Levin, 2017-07-19 A century ago horses were ubiquitous in America. They plowed the fields transported people and goods within and between cities and herded livestock. About a million of them were shipped overseas to serve in World War I. Equine related industries employed vast numbers of stable workers farriers wainwrights harness makers and teamsters. Cities were ringed with fodder producing farmland and five story stables occupied prime real estate in Manhattan. Then in just a few decades the horses vanished in a wave of emerging technologies. Those technologies fostered unprecedented economic growth and with it a culture of recreation and leisure that opened a new place for the horse as an athletic teammate and social companion. *Handguns 2004* Dave Arnold, 2003-09 The latest edition of the top selling handguns annual features new reports on handguns for field and personal protection use.
