*Prague's 200 Days* Harry Schwartz, 1969      *History Of The International: World Socialism 1943-1968* Julius Braunthal, 2019-03-20 With this volume the history of the first century of the International reaches its conclusion Originally I had intended that the trilogy would come to a close with the centenary of the founding of the First International in September 1964 But before I could finish writing the third volume the tragedy of the Communist revolution in Czechoslovakia had played itself out The Spring of Prague of 1968 having set in motion a process of change from a Communist dictatorship to a Socialist democracy was followed within a few months by the invasion of the armies of the five Warsaw Pact powers to forestall reformation in Czechoslovakia Both revolution and counter revolution were events of the utmost significance for the history of Socialism the revolution for showing that it was possible for a Communist system of totalitarian dictatorship to be transformed without resort to force and the counter revolution for showing how the regime in the Soviet Union has remained essentially unaltered since Stalin's death The invasion of Czechoslovakia brutally called in question any optimistic perspective of development within the Soviet Union itself      **Eastern Europe in the Twentieth Century - And After** R. **1968** Mark Kurlansky, 2003-12-30 In this monumental new book award winning author Mark Kurlansky has written his most ambitious work to date a singular and ultimately definitive look at a pivotal moment in history With 1968 Mark Kurlansky brings to teeming life the cultural and political history of that world changing year of social upheaval People think of it as the year of sex drugs and rock and roll Yet it was also the year of the Martin Luther King Jr and Bobby Kennedy assassinations the riots at the Democratic National Convention in Chicago Prague Spring the antiwar movement and the Tet Offensive Black Power the generation gap avant garde theater the birth of the women s movement and the beginning of the end for the Soviet Union From New York Miami Berkeley and Chicago to Paris Prague Rome Berlin Warsaw Tokyo and Mexico City spontaneous uprisings occurred simultaneously around the globe Everything was disrupted In the Middle East Yasir Arafat s guerilla organization rose to prominence both the Cannes Film Festival and the Venice Biennale were forced to shut down by protesters the Kentucky Derby winner was stripped of the crown for drug use the Olympics were a disaster with the Mexican government having massacred hundreds of students protesting police brutality there and the Miss America pageant was stormed by feminists carrying banners that introduced to the television watching public the phrase women s liberation Kurlansky shows how the coming of live television made 1968 the first global year It was the year that an amazed world watched the first live telecast from outer space and that TV news expanded to half an hour For the first time Americans watched that day s battle the Vietnam War s Tet Offensive on the evening news Television also shocked the world with seventeen minutes of police clubbing demonstrators at the Chicago convention live film of unarmed students facing Soviet tanks in Czechoslovakia and a war of starvation in Biafra The impact was huge not only on the antiwar movement but also on the medium itself The fact that one now needed television to make things happen was a cultural revelation with enormous consequences Thoroughly researched and engagingly written full of telling anecdotes penetrating analysis and the author s trademark incisive wit 1968 is the most important book yet of Kurlansky s noteworthy career

*The Slovak Dilemma* Steiner, 1973-05-10 The Slovak Dilemma is a case study in nationalism Accepting the view that the four and a half million Slovaks who inhabit the eastern part of Czechoslovakia are a separate Slav ethnic group Dr Steiner describes their position in Czechoslovak history their role in political life the extraordinary persistence and continuing frustration of their national aspirations After a brief survey of the history of the Slovaks under Hungarian rule Dr Steiner examines their position in the democratic Czechoslovak Republic

which was established in 1918 He analyses the causes of Slovak discontent and shows that although the new constitution granted full expression to Slovak culture it limited complete development of Slovak national rights Nevertheless he suggests that Slovak separatism played little part in the dismemberment of Czechoslovakia in 1938 and that the real attitude of the people towards Hitler's puppet Slovak State was eloquently expressed in their tragic rising against it in August 1944

Russia and Eastern Europe, 1789-1985 Raymond Pearson, 1989      Czechoslovakia, a Country Study Richard F. Nyrop, 1982 General study on Czechoslovakia covers history physical geography ethnic groups social structure religious practice economy economic reforms industrial sector agricultural sector trade politics political system government international relations esp With USSR defence administration of justice discusses economic relations within the framework of CMEA and international cooperation in respect of the Warsaw Pact treaty Bibliography glossary map organigrams photographs statistical tables      The Greengrocer and His TV Paulina Bren, 2011-08-15 The 1968 Soviet invasion of Czechoslovakia brought an end to the Prague Spring and its promise of socialism with a human face Before the invasion Czech reformers had made unexpected use of television to advance political and social change In its aftermath Communist Party leaders employed the medium to achieve normalization pitching television stars against political dissidents in a televised spectacle that defined the times The Greengrocer and His TV offers a new cultural history of communism from the Prague Spring to the Velvet Revolution that reveals how state endorsed ideologies were played out on television particularly through soap opera like serials In focusing on the small screen Paulina Bren looks to the normal of normalization to the everyday experience of late communism The figure central to this book is the greengrocer who in a seminal essay by Václav Havel symbolized the ordinary citizen who acquiesced to the communist regime out of fear Bren challenges simplistic dichotomies of fearful acquiescence and courageous dissent to dramatically reconfigure what we know or think we know about everyday life under communism in the 1970s and 1980s Deftly moving between the small screen the street and the Central Committee and imaginatively drawing on a wide range of sources that include television shows TV viewers letters newspapers radio programs the underground press and the Communist Party archives Bren shows how Havel's greengrocer actually experienced normalization and the ways in which popular television serials framed this experience Now back by popular demand socialist era serials such as The Woman Behind the Counter and The Thirty Adventures of Major Zeman provide Bren contends a way of seeing literally and figuratively Czechoslovakia's normalization and Eastern Europe's real socialism      Czechoslovakia's Lost Fight for Freedom, 1967-1969 Kenneth N. Skoug, 1999-08-30 This fascinating account by a Czech speaking American diplomat who lived in Czechoslovakia from 1967-1969 describes the collapse of a repressive Communist regime the subsequent unprecedented explosion of popular freedom the surprise Soviet occupation and the spirited passive resistance of the population until the gradual strangulation of the Prague Spring Drawing on his own journal recent memoirs and documentary materials in the National Archives the author shows how American diplomats and senior U

S officials analyzed and reacted to ongoing events He explains how reform leader Alexander Dubcek became wedged between enthusiastic popular support and the objections of ultra orthodox Soviet leaders Skoug s economic and commercial responsibilities gave him considerable access to Czechoslovak officials even in the Novotny period and he was an eyewitness to the invasion and many other crucial events of the period including the great patriotic demonstration of March 1969 which the Soviet Union exploited to force Dubcek s resignation Despite overt Soviet pressure neither Prague nor Washington anticipated intervention The Johnson Administration courting Moscow for help on Vietnam displayed calculated indifference to the dispute and reacted tepidly to developments Left alone the Czechoslovak population met the invader with militant if passive resistance but the Dubcek leadership capitulated to Soviet demands and acquiesced in an occupation that gradually betrayed all of the gains achieved Subsequent reluctance by Washington to criticize Moscow helped the Soviet Union cut its diplomatic losses On the other hand the Czechoslovak crisis may have helped to persuade Gorbachev to allow Eastern Europe to resolve its own affairs in 1989
