Practice Of Love Lesbian Sexuality And Perverse Desire:

The Practice of Love Teresa De Lauretis, 1994 Between 1970 and now in conjunction with earlier and contemporaneous social movements feminism and poststructuralism have made way for the rise of minority discourse and gay and lesbian studies as fields of scholarly and theoretical research Conceived from the vantage point of the latter this book returns to Freudian psychoanalysis and semiotics to the questions of representation subjectivity desire and their relations to social signification and material reality Continental Feminism Reader Ann J. Cahill, Jennifer Hansen, 2004-09-01 In an era of backlash and supposed stagnation feminist philosophers are still providing fresh and challenging perspectives you just have to know where to look Continental feminist theory continues to address pressing questions of equality and difference identity and subjectivity Modern thinkers like Judith Butler Kelly Oliver and Drucilla Cornell give strikingly new perspectives on sex gender sexual politics and the various social reasons for gender inequality Yet their theories are not always well received Continental Feminism Reader responds to the marginalization of these thinkers and others like them In this volume Ann J Cahill and Jennifer Hansen collect the most groundbreaking recent work in Continental Feminist Theory introducing and explaining pieces that are often mystifying to those outside the field and outside academia With these essays Continental Feminism Reader begins the process of reanimating feminist politics through the critical tools of its contributors *Gender and Authority across Disciplines, Space and Time* Adele Bardazzi, Alberica Bazzoni, 2020-09-07 This edited collection investigates the relationship between gender and authority across geographical contexts periods and fields Who is recognized as a legitimate voice in debate and decision making and how is that legitimization produced Through a variety of methodological approaches the chapters address some of the most pressing and controversial themes under scrutiny in current feminist scholarship and activism such as pornography political representation LGBTI struggles female genital mutilation the MeToo movement abortion divorce and consent Organized into three sections Politics Law and Religion and Imaginaries the contributors highlight formal and informal aspects of authority its gendered and racialized configurations and practices of solidarity resistance and subversion by traditionally disempowered subjects In dialogue with feminist scholarship on power and agency the notion of authority as elaborated here offers a distinctive lens to critique political and epistemic foundations of inequality and oppression and will be of use to scholars and students across gender studies sociology politics linguistics theology history law film and literature **Between the Body and the Flesh** Lynda Hart, 1998 In this first book length study of lesbian s m Lynda Hart creates a vivid and compelling counterdiscourse to the erotophobic voices in contemporary cultural debates Focusing on a variety of representations from the boundary shattering work of queer performances to the daring conjunction of childhood sexual abuse and perverse desire in the work of Dorothy Allison *Between the Body and the Flesh* situates s m as a lightning rod that stimulates discussions of censorship in the arts the fetishization of sexual paraphernalia recombinations of class race and sexuality and the politics of psychoanalysis

Suffering Sappho! Barbara Jane Brickman, 2023-11-10 An ever expanding and panicked Wonder Woman lurches through a city skyline begging Steve to stop her A twisted queen of sorority row crashes her convertible trying to escape her queer shame A suave butch emcee introduces the sequined and feathered stars of the era s most celebrated drag revue For an unsettled and retrenching postwar America these startling figures betrayed the failure of promised consensus and appeasing conformity They could also be cruel painful and disciplinary jokes It turns out that an obsession with managing gender and female sexuality after the war would hardly contain them On the contrary it spread their campy manifestations throughout mainstream culture Offering the first major consideration of lesbian camp in American popular culture *Suffering Sappho* traces a larger than life lesbian menace across midcentury media forms to propose five prototypical queer icons the sicko the monster the spinster the Amazon and the rebel On the pages of comics and sensational pulp fiction and the dramas of television and drive in movies Barbara Jane Brickman discovers evidence not just of campy sexual deviants but of troubling female performers whose failures could be epic but whose subversive potential could inspire Supplemental images of interest related to this title George and Lomas Connie Minerva Cat On Hot Tin and Beulah and Oriole Feminist Genealogies, Colonial Legacies, Democratic Futures M. Jacqui Alexander, Chandra Talpade Mohanty, 2013-09-05 *Feminist Genealogies, Colonial Legacies, Democratic Futures* provides a feminist analysis of the questions of sexual and gender politics economic and cultural marginality and anti racist and anti colonial practices both in the West and in the Third World This collection edited by Jacqui Alexander and Chandra Talpade Mohanty charts the underlying theoretical perspectives and organization practices of the different varieties of feminism that take on questions of colonialism imperialism and the repressive rule of colonial post colonial and advanced capitalist nation states It provides a comparative relational historically grounded conception of feminist praxis that differs markedly from the liberal pluralist multicultural understanding that sheapes some of the dominant version of Euro American feminism As a whole the collection poses a unique challenge to the naturalization of gender based in the experiences histories and practices of Euro American women **The Year's Work in Showgirls Studies** Melissa Hardie, Melissa Jane Hardie, Meaghan Morris, Kane Race, 2023-12-12 *The Year's Work in Showgirls Studies* is a fan culture volume that deconstructs how and why *Showgirls* a 1995 drama with a female lead bent on becoming a famous performer in Las Vegas became a much contested cult film despite being a critical failure when it released The collection orchestrates a conversation between scholarly essay work and archival documentation offering a magnificent representation of the array of responses generated by the film its makers its promoters and its audience A multifaceted approach to the film its popularity and its social relevance results in a new text for understanding normative social hierarchies of sexuality race and gender *The Year's Work in Showgirls Studies* engages with the figurative and actual place of sex work and feminized affective labor in our society *Technologies of Sexuality, Identity and Sexual Health* Lenore Manderson, 2012 *Technologies of Sexuality, Identity and Sexual Health* highlights the complex ways in which sexuality is expressed and enacted through

local ideologies global identities and material cultures and their influence on people's sexual health and well-being. Its impetus is the renewed interest in technology and the social life of things including pharmaceuticals, expanded sexual and related surgery, the growing exploitation of markets for sexual and contraceptive products, and the impact of these on sexual and health practices and outcomes. Organised loosely into three parts, the opening chapters concentrate on female contraception, its availability, and the varied cultural significance attached to the ability to control its use, exploring the politics of reproductive health and birth control and the ties between technology and power. The middle section turns its attention to men and the impact of traditional and contemporary concerns about masculinity and the social and sexual roles of men. The final chapters look at the commonalities across cultural borders and sexual/gendered identities, how products and procedures travel, not only through the formal channels of globalisation but also informally carried by individuals across cultural and social boundaries through sexual, social, and commercial interactions. The volume brings together anthropologists, sociologists, and cultural studies scholars, both senior and emerging, from around the globe. Offering an important and topical contribution to the developing global literature on sexuality, sexual identity, culture, and health, it is of interest to researchers and advanced students in these areas.

A Midsummer Night's Dream Dorothea Kehler, 1998 This volume traces the modern critical and performance history of this play, one of Shakespeare's most loved and most performed comedies. The essay focuses on such modern concerns as feminism, deconstruction, textual theory, and queer theory.

Gender in Philosophy and Law Laura Palazzani, 2012-08-18 This book is an introductory, systematic framework in the complex and interdisciplinary sex/gender debate, focusing on philosophy of law. The volume analyses the different theories that have dealt with the gender category, highlighting the conceptual premises and the arguments of the most influential theories in the debate, which have had repercussions on the field of the ethical and juridical debate, with reference to intersexuality, transsexualism, transgender, homosexuality. The aim is to offer a sort of conceptual orientation in the complexity of the debate, in an effort to identify the various aspects and development processes of the theories, so as to highlight the conceptual elements of the theorisations, to grasp the problem areas within them. It is therefore an overall synthetic and also explicative analysis, but not only explicative; the aim is to outline the arguments supporting the different theories and the counter-arguments too, for the purpose of proposing categories to weigh up the elements and to take one's own critical stance, with a methodological style that is neither descriptive nor prescriptive, but critical.

English Literary Sexology H. Bauer, 2009-04-30 It is well known that much of our modern vocabulary of sex emerged within nineteenth-century German sexology. But how were the German ideas translated and transmitted into English culture? This study provides an examination of the formation of sexual theory between the 1860s and 1930s and its migration across national and disciplinary boundaries.

Witchcraft Myths in American Culture Marion Gibson, 2012-08-21 A fascinating examination of how Americans think about and write about witches from the real witches tried and sometimes executed in early New England to modern re imaginings of witches as pagan priestesses comic strip heroines and feminist icons The first half of the book is a thorough re reading of the original documents describing witchcraft prosecutions from 1640 1700 and a re thinking of these sources as far less coherent and trustworthy than most historians have considered them to be The second half of the book examines how these historical narratives have transformed into myths of witchcraft still current in American society writing and visual culture The discussion includes references to everything from Increase Sizer and Edgar Allan Poe to Joss Whedon the writer director of *Buffy the Vampire Slayer* which includes a Wiccan character and *The Blair Witch Project*

Thurer,2013-01-11 Gender isn t what it used to be Categories are collapsing What was deviant for baby boomers has become mainstream for their offspring like the coed who realizes she s bisexual but after a period of adjustment shrugs her shoulders and gets on with her otherwise mundane life Gender as we once understood it is over and gender bending is the new beat Men sport ponytails and earrings and teach nursery school women flaunt tatoos and biceps and smoke cigars In *The End of Gender* Shari L Thurer argues that we are in the midst of a new sexual revolution It is one where gender categories are blurring not just at the fringes of society but in mainstream lifestyle media fashion and art So why is this cultural phenomenon happening now And what does it mean In lively non technical language and with sometimes surprising case studies from her 25 years as a psychologist Thurer answers these questions bridging complex postmodern theory with cutting edge psychoanalysis *Space, Time and Perversion* Elizabeth Grosz,2018-10-24 Exploring the fields of architecture philosophy and queer theory Grosz shows how feminism and cultural analysis have conceptually stripped bodies of their specificity their corporeality and the vestigial traces of their production as bodies She investigates the work of Michel Foucault Teresa de Lauretis Gilles Deleuze Judith Butler and Alphonso Linggi considering their work by examining the ways in which the functioning of bodies transforms understandings of space and time knowledge and desire Grosz moves toward a radical consideration of bodies and their relationship to transgression and perversity Women, Writing, and Fetishism, 1890-1950 Clare L.
