Boewe, 1999 Originally published in 1962 this story of the English Settlement in pioneer Illinois is compiled from the eyewitness accounts of the participants The founders Morris Birkbeck and George Flower as well as their associates and the many visitors to their prairie settlement wrote mainly for immediate and sometimes controversial ends Charles Boewe has selected excerpts from letters descriptions diaries histories and periodicals within a chronological framework to emphasize the implicit drama of the settlers deeds as they searched for a suitable site founded their colony and augmented their forces with new arrivals from England No less dramatic is the subsequent estrangement of the two founders the disillusionment of many of the English settlers the untimely death of Birkbeck and the financial ruin of Flower

Legends and Lore of Southern Illinois John W. Allen, 2010-02-24 In the 1950s and 60s John W Allen told the people of southern Illinois about themselves about their region its history and its folkways in his series of newspaper articles It Happened in Southern Illinois Each installment of the series depicted a single item of interest a town a building an enterprise a person an event a custom Originally published in 1963 *Legends Lore of Southern Illinois* brings together a selection of these articles preserving a valuable body of significant local history and cultural lore During territorial times and early statehood southern Illinois was the most populous and most influential part of the state But the advent of the steamboat and the building of the National Road made the lands to the west and north more easily accessible and the later settlers struck out for the more expansive and fertile prairies The effect of this movement was to isolate that section of the state known as Egypt and halt its development creating what Allen termed an historical eddy Bypassed as it was by the main current of westward expansion and economic growth its culture changed very slowly Methods practices and the tools of the pioneer continued in use for a long time The improved highways and better means of communication of the twentieth century brought a marked change upon the region and daily life no longer differed materially from that of other areas Against such a cultural and historical backdrop Mr Allen wrote these sketches of the people of southern Illinois of their folkways and beliefs their endeavors successes failures and tragedies and of the land to which they came There are stories here of slaves and their masters criminals wandering peddlers politicians law courts and vigilantes and of boat races on the rivers Allen also looks at the region s earlier history describing American Indian ruins monuments and artifacts as well as the native population s encounters with European settlers Many of the vestiges of the region s past culture have all but disappeared surviving only in museums and in the written record This new paperback edition of *Legends Lore of Southern Illinois* brings that past culture to life again in Allen s descriptive engaging style *French and Indians of Illinois River* Nehemiah Matson, 2001 Complex and paradoxical Nehemiah Matson 1816 1873 celebrated the occupation of the Middle West by European pioneers even as he labored to preserve the memory of the natives these pioneers replaced He perpetuated the memory of the Indians who were driven out of the territory but he nevertheless accumulated wealth selling their land to the

pioneers Rodney O Davis notes in his new foreword to this book that Matson combined the attributes of a scholar with those of a salesman and promoter Matson settled in Princeton Illinois in 1836 He left behind a library partially endowed by him named for him and finally completed in 1913 According to Davis however Matson s other legacy of equal significance in his own eyes consisted of the five books he authored on northern Illinois and Illinois River history and cartography volumes based not only on conscientious scholarship but also on both Indian and white reminiscence and on local folklore Matson s historical writings are valuable even when he deals with well known events because his personal perspective makes his observations unique Without the stories and reminiscences he collected much valuable information would have been lost especially since many of his informants both Indian and European were illiterate Because his informants often told conflicting stories Matson admitted that harmonizing all conflicting accounts has not been a success Although Matson s sources may not always have agreed and sometimes his heart may have overruled his head and colored his accounts he was a conscientious and committed author Obviously Davis explains this book must be evaluated as what it is a piece of colorful local history romantically anchored in legend yet rooted also in invaluable research and produced by a dedicated amateur whose standards were high French and Indians of Illinois River is a model of its type indeed a minor classic The Boy of Battle Ford and the Man W. S. Blackman,2012-03-08 A classic story of a young man s journey to adulthood The Boy of Battle Ford covers Blackman s years growing up in early post settlement Illinois where he gave in to temptations such as drinking gambling and the lure of prostitutes before joining the army finding God and becoming a preacher Blackman who notes that he is determined to write facts in this book peppers his story with the sordid details of the sinful times of his life as well as with discussions of faith and of struggling to understand his God and his beliefs **The Conquest of the Illinois** George Rogers Clark,2001 The conquest of Illinois which was wrested from the British in 1770 was recorded by Clark the campaign s leader ten years later This volume reprints the 1920 edition published by Milo Milton Quaife with its index and standardized spelling Rand Burnette history MacMurray College Jacksonville Illinois has written an introduction Clark s narrative is a significant historical document and its reprinting will be welcome to historians and students alike c Book News Inc

The Flag on the Hilltop Mary Tracy Earle, 2013-01-16 Early in the Civil War two young brothers boldly flew the Union flag from a tree atop a hill between Makanda and Cobden This was a towering act of courage in an area teeming with Copperheads Theodore and Al Thompson 18 and 20 years old at the time

raised the flag in defiance of the Knights of the Golden Circle a secessionist group that operated throughout the Midwest Controlling its membership through terror this secret society condemned betrayers to death by torture The Knights whose goals included capturing a Union prison and liberating the rebels triggered the Civil War riot in Charleston instigated anti draft movements and aided Northern deserters Theodore Thompson who later owned much of Makanda Giant City and the land that became Southern Illinois University describes the tree as a tall tulip poplar between 3 and 4 feet in diameter at the trunk and some 60 feet to the first limbs This noted tree could be seen in some directions 15 or 20 miles away Eight Months in Illinois William Oliver,2002 The Illinois frontier offered abundant opportunity noted English traveler William Oliver after his journey to America in 1841 42 but life there was hard Accordingly Oliver advised the wealthy and comfortable to remain in England and counseled the unprosperous to seek their fortunes in America Written for the poor who would migrate and published in 1843 his Eight Months in Illinois With Information to Immigrants sought only to provide pertinent valid and practical information about what people might encounter in the frontier state What Oliver actually accomplished however was to impart invaluable insights into and analyses of American life during an era of sweeping social and political change In his new foreword to this edition James E Davis stresses Oliver s sincere desire to help British immigrants succeed in America Oliver Davis notes devoted dozens of pages of advice on numerous matters various routes to Illinois and their advantages and disadvantages processes of settling qualities of western houses costs of obtaining a new farm As a document covering the Middle West in the 1840s Eight Months in Illinois With Information to Immigrants has few equals Its portrayal of farming and trade in relatively primitive times is historically accurate It paints a plain picture laying out the essential facts and presenting the typical incidents that enable us to trace the course of a settler s simple diligent laborious day to day life And he did so without a trace of anti American bias Eight Months in Illinois With Information to Immigrants is reprinted from the 1924 Walter Hill edition *Black Jack* James Pickett Jones,2016-09-06 John A Logan called Black Jack by the men he led in Civil War battles from the Henry Donelson campaign to Vicksburg Chattanooga and on to Atlanta was one of the Union Army s most colorful generals James Pickett Jones places Logan in his southern Illinois surroundings as he examines the role of the political soldier in the Civil War When Logan altered his stance on national issues so did the southern part of the state Although secession civil strife Copperheadism and the new attitudes created by the war contributed to this change of position in southern Illinois Logan s role as political and military leader was important in the region s swing to strong support of the war against the Confederacy to the policies of Lincoln and eventually to the Republican party **American Book Publishing Record** R.R.
