Southern Writers Joseph M. Flora, Amber Vogel, 2006-06-21 This new edition of Southern Writers assumes its distinguished predecessor's place as the essential reference on literary artists of the American South. Broadly expanded and thoroughly revised, it boasts 604 entries, nearly double the earlier edition's, written by 264 scholars. For every figure, major and minor, from the venerable and canonical to the fresh and innovative, a biographical sketch and chronological list of published works provide comprehensive, concise, up-to-date information. Here, in one convenient source, are the South's novelists and short story writers, poets and dramatists, memoirists and essayists, journalists, scholars, and biographers from the colonial period to the twenty-first century. What constitutes a southern writer is always a matter for debate. Editors Joseph M. Flora and Amber Vogel have used a generous definition that turns on having a significant connection to the region in either a personal or literary sense. New to this volume are younger writers who have emerged in the quarter century since the dictionary's original publication, as well as older talents previously unknown or unacknowledged. For almost every writer found in the previous edition, a new biography has been commissioned. Drawn from the very best minds on southern literature and covering the full spectrum of its practitioners, *Southern Writers* is an indispensable reference book for anyone intrigued by the subject.

Enszer, Elena Gross, 2022-03-18 Running from 1990 to 1999, the annual OutWrite conference played a pivotal role in shaping LGBTQ literary culture in the United States and its emerging canon. Delany, could mingle, network, and flirt with a new generation of emerging queer writers like Tony Kushner, Alison Bechdel, and Sarah Schulman. This collection gives readers a taste of this fabulous moment in LGBTQ literary history with twenty-seven of the most memorable speeches from the OutWrite conference, including both keynote addresses and panel presentations. These talks are drawn from a diverse array of contributors, including Allen Ginsberg, Judy Grahn, Essex Hemphill, Patrick Califia, Dorothy Allison, Allan Gurganus, Chrystos, John Preston, Linda Villarosa, Edmund White, and many more. OutWrite offers readers a front-row seat to the passionate debates, nascent identity politics, and provocative ideas that helped animate queer intellectual and literary culture in the 1990s. Covering everything from racial representation to sexual politics, the still-relevant topics in these talks are sure to strike a chord with today's readers.

Thomas Inge,2014-02-01 Offering a comprehensive

view of the South's literary landscape past and present this volume of The New Encyclopedia of Southern Culture celebrates the region's ever flourishing literary culture and recognizes the ongoing evolution of the southern literary canon As new writers draw upon and reshape previous traditions southern literature has broadened and deepened its connections not just to the American literary mainstream but also to world literatures a development thoughtfully explored in the essays here Greatly expanding the content of the literature section in the original Encyclopedia this volume includes 31 thematic essays addressing major genres of literature theoretical categories such as regionalism the southern gothic and agrarianism and themes in southern writing such as food religion and sexuality Most striking is the fivefold increase in the number of biographical entries which introduce southern novelists playwrights poets and critics Special attention is given to contemporary writers and other individuals who have not been widely covered in previous scholarship Vale of Humility George Hovis, 2007 This is an inviting look at the influence of the yeoman's small farm on six modern southern writers In a deft analysis of works by Doris Betts Reynolds Price Fred Chappell Lee Smith Clyde Edgerton and Randall Kenan Vale of Humility explores the lives of the plain folk white and black who populate the worlds of contemporary North Carolina fiction Hovis explains that a wealthy planter elite was significantly less prominent in North Carolina than in neighboring regions and as such the state's plain folk did not develop a class identity based as deeply in relation to a superior planter class Instead the identification of the yeoman's small farm rather than the plantation as necessary to the ideal life has been a distinguishing feature of the state's literature In this first full length study of North Carolina's contemporary fiction Hovis examines the work of six representative writers from the state's three geographic regions Lee Smith and Fred Chappell from the mountains Doris Betts and Clyde Edgerton from the Piedmont and Reynolds Price and Randall Kenan from the coastal plain The work of these six writers is explored within the broader southern literary tradition with attention to how they have revised such modes as pastoral family saga and southwestern humor in order to portray their own regional experiences Although these writers celebrate the egalitarianism at the heart of the yeoman ideal they also expose the forms of racism sexism and classism that have also marked the state's history
