NARAYAN DUTT SHRIMALI, 2012-11-15 This book is a complete study of practical hypnotism It seeks to explain the science of hypnotism in a simple straightforward and unambiguous language The book makes an integral study of the acclaimed ideas and theories of the East The western thinkers have heavily drawn upon the valuable contemplations of the Indian seers of yore Having achieved a fine blending of the two strains of scholarship the book has become a very reliable guide for all types

of readership Dr Shrimali is a widely acknowledged author and his expertise in these fields is beyond any doubt The readers can immensely benefit from his wide experiences and deep insights This study is not just academic but it is equally relevant to all interested sections The book is enriched with rare discussion of the Indian sadhans and siddhis In many ways it brings out the metaphysical findings of ancient Indian seers and mendicants with firm authority The study motivates scholars young and old to delve deeper into this science for greater accomplishments in life v publishers **Tantric Mantras** Andre

Padoux,2011-05-19 Providing a systematic and complete overview of the highest scholarly quality on Tantric mantras in Hinduism this book presents a summary on the nature of Tantric mantras their phonetic aspect structure and classifications Additionally it explains the metaphysical theological nature of Tantric mantras and gives an introduction to their beliefs and practices In individual chapters Andre Padoux discusses the extraction and examination of mantras certain characteristics such as their perfect nature and their imperfections and he describes certain mantrics practices For the first time Andre Padoux work on Tantric mantras is made accessible to an English speaking readership This book will be of great interest to scholars of Religious Studies Theology Indology South Asian Studies and Asian Religion *The Astrological Magazine* ,2000

A History of Indian Medical Literature Gerrit Jan Meulenbeld,1999 *The Power of Tantra* Hugh B. Urban,2009-10-30 In the West the varied body of texts and traditions known as Tantra for more than two centuries has had the capacity to scandalize and shock For European colonizers Orientalist scholars and Christian missionaries of the Victorian era Tantra was generally seen as the most degenerate and depraved example of the worst tendencies of the so called Indian mind a pathological mixture of sensuality and religion that prompted the decline of modern Hinduism Yet for most contemporary New Age and popular writers Tantra is celebrated as a much needed affirmation of physical pleasure and sex indeed as a cult of ecstasy to counter the perceived hypocritical prudery of many Westerners In recent years Tantra has become the focus of a still larger cultural and political debate In the eyes of many Hindus much of the western literature on Tantra represents a form of neo colonialism which continues to portray India as an exotic erotic hyper sexualized Orient Which then is the real Tantra Focusing on one of the oldest and most important Tantric traditions based in Assam northeast India Hugh B Urban shows that Tantra is less about optimal sexual pleasure than about harnessing the divine power of the goddess that flows alike through the cosmos the human body and political society In a fresh and vital contribution to the field the author suggests that the real meaning of Tantra lies in helping us rethink not just the history of Indian religions but also our own modern obsessions with power sex and the invidious legacies of cultural imperialism **Vijnana Bhairava Tantra** Satya Narayana Sarma Rupenaguntla,2018-08-28 Vijnana Bhairava Tantra is a part of Rudra Yamala Tantra which again belongs to the category of Bhairava Agamas This is a Jnana Tantra which contains one hundred and twelve meditation techniques as different from outer rituals prescribed by other Tantras The techniques taught by many gurus of today in all mystic schools are found in the list of these 112 methods We find the practitioners of these techniques more in East and North of India than

in the South Especially for the followers of the Trika system of Kashmir Shaivism this book is a favourite There are many commentaries available on these verses Nevertheless I too have tried to explain them in the light of my understanding and experience Those who are adept in the control of Prana and mind Dharana and Dhyana could find it easy to practice these methods For others this book just satisfies their idle curiosity The speciality of this Tantra lies in its simple and direct approach in teaching the meditation methods without beating around the bush indulging in theoretical jargon Those who are interested in Tantra need to search for a competent guru learn the subtleties of these methods from him directly practice and experience the results mentioned in this book We hope that this book too like our earlier books will be appreciated by readers *Indian Book Industry*, 1988 **Three Great Books on Magic** Franz Bardon, 2020-12-06 This volume contains three books of Franz Bardon 1 Initiation into Hermeticism 2 The Practice of Magical Evocation 3 The True Key to the Quabalah In reality magic is a sacred science it is in the very true sense the sum of all knowledge because it teaches how to know and utilize the sovereign rules There is no difference between magic and mysticism or any other conception of the name Wherever authentic initiation is at stake one has to proceed on the same basis according to the same rules irrespective of the name given by this or that creed Considering the universal polarity rules of good and evil active and passive light and shadow each science can serve good as well as bad purposes Let us take the example of a knife an object that virtually ought to be used for cutting bread only which however can become a dangerous weapon in the hands of a murderer All depends on the character of the individual This principle goes just as well for all the spheres of the occult sciences In my book I have chosen the term of magician for all of my disciples it being a symbol of the deepest initiation and the highest wisdom

Explaining Mantras Robert A. Yelle, 2004-03 First Published in 2003 Routledge is an imprint of Taylor Francis an informa company *The Path of Desire* Hugh B. Urban, 2024-03-27 In the Western popular imagination there is a singular association between Tantra and sex But behind sensationalist stories of Tantric lovemaking lies a rich spiritual and textual tradition of which sexual union is only a small and fiercely debated part In *The Path of Desire* Hugh B Urban takes us on an ethnographic journey to Assam the heartland of Tantric practice in contemporary India revealing the vibrant dynamic lived tradition of Hindu Tantra *The Path of Desire* expands our definition of k ma a central concept of Tantra generally translated as desire to focus on mundane and worldly desires such as healing and childbearing This more holistic notion of desire manifests itself in popular folk practice which Urban categorizes in four forms institutional Tantra comprised of gurus disciples and esoteric rituals public Tantra involving offerings and temple celebrations folk Tantra focusing on practices of healing protection material wellbeing and desire fulfillment and pop Tantra or how Tantra is portrayed in popular media such as paperbacks comic books and movies The result is a nuanced understanding of Tantra as a diverse lived tradition *The Complete Nyingma Tradition from Sutra to Tantra, Books 1 to 10* Choying Tobden Dorje, 2015-06-02 In 1838 Choying Tobden Dorje a Buddhist yogi scholar of eastern Tibet completed a multivolume masterwork that traces the entire path of the

Nyingma tradition of Tibetan Buddhism from beginning to end Written by a lay practitioner for laypeople it was intended to be accessible informative inspirational and above all practical Its twenty five books or topical divisions offer a comprehensive and detailed view of the Buddhist path according to the early translation school of Tibetan Buddhism spanning the vast range of Buddhist teachings from the initial steps to the highest esoteric teachings of great perfection Choying Tobden Dorje s magnum opus appears in English here for the first time In Foundations of the Buddhist Path which covers the first ten of the treatise s twenty five books the author surveys the scope of the entire work and then begins with the topics that set the cornerstones for all subsequent Buddhist practice what constitutes proper spiritual apprenticeship how to receive the teachings how to make the best use of this life and how to motivate ourselves to generate effort on the spiritual path He then describes refuge and the vows that define the path of individual liberation before turning to the bodhisattva s way buddha nature how to uplift the mind to supreme awakening the bodhisattva s training and the attainments of the paths leading to supreme awakening
