Practically Religious Worldly Benefits And The Common Religion Of Japan

Erica Baffelli, Ian Reader

Practically Religious Worldly Benefits And The Common Religion Of Japan:

Practically Religious Ian Reader, George J. Tanabe (Jr.), 1998 Praying for practical benefits is a common religious activity in Japan Basing their work on a fusion of textual ethnographic historical and contemporary studies the authors of this volume demonstrate that far from being marginal the concepts and practices surrounding genze riyaku lie at the very heart of the Japanese religious world

Practically Religious Ian Reader, George J. Tanabe, Jr., 1998-10-01 Praying for practical benefits genze riyaku is a common religious activity in Japan Despite its widespread nature and the vast numbers of people who pray and purchase amulets and talismans for everything from traffic safety and education success to business prosperity and protection from disease the practice has been virtually ignored in academic studies or relegated to the margins as a uh_product of superstition or an aberration from the true dynamics of religion Basing their work on a fusion of textual ethnographic historical and contemporary studies the authors of this volume demonstrate the fallacy of such views showing that far from being marginal the concepts and practices surrounding genze riyaku lie at the very heart of the Japanese religious world They thrive not only as popular religious expression but are supported by the doctrinal structures of most Buddhist sects are ordained in religious scriptures and are promoted by monastic training centers shrines and temples Benefits are both sought and bought and the authors discuss the economic and commercial aspects of how and why institutions promote practical benefits They draw attention to the dynamism and flexibility in the religious marketplace where new products are offered in response to changing needs Intertwined in these economic activities and motivations are the truth claims that underpin and justify the promotion and practice of benefits The authors also examine the business of guidebooks which combine travel information with religious advice including humorous and distinctive forms of prayer for the protection against embarrassing physical problems and sexual diseases Written in a direct and engaging style Practically Religious will appeal to a wide range of readers and will be especially valuable to those interested in religion anthropology Buddhist studies sociology and Japanese studies

Japanese Temple Buddhism Stephen Covell, 2005-09-30 There have been many studies that focus on aspects of the history of Japanese Buddhism Until now none have addressed important questions of organization and practice in contemporary Buddhism questions such as how Japanese Buddhism came to be seen as a religion of funeral practices how Buddhist institutions envision the role of the laity and how a married clergy has affected life at temples and the image of priests This volume is the first to address fully contemporary Buddhist life and institutions topics often overlooked in the conflict between the rhetoric of renunciation and the practices of clerical marriage and householding that characterize much of Buddhism in today s Japan Informed by years of field research and his own experiences training to be a Tendai priest Stephen Covell skillfully refutes this corruption paradigm while revealing the many often contradictory facets of contemporary institutional Buddhism or as Covell terms it Temple Buddhism Covell significantly broadens the scope of inquiry to include how Buddhism is approached by both laity and clerics when he takes into account temple families

community involvement and the commodification of practice He considers law and tax issues temple strikes and the politics of temple boards of directors to shed light on how temples are run and viewed by their inhabitants supporters and society in general In doing so he uncovers the economic realities that shape ritual practices and shows how mundane factors such as taxes influence the debate over temple Buddhism s role in contemporary Japanese society In addition through interviews and analyses of sectarian literature and recent scholarship on gender and Buddhism he provides a detailed look at priests wives who have become indispensable in the management of temple affairs *Mapping the Academic Debate* Johannes

Duschka,Christoph Kleine,Monika Wohlrab-Sahr,Florian Zemmin,2024-12-16 This volume maps the international academic debate on secularity It places seminal contributions from within Western academia alongside less well known texts from various parts of the world in several cases this is the first time that they have been translated into English The volume demonstrates that the academic debate on secularity was and is a global debate with contributions from many regions The collected texts relate to each other either directly or indirectly by referring to similar arguments whether reinforcing or criticising them and thus create a discourse When speaking of global secularity we therefore do not insinuate a uniform world secularity resulting from the alleged global diffusion of Western norms ideas and concepts It is rather a web of relations that is constituted via various different references These references are not evenly distributed the development in the West is often the point of reference to which positions from other regions relate to which they connect or from which they distance themselves But the references are not completely unidirectional We also present texts from Europe that underline the multidirectionality of the process even early on Thereby the volume offers the reader the material with which to trace these global exchanges and references *Dynamism and the Ageing of a Japanese 'New' Religion* Erica Baffelli,Ian

Reader,2018-12-13 This book is available as open access through the Bloomsbury Open programme and is available on www.bloomsburycollections.com This book examines the trajectory and development of the Japanese religious movement Agonshu and its charismatic founder Kiriya Seiyu Based on field research spanning 30 years it examines Agonshu from when it first captured attention in the 1980s with its spectacular rituals and use of media technologies through its period of stagnation to its response to the death of its founder in 2016 The authors discuss the significance of charismatic leadership the democratisation of practice and the demands made by movements such as Agonshu on members while examining how the movement became increasingly focused on revisionist nationalism and issues of Japanese identity In examining the dilemma that religions commonly face on the deaths of charismatic founders Erica Baffelli and Ian Reader look at Agonshu s response to Kiriya s death looking at how and why it has transformed a human founder into a figure of worship By examining Agonshu in the wider context the authors critically examine the concept of new religions They draw attention to the importance of understanding the trajectories of new religions and how they can become old even within their first generation

Religion and Psychotherapy in Modern Japan Christopher Harding,Iwata Fumiaki,Yoshinaga Shin'ichi,2014-09-15

Since the late nineteenth century religious ideas and practices in Japan have become increasingly intertwined with those associated with mental health and healing. This relationship developed against the backdrop of a far broader and deeply consequential meeting between Japan's long standing Chinese influenced intellectual and institutional forms and the politics, science, philosophy and religion of the post Enlightenment West. In striving to craft a modern society and culture that could exist on terms with rather than be subsumed by western power and influence, Japan became home to a religion/psy dialogue informed by pressing political priorities and rapidly shifting cultural concerns. This book provides a historically contextualized introduction to the dialogue between religion and psychotherapy in modern Japan. In doing so it draws out connections between developments in medicine, government policy, Japanese religion and spirituality, social and cultural criticism, regional dynamics and gender relations. The chapters all focus on the meeting and intermingling of religious with psychotherapeutic ideas and draw on a wide range of case studies including how temple and shrine cures of early modern Japan fared in the light of German neuropsychiatry, how Japanese Buddhist theories of mind/body and self cultivation negotiated with the findings of western medicine, how Buddhists, Christians and other organizations and groups drew and redrew the lines between religious praxis and psychological healing, how major European therapies such as Freud's fed into self consciously Japanese analyses of and treatments for the ills of the age and how distress, suffering and individuality came to be reinterpreted across the twentieth and early twenty first centuries, from the southern islands of Okinawa to the devastated northern neighbourhoods of the Tohoku region after the earthquake tsunami and nuclear disasters of March 2011. *Religion and Psychotherapy in Modern Japan* will be welcomed by students and scholars working across a broad range of subjects including Japanese culture and society, religious studies, psychology and psychotherapy, mental health and international history.

The Bloomsbury Handbook of Japanese Religions Erica Baffelli, Andrea Castiglioni, Fabio Rambelli, 2021-03-25. Providing an overview of current cutting edge research in the field of Japanese religions, this Handbook is the most up to date guide to contemporary scholarship in the field. As well as charting innovative research taking place, this book also points to new directions for future research covering both the modern and pre modern periods. Edited by Erica Baffelli, Andrea Castiglioni and Fabio Rambelli, *The Bloomsbury Handbook of Japanese Religions* includes essays by international scholars from the USA, Europe, Japan and New Zealand. Topics and themes include gender, politics, the arts, economy, media, globalization and colonialism. *The Bloomsbury Handbook of Japanese Religions* is an essential reference point for upper level students and scholars of Japanese religions as well as Japanese Studies more broadly.

Spirits and Animism in Contemporary Japan Fabio Rambelli, 2019-05-23. This book draws attention to a striking aspect of contemporary Japanese culture: the prevalence of discussions and representations of spirits (tama or tamashii). Ancestor cults have played a central role in Japanese culture and religion for many centuries; in recent decades however other phenomena have expanded and diversified the realm of Japanese animism. For example, many manga, anime, TV shows, literature and art works deal with

spirits ghosts or with an invisible dimension of reality International contributors ask to what extent these are cultural forms created by the media for consumption rather than manifestations of traditional ancestral spirituality in their adaptations to contemporary society *Spirits and Animism in Contemporary Japan* considers the modes of representations and the possible cultural meanings of spirits as well as the metaphysical implications of contemporary Japanese ideas about spirits The chapters offer analyses of specific cases of animistic attitudes in which the presence of spirits and spiritual forces is alleged and attempt to trace cultural genealogies of those attitudes In particular they present various modes of representation of spirits in contemporary art architecture visual culture cinema literature diffuse spirituality while at the same time addressing their underlying intellectual and religious assumptions *Toward a Sociological Theory of Religion and Health* Anthony Blasi, 2011-07-12 This book seeks to involve recognized researchers in the social scientific study of health medicine and religion which has burgeoned across the past twenty years toward more general theoretical development within the field particularly with respect to the elderly and disadvantaged *Handbook of Contemporary Japanese Religions*, 2012-09-03 Representing work by some of the leading scholars in the field the chapters of this handbook survey the transformation and innovation of religious traditions and practices in contemporary Japan Readers will find lively scholarly studies about changes in the traditional institutions of Buddhism and Shinto vivid examples of social activism as well as the so called new religions examination of the relationship between religion and the state and analysis of the religiosity of individuals encompassed by spirituality pilgrimage and tourism and the marketing of religions This groundbreaking collection of scholarly papers helps to map out the fascinating complexity and dynamism of religion in contemporary Japanese society and culture *Handbook of New Age* James Lewis, Daren Kemp, 2007-05-30 The *Handbook of New Age* is a comprehensive survey of alternative spiritualities their history their global impact their cultural influence and how they are understood by scholars Chapters by many of the leading scholars of the movement give the latest analysis of contemporary spiritual trends and present up to date observations of the interaction between the New Age movement and many different fields of knowledge and research *Religion and National Identity in the Japanese Context* Hiroshi Kubota, Klaus J. Antoni, Johann Nawrocki, Michael Wachutka, 2002 This book focuses upon the relationship between religion and socio cultural or socio political aspects in the history of religions in Japan Religious and ideological justifications in the course of forming a political and national identity and the mutual relation between political national and cultural issues can be noticed in every region of the world before the onset of secularization processes but also in modern nation states today In Japan as well just like in most modern societies political cultural and religious elements are closely interrelated In a comparative approach the sixteen papers in this volume elucidate the intellectual undercurrent in Japanese history of putting positive perspectives on national achievements and cultural religious uniqueness into service of establishing and refurbishing a national identity *Routledge Handbook of Modern Japanese History* Sven Saaler, Christopher W. A. Szpilman, 2017-10-16 The *Routledge Handbook of*

Modern Japanese History is a concise overview of modern Japanese history from the middle of the nineteenth century until the end of the twentieth century. Written by a group of international historians, each an authority in his or her field, the book covers modern Japanese history in an accessible yet comprehensive manner. The subjects featured in the book range from the development of the political system and matters of international relations to social and economic history and gender issues to post-war discussions about modern Japan's historical trajectory and its wartime past. Divided into thematic parts, the sections include Nation, empire and borders; Ideologies and the political system; Economy and society; Historical legacies and memory. Each chapter outlines important historiographical debates and controversies, summarizes the latest developments in the field, and identifies research topics that have not yet received sufficient scholarly attention. As such, the book will be useful to students and scholars of Japanese history, Asian history, and Asian Studies.

Making Pilgrimages Ian Reader, 2005-01-01

This study involves a fourteen hundred kilometer long pilgrimage around Japan's fourth largest island, Shikoku. In traveling the circuit of the eighty-eight Buddhist temples that make up the route, pilgrims make their journey together with Kobo Daishi 774-835, the holy miracle-working figure who is at the heart of the pilgrimage. Once seen as a marginal practice, recent media portrayal of the pilgrimage as a symbol of Japanese cultural heritage has greatly increased the number of participants, both Japanese and foreign. In this absorbing look at the nature of the pilgrimage, Ian Reader examines contemporary practices and beliefs in the context of historical development, taking into account theoretical considerations of pilgrimage as a mode of activity and revealing how pilgrimages such as Shikoku may change in nature over the centuries. This rich ethnographic work covers a wide range of pilgrimage activity and behavior, drawing on accounts of pilgrims traveling by traditional means on foot as well as those taking advantage of the new package bus tours, and exploring the pilgrimage's role in the everyday lives of participants and the people of Shikoku alike that have shaped it in the past and in the present, including history and legend, the island's landscape and residents, the narratives and actions of the pilgrims and the priests who run the temples, regional authorities, and commercial tour operators and bus companies.

The Category of 'Religion' in Contemporary Japan

Mitsutoshi Horii, 2018-04-17 This book critically examines the term *shinkyō* as a social category within the sociological context of contemporary Japan. Whereas the nineteenth-century construction of *shinkyō* has been critically studied by many, the same critical approach has not been extended to the contemporary context of the Japanese language discourse on *shinkyō* and Temple Buddhism. This work aims to unveil the norms and imperatives which govern the utilization of the term *shinkyō* in the specific context of modern-day Japan, with a particular focus upon Temple Buddhism. The author draws on a number of popular publications in Japanese, many of which have been written by Buddhist priests. In addition, the book offers rich interview material from conversations with Buddhist priests. Readers will gain insights into the critical deconstruction, the historicization, and the study of social classification system of religion in terms of its cross-cultural application to the contemporary Japanese context. The book will be of interest to students and scholars across a range of disciplines, including

Japanese Studies Buddhism Religious Studies Social Anthropology and Sociology A History of Japan Conrad Totman, 2014-09-11 This is an updated edition of Conrad Totman's authoritative history of Japan from c 8000 BC to the present day. The first edition was widely praised for combining sophistication and accessibility. Covers a wide range of subjects including geology, climate, agriculture, government and politics, culture, literature, media, foreign relations, imperialism and industrialism. Updated to include an epilogue on Japan today and tomorrow. Now includes more on women in history and more on international relations. Bibliographical listings have been updated and enlarged. Part of The Blackwell History of the World Series. The goal of this ambitious series is to provide an accessible source of knowledge about the entire human past for every curious person in every part of the world. It will comprise some two dozen volumes of which some provide synoptic views of the history of particular regions while others consider the world as a whole during a particular period of time. The volumes are narrative in form, giving balanced attention to social and cultural history in the broadest sense as well as to institutional development and political change. Each provides a systematic account of a very large subject but they are also both imaginative and interpretative. The Series is intended to be accessible to the widest possible readership and the accessibility of its volumes is matched by the style of presentation and production.

Religions in the Modern World Christopher Partridge, Linda Woodhead, Hiroko Kawanami, 2003-09-02 This comprehensive guide offers an unrivalled introduction to recent work in the study of religion from the religious traditions of Asia and the West to new forms of religion and spirituality such as New Age. With an historical introduction to each religion and detailed analysis of its place in the modern world, *Religions in the Modern World* is ideal for newcomers to the study of religion. It incorporates case studies and anecdotes, text extracts, chapter menus and end of chapter summaries, glossaries and annotated further reading sections. Topics covered include religion, colonialism and postcolonialism, religious nationalism, women and religion, religion and globalization, religion and authority, the rise of new spiritualities.

Modern Japan, Student Economy Edition Mikiso Hane, 2018-04-27 This book presents the essential facts of modern Japanese history. It covers a variety of important developments through the 1990s, giving special consideration to how traditional Japanese modes of thought and behavior have affected the recent developments.

Japanese Tree Burial Sébastien Penmellen Boret, 2014-02-18 Tree burial, a new form of disposal for the cremated remains of the dead, was created in 1999 by Chisaka Genpo, the head priest of a Zen Buddhist temple in northern Japan. Instead of a conventional family gravestone perpetuating the continuity of a household and its identity, tree burial uses vast woodlands as cemeteries, with each burial spot marked by a tree and a small wooden tablet inscribed with the name of the deceased. Tree burial is gaining popularity and is a highly effective means of promoting the rehabilitation of Japanese forestland critically damaged by post-war government mismanagement. This book, based on extensive original research, explores the phenomenon of tree burial, tracing its development, discussing the factors which motivate Japanese people to choose tree burial, and examining the impact of tree burial on traditional views of death.

memorialisation and the afterlife The author argues that non traditional non ancestral modes of burial have become a means of negotiating new social orders and that this symbiosis of environmentalism and memorialisation corroborates the idea that graveyards are not only places for the containment of human remains and the memorialisation of the dead but spaces where people re construct challenge and find new senses of belonging to the wider society in which they live Throughout the book demonstrates how the new practice fits with developing ideas of ecology with the individual s corporality nourishing the earth and thus re entering the cycle of life in nature

Buddhist Tourism in Asia Courtney Bruntz, Brooke

Schedneck, 2020-03-31 This innovative collaborative work the first to focus on Buddhist tourism explores how Buddhists government organizations business corporations and individuals in Asia participate in re imaginings of Buddhism through tourism Contributors from religious studies anthropology and art history examine sacred places and religious monuments as they have been shaped and reshaped by socioeconomic and cultural trends in the region Following an introduction that offers the first theoretical understanding of tourism from a Buddhist studies perspective early chapters discuss the ways Buddhists and non Buddhists imagine concepts and places related to the religion Case studies highlight Buddhist peace in India Buddhist heavens and hells in Singapore Thai temple space and the future Buddha Maitreya in China Buddhist tourism s connections to the state market and new technologies are explored in chapters on Indian package tours for pilgrims thematic Buddhist tourism in Cambodia the technological innovations of Buddhist temples in China and the promotion of pilgrimage sites in Japan Contributors then situate the financial concerns of Chinese temples speed dating in temples in Japan and the diffuse and pervasive nature of Buddhism for tourism promotion in Ladakh India How have tourist routes groups sites and practices associated with Buddhism come to be possible and what are the effects In what ways do travelers derive meaning from Buddhist places How do Buddhist sites fortify national cultural or religious identities The comparative research in South Southeast and East Asia presented here draws attention to the intertwining of the sacred and the financial and how local and national sites are situated within global networks Together these findings generate a compelling comparative investigation of Buddhist spaces identities and practices

The Enigmatic Realm of **Practically Religious Worldly Benefits And The Common Religion Of Japan**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Its capacity to stir emotions, ignite contemplation, and catalyze profound transformations is nothing in short supply of extraordinary. Within the captivating pages of **Practically Religious Worldly Benefits And The Common Religion Of Japan** a literary masterpiece penned by a renowned author, readers embark on a transformative journey, unlocking the secrets and untapped potential embedded within each word. In this evaluation, we shall explore the book's core themes, assess its distinct writing style, and delve into its lasting effect on the hearts and minds of those who partake in its reading experience.

Practically Religious Worldly Benefits And The Common Religion Of Japan Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Practically Religious Worldly Benefits And The Common Religion Of Japan PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making

research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Practically Religious Worldly Benefits And The Common Religion Of Japan PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Practically Religious Worldly Benefits And The Common Religion Of Japan free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Practically Religious Worldly Benefits And The Common Religion Of Japan Books

1. Where can I buy Practically Religious Worldly Benefits And The Common Religion Of Japan books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores.
