The President's Emergency Plan for AIDS Relief ,2004 The President's Emergency Plan for AIDS Relief ,2004

This document sets forth President Bush's Emergency Plan for AIDS Relief which has as its mission to work with leaders throughout the world to combat HIV/AIDS and to promote integrated prevention treatment and care interventions focusing on countries that are among the most afflicted nations of the world **HIV/AIDS Training Resource Kit** Peace Corps (U.S.). Information Collection and Exchange,2008 Kit provides session plans fact sheets and other resources to help tailor HIV/AIDS training in pre service training and in service training to the needs of various groups of trainees and Volunteers

HIV/AIDS Training Resource Kit ,2008 *Capacity Building, HIV/AIDS Training Resource Kit ,2008* , *Evaluation of PEPFAR* Division of Behavioral and Social Sciences and Education,Institute of Medicine,Board on Children, Youth, and Families,Board on Global Health,Committee on the Outcome and Impact Evaluation of Global HIV/AIDS Programs Implemented Under the Lantos-Hyde Act of 2008,2013-06-27 The U S government supports programs to combat global HIV/AIDS through an initiative that is known as the President's Emergency Plan for AIDS Relief PEPFAR This initiative was originally authorized in the U S Leadership Against HIV/AIDS Tuberculosis and Malaria Act of 2003 and focused on an emergency response to the HIV/AIDS pandemic to deliver lifesaving care and treatment in low and middle income countries LMICs with the highest burdens of disease It was subsequently reauthorized in the Tom Lantos and Henry J Hyde U S Global Leadership Against HIV/AIDS Tuberculosis and Malaria Reauthorization Act of 2008 the Lantos Hyde Act Evaluation of PEPFAR makes recommendations for improving the U S government's bilateral programs as part of the U S response to global HIV/AIDS The overall aim of this evaluation is a forward looking approach to track and anticipate the evolution of the U S response to global HIV to be positioned to inform the ability of the U S government to address key issues under consideration at the time of the report release Modernizing Sexuality Anne Esacove,2016-06-28 Stepping outside the established boundaries of HIV scholarship Modernizing Sexuality illustrates the ways in which Western idealizations of normative sexuality and the power of modernity come together in U S prevention policy and how they actually exacerbate HIV risk particularly for women Building on everyday understandings of HIV this book provides a new narrative that reimagines risk and offers an alternative path for organizing important policy efforts Scaling Up Treatment for the Global AIDS Pandemic Institute of Medicine,Board on Global Health,Committee on Examining the Probable Consequences of Alternative Patterns of Widespread Antiretroviral Drug Use in Resource-Constrained Settings,2004-11-24 An estimated forty million people carry the human immunodeficiency virus HIV and five million more become newly infected annually In recent years many HIV infected patients in wealthy nations have enjoyed significantly longer good quality lives as a result of antiretroviral therapy ART However most infected individuals live in the poorest regions of the world where ART is virtually nonexistent The consequent death toll in these regions especially sub Saharan Africa is begetting economic and social

collapse To inform the multiple efforts underway to deploy antiretroviral drugs in resource poor settings the Institute of Medicine committee was asked to conduct an independent review and assessment of rapid scale up ART programs It was also asked to identify the components of effective implementation programs At the heart of the committee s report lie five imperatives Immediately introduce and scale up ART programs in resource poor settings Devise strategies to ensure high levels of patient adherence to complicated treatment regimens Rapidly address human resource shortages to avoid the failure of program implementation Continuously monitor and evaluate the programs to form the most effective guidelines and treatment regimens for each population Prepare to sustain ART for decades

The White House and the World Nancy Birdsall,2008 The White House and the World shows how modest changes in U S policies could greatly improve the lives of poor people in developing countries thus fostering greater stability security and prosperity globally and at home Center for Global Development experts offer fresh perspectives and practical advice on trade policy migration foreign aid climate change and more In an introductory essay CGD President Nancy Birdsall explains why and how the next U S president must lead in the creation of a better safer world

Voices of Zimbabwean Orphans Manasa Dzirikure,Garth Allen,2014-10-30 The voices of orphans and other vulnerable children and young people and of their carers and professional development workers are documented and analysed to both criticise the inadequacies of current social development work and to create a new alternative theory and practice of project management in Zimbabwe and southern Africa This is the first extensive and intensive empirical study of Zimbabwean orphans and other vulnerable children and young people Chronically poor children and their carers can be corrupted or silenced by management systems which fail to recognise their basic human needs Resilience in the face of such adversity is celebrated by the dominant project management ideology and practice but is a major barrier to achieve genuine sustainable improvements in the lives of vulnerable children We propose a new person centred project management approach aimed at delivering comprehensive services for orphans which explicitly recognises the needs of orphans and other poor children to be fully socially politically and economically included within their communities and which avoids the reinforcement of power based inequalities and their unacceptable consequences The moral bankruptcy of much social development work in Zimbabwe and elsewhere in Southern Africa is described and we delineate an alternative project management policy and practice

Federal Register ,2005-08 *Foreign Operations, Export Financing, and Related Programs Appropriations for 2006*
United States. Congress. House. Committee on Appropriations. Subcommittee on Foreign Operations, Export Financing, and
Related Programs,2005 **Schooling and the Politics of Disaster** Kenneth J. Saltman,2010-06-10 Schooling and the
Politics of Disaster is the first volume to address how disaster is being used for a radical social and economic reengineering
of education From the natural disasters of the Asian tsunami and the hurricanes in the Gulf Coast to the human made
disasters in Iraq Afghanistan Haiti Sudan Indonesia the United States and around the globe disaster is increasingly shaping
policy and politics This groundbreaking collection explores how education policy is being reshaped by disaster politics Noted
scholars in education and sociology tackle issues as far ranging as No Child Left Behind the War on Terror Hurricane Katrina
the making of educational funding crises in the US and the Iraq War to bring to light a disturbing new phenomenon in
educational policy *The Deadly Ideas of Neoliberalism* Rick Rowden,2013-07-04 The Deadly Ideas of Neoliberalism
explores the history of and current collision between two of the major global phenomena that have characterized the last 30
years the spread of HIV AIDS and other diseases of poverty and the ascendancy of neoliberal economic ideas The book
explains not only how IMF policies of restrictive spending have exacerbated public health problems in developing countries
in particular the HIV AIDS crisis but also how such issues cannot be resolved under these economic policies It also suggests
how mounting global frustration about this inability to adequately address HIV AIDS will ultimately lead to challenges to the
dominant neoliberal ideas as other more effective economic ideas for increasing public spending are sought In stark powerful
terms Rowden offers a unique and in depth critique of development economics the political economy dynamics of global
foreign aid and health institutions and how these seemingly abstract factors play out in the real world from the highest levels
of global institutions to African finance and health ministries to rural health outposts in the countryside of developing nations
and back again **Textbook of Palliative Medicine** Eduardo Bruera,Irene Higginson,Charles F von Gunten,2009-01-30
Textbook of Palliative Medicine provides an alternative truly international approach to this rapidly growing specialty This
textbook fills a niche with its evidence based multi professional approach and global perspective ensured by the international
team of editors and contributing authors In the absence of an international curriculum for the study of palliative medicine
this textbook provides essential guidance for those both embarking upon a career in palliative medicine or already
established in the field and the structure and content have been constructed very much with this in mind With an emphasis
on providing a service anywhere in the world including the important issue of palliative care in the developing nations
Textbook of Palliative Medicine offers a genuine alternative to the narrative approach of its competitors and is an ideal
complement to them It is essential reading for all palliative care physicians in training and in practice as well as palliative
care nurses and other health professionals in the palliative care team **US Agency for International Development**

Handbook Volume 1 Strategic, Practical Information and Business Opportunities IBP USA, Recipient States in Global Health Politics Ricardo Pereira, 2014-10-29 Even if constrained in their international choices recipient countries of global health programmes hold the capacity to autonomously define and pursue their own strategies policies and ultimately attain political goals This is comparatively demonstrated through the analysis of PEPFAR s implementation in Botswana Ethiopia and South Africa Navigation by Judgment Dan Honig, 2018-03-29 Foreign aid organizations collectively spend hundreds of billions of dollars annually with mixed results Part of the problem in these endeavors lies in their execution In Navigation by Judgment Dan Honig argues that high quality implementation of foreign aid programs often requires contextual information that cannot be seen by those in distant headquarters Drawing on a novel database of over 14 000 discrete development projects across nine aid agencies and eight paired case studies of development projects Honig shows that aid agencies will often benefit from giving field agents the authority to use their own judgments to guide aid delivery This navigation by judgment is particularly valuable when environments are unpredictable and when accomplishing an aid program s goals is hard to accurately measure Highlighting a crucial obstacle for effective global aid Navigation by Judgment shows that the management of aid projects matters for aid effectiveness
