middle Childhood, Education through the Lifespan, Genetics and Biology, Gender and Sexuality, Life Events, Mental Health through the Lifespan, Research Methods in Lifespan Development, Speech and Language Across the Lifespan, Theories and Models of Development. Featuring signed articles by experts from the fields of child development, psychology, neuroscience, behavior analysis, education, sociology, and more, this five-volume encyclopedia promises to be an authoritative discipline-defining work for students and researchers seeking to become familiar with the various approaches to and theories of human development as well as past and current research. **Ethical Health** Joel Marks, 2025-01-23 This book argues that moralism is a troublesome emotion of the sort one might seek help with from a psychotherapist. Its focus is on how to disabuse ourselves of the illusion that our values are objective as well as how to manage the manifestations of its residual presence. This thesis may seem odd at first blush because morality is commonly conceived as an antidote to our baser impulses. Desire makes us want to do something, but the voice of conscience urges us not to. If morality is conceived as a myth, as the author contends, then how shall we conduct our lives? The form of abolitionism put forward by the author goes beyond proposing the mere elimination of moral beliefs, attitudes, vocabulary, and institutions to encouraging their replacement by the rational vetting of our desires. He suggests that moralism, conceived as being motivated by belief in

objective values be treated similarly to or even as an emotional problem akin to or perhaps even identical to the sort addressed by anger management programs in psychotherapy By exposing our beliefs and desires to rational scrutiny we can achieve our rational goals without the adverse side effects engendered by a fictitious moral overlay Ethical Health will principally appeal to scholars and students working in meta ethics and moral psychology and will also be of interest to clinical practitioners and inquiring laypersons

Oxford Studies in Metaethics Russ Shafer-Landau, 2009-06-25 Oxford Studies in Metaethics is the only publication devoted exclusively to original philosophical work in the foundations of ethics It provides an annual selection of much of the best new scholarship being done in the field Its broad purview includes work being done at the intersection of ethical theory and metaphysics epistemology philosophy of language and philosophy of mind The essays included in the series provide an excellent basis for understanding recent developments in the field those who would like to acquaint themselves with the current state of play in metaethics would do well to start here

Autobiographical and Social Essays Rudolf Otto, 1996 This collection of essays introduced selected and translated by Gregory D Alles aims to broaden the image of Otto available to English readers It presents previously untranslated writings of Otto the politician social commentator and churchman Also included are Otto s autobiographical reflections and a sampling from his late essays on ethics In an informative introduction Gregory D Alles outlines the discussions that Otto s ideas have evoked and traces the impact of Otto s thought on theology and the academic study of religions He also examines criticisms of Otto s ideas and makes suggestions for future research

This is likewise one of the factors by obtaining the soft documents of this **Practical Guilt** by online. You might not require more era to spend to go to the books foundation as capably as search for them.
