feelings In the Bible God is said to love laugh enjoy take delight in rejoice as well as be angry happy jealous and glad Do you know Him that well The prophet Isaiah said that God sits on the circle of the Earth and we appear as grasshoppers yet He knows everything about us even the number of hairs on our head He has intimate knowledge of us In comparison at best we have only touched the surface of what we know of Him While He doesn't tell us everything He knows He has told us everything He wants us to know There are nuggets of truth burrowed deep in the scriptures for those who wish to learn of Him and make the effort to search for Him Now is a good time to get to know Him better Eternity is just ahead and it lasts a long time We serve a great God and He has good things planned for those who love Him He says in Ephesians that He is going to spend the ceaseless ages of eternity showing us His kindness That's a God worth knowing *Is Praise What You Do?* LL. First Kimberlee Hutcherson, 2020-06-22 When do you praise God When He has done something grand How about when He s done something you don t understand or agree with Are you praising God for being a Giver and a Taker It is important to recognize God s attributes that please us as well as the ones that don t then offer up praise to Him for all things and in all circumstances Often praise is completely left out of our prayers to God If we follow the example Jesus gave in Matthew 6 9 13 then praise should come first yet finding the words to do this can be challenging This book contains over five hundred praise words to help facilitate a more intimate knowledge of God broadening our ability to praise Him specifically for His attributes This book is a powerful transforming tool to be used in a daily walk with the Father Son and Holy Spirit Choose a word then offer up a first fruit sacrifice of praise to God If it is heartfelt and sincere God will be pleased You will be blessed because of the intimacy this creates When we are praising we are not controlling we are releasing Praise prayer is different because it removes the tendency to give orders to God that sounds something like please fix this change that don t do this give me that Sometimes a defeated tone is present in our prayers sounding like God this is what I want but your will be done which is probably not my will so I m not sure how to pray Praising God first can take away the need to control and the feeling of defeat by releasing it to God focusing entirely on Him and His sovereignty in all circumstances Praise God first That s what we can do God has got the rest Through Him then let us continually offer up a sacrifice of praise to God that is the fruit of lips that give thanks to His name Heb 13 15 The Politics of Praise William W. Young Iii, 2017-03-02 While the revelation of

God s name is a central theological topic its ethical and political significance are often overlooked In a world filled with violence committed in the name of God how might invoking God s name enable peace community and hope The Politics of Praise argues that the redemptive potential of naming God lies in how this event transforms friendship It breaks new ground by tracing the connections between naming God and friendship in the work of Thomas Aquinas and Jacques Derrida Advancing an innovative reading of Aquinas on the divine names the book explores how Dionysius mysticism shapes Aquinas appropriation of Aristotle s ethics then retraces how Derrida s reading of religion renders possible an alternative conception of friendship These explorations lead to a surprising convergence between Aquinas and Derrida on the conditions of

friendship **Rediscovering New Testament Prayer** John Koenig, 2004-04-09 John Koenig presents a rich variety of prayer practices that reflect the real prayer experience of Christ and his followers Recapturing the earliest believers extraordinary encounters with the Holy Koenig offers prayer as instruction for the mind renewal of the spirit and help in effecting positive change in one s life **HOW TO KNOW GOD DEEPER THROUGH A SYSTEMATIC APPROACH** DR.
