Furr,Angela Knobel,William Fleeson**

Prevention And Control Of Aggression And The Impact On Its Victims:

Prevention and Control of Aggression and the Impact on its Victims International Society for Research on Aggression. World Meeting, 2001-12-31 Proceedings of the XIV World Meeting of the International Society for the Research on Aggression Prevention and Control of Aggression and the Impact on its Victims held in July 9 14 2000 in Valencia Spain Aggression is an aspect of human society that has interested scientists for many decades and their work has provided important knowledge about its causes and way to prevent and control this behavior However not only scientists but many professionals working in the wide spectrum of society from family to international policy are interested in having programs of interventions capable of reducing aggression and violence in our society This comprehensive book is a compendium of most research approaches that are currently taking place in the field of aggression focusing on the interventions to control and prevent this behavior and the impact on its victims The chapters of the book include biological approaches to aggression such as neuroanatomy neurochemistry neuroendocrinology genetics and psychopathology information about aggression in children and adolescents in different settings such as family school and community characteristics of aggression in specific relationships such as marital and sexual and specific settings such as bars prisons and traffic and cultural approaches to aggression social prejudice war and programs of peace Furthermore a small number of representative chapters about victims are included ranging from the impact of aggression on behavior and physiology in animal models to victims of war As this book highlights the interventions to prevent and control aggression have to be diverse highly heterogenic in order to deal with all aspects of human beings and society ranging from pharmacological control in individuals to programs of peace to promote respect among people and among nations Scientists academics and professionals dealing with any facet of aggression and its impact on our society will obtain in this book information about the complexity of this research field and the ways to approach our objective eliminate aggression from the human behavioral repertoire *Prevention and Control of Aggression and the Impact on Its Victims* Lina Martins, 2014-01-15 *International Perspectives on Family Violence and Abuse* Kathleen Malley-Morrison, 2012-12-06 In this book in which definitions and examples of abuse from men and women from every continent and a very diverse set of backgrounds are considered The volume provides information on the extent to which family violence is a recognized problem in each country research findings available on different forms of family violence and information on governmental responses to family violence Finally the value of an international human rights approach to abuse and violence in families is considered The book presents an unparalleled international coverage addressing all forms of family violence in Australia and at least two countries from every other continent Each chapter begins by describing the cultural context in which family violence and abuse take place These sections emphasize the role of women and children in the country Providing a multitude of voices each chapter includes fascinating and often dramatic definitions and examples of abuse from ordinary citizens of the country The concluding chapter elaborates on the appropriateness of a

human rights approach in addressing family violence cross nationally and cross culturally and provides an excellent integration of much of the material from the previous chapters The book is intended for advanced undergraduates and graduate students in psychology and sociology as well as pre professionals and professionals in medicine law and social services It has strong relevance and value to individuals training in counseling counselor education and clinical psychology Because of its readable style and extensive use of quotations from citizens of the countries studied for the book it may also appeal to a much broader audience including a lay audience

Sexual Crime Caryn E. Neumann, 2009-12-14 A contemporary fact filled resource on the historical legal medical and political aspects of a wide variety of sexual crimes Authoritative and informative Sexual Crime A Reference Handbook offers a thoroughly up to date report on an issue of extraordinary urgency It is an expert introduction to a variety of often misunderstood crimes Sexual Crime begins with a background chapter outlining the causes and definitions of sexual crime legal and cultural attitudes over the past three centuries and common myths surrounding this sensitive subject It then offers wide ranging coverage of issues including date rape crimes involving male victims rape in prison female perpetrators medical treatments political ramifications and other contemporary issues

The Dark Side of Close Relationships II William R. Cupach, Brian H. Spitzberg, 2010-09-13 Focuses on the paradoxical dialectical and mystifying facets of human interaction not merely to elucidate dysfunctional relationship phenomena but to help readers explore and understand it in relation to a broader understanding about relationships This volume is of interest to relationship researchers in social psychology and sociology

Keeping the Peace Graham Kemp, Douglas P. Fry, 2004-11-23 This collection of ethnographies discusses how non violent values and conflict resolution strategies can help to create and maintain peace

Applied Qualitative Research in Psychology Joanna Brooks, Nigel King, 2017-04-26 With a highly pragmatic yet rigorous and pragmatically driven approach this edited book explores demonstrates qualitative research with an applied approach Using not only theory but real world setting readers are introduced to the function and relevance of qualitative methods in psychological research Exemplified through the contributions of various experts from across the different sub disciplines of psychology this text takes a versatile approach to explaining methods in research and covers a broad range of methods in a variety of settings This book will appeal to those with an interest in qualitative methods across the spectrum of psychology and beyond Offering an introduction to applied qualitative research in psychology with a distinctively applied approach this title is apt for undergraduate psychology students taking modules in research methods executing research based projects or those undertaking Masters and taught doctoral level programs in psychology

Competence in Interpersonal Conflict William R. Cupach, Daniel J. Canary, Brian H. Spitzberg, 2009-11-06 Extensively updated with expanded and newly added chapters the second edition of Competence in Interpersonal Conflict continues to present a conceptual framework for why communication competence is central to conflict management Although no checklist of communication behaviors can guarantee success the authors offer

constructive guidelines that provide a basis for grappling with future conflicts in five unique settings intercultural organizational familial mediation and violence in intimate relationships Within any conflict interaction adept communicators embrace the notion that adopting an ethical stance is both desirable and practical Conflict between people is a natural feature of the human condition when people interact and form relationships conflicts inevitably emerge How individuals manage conflict and how they perceive both the opportunities and challenges it provides will define their interpersonal relationships in more ways than any other kind of interaction behavior Collaboration and adaptation are the hallmarks of a competent communicator therefore how partners communicate during conflict can be more important than the frequency of their disagreements

Alcohol and Sexual Violence David DiLillo, Sarah J. Gervais, Dennis E. McChargue, 2023-03-25 This book provides a chronology of the 68th Nebraska Symposium on Motivation which is focused on contemporary research knowledge about sexual violence and alcohol use This book is more specific to dating and intimate partner sexual violence in young adult populations The target audience is researchers prevention agencies and policymakers within academia and military settings Alcohol use has long been recognized as a major contributor to sexual assault with an estimated 50% of sexual assaults in the U S involving drinking by the victim perpetrator or both Beyond the usual harmful effects alcohol involved assaults are associated with unique sequelae for female victims including increased self blame stigma and greater alcohol use to cope Moreover heavier drinking on the part of the perpetrator is associated with more serious incidents of assault e g involving physical force that result in more severe outcomes for victims The purpose of this Symposium on Motivation is to bring together a group of experts in the areas of alcohol and sexual aggression to articulate the causes consequences and mechanisms of alcohol involved sexual assault Speakers will talk about classic and contemporary research and theories on these issues using cutting edge approaches e g virtual reality neuroscience laboratory based alcohol administration from a variety of perspectives perpetrators victims bystanders

Character Christian B. Miller, R. Michael Furr, Angela Knobel, William Fleeson, 2015-09-11 This collection contains some of the best new work being done on the subject of character from the perspectives of philosophy theology and psychology From creating a virtual reality simulation of the Milgram shock experiments to understanding the virtue of modesty in Muslim societies to defending soldiers moral responsibility for committing war crimes these 31 chapters break much new ground and significantly advance our understanding of character The main topics covered fall under the heading of our beliefs about character the existence and nature of character traits character and ethical theory virtue epistemology the nature of particular virtues character development and challenges to character and virtue from neuroscience and situationism These papers stem from the work of the Character Project www.thecharacterproject.com at Wake Forest University generously supported by the John Templeton Foundation This collection is truly unique in featuring the work of many young up and coming voices in their fields with new perspectives to offer Together their work will significantly shape discussions of character for years to come

Bullying in

Youth Sports Training Miguel Nery, Carlos Neto, António Rosado, Peter K. Smith, 2020-02-13 Based on an extensive national research project with global relevance this pioneering volume draws on unique data on bullying in youth sports training collected from both athletes and coaches using a variety of methodological approaches Nery Neto Rosado and Smith use this research to establish a baseline of the prevalence of bullying among young male athletes offering evidence based strategies for prevention and providing a solid theoretical basis for the development of anti bullying intervention programs Bullying in Youth Sports Training explores how often bullying occurs how long it lasts where and when bullying takes place the coping strategies used by victims and the individual roles of victims bystanders and bullies It provides new insights into theories of youth sport bullying and highlights the particular characteristics specific to bullying in sport The backgrounds of bullies and victims are also explored as well as the consequences and practical implications of sustained bullying The book provides both theoretical and practical approaches to bullying in youth sport training providing anti bullying guidelines based on the results of the research The book is essential reading for scholars and students in child development and sport sciences as well as sports coaches and professionals in mental health education and social work

Drinking in Context Gerry Stimson, Marcus Grant, Marie Choquet, Preston Garrison, 2013-05-13 Drinking beverage alcohol is a widespread source of individual and social pleasure in most countries around the world Yet some drinking patterns can lead to serious physical mental and social harms Drinking in Context is intended to complement existing volumes dealing with international alcohol policy by focusing on three main themes drinking patterns targeted interventions and partnership development An understanding that patterns of drinking are important predictors of outcomes has led to a growing realization that alcohol policies and prevention strategies need to focus on excessive or irresponsible drinking As a result there has been a shift towards interventions that address the targeted reduction of harm These approaches recognize socio cultural differences and avoid trying to impose a one size fits all solution In this context multi stakeholder partnerships offer an excellent opportunity to promote the complex mix of measures required by each society Shared responsibilities lead to shared solutions

Gender Development Judith E. Owen Blakemore, Sheri A. Berenbaum, Lynn S. Liben, 2013-05-13 This text offers a unique developmental focus on gender Gender development is examined from infancy through adolescence integrating biological socialization and cognitive perspectives The book s current empirical focus is complemented by a lively and readable style that includes anecdotes about children s everyday experiences The book s accessibility is further enhanced with the use of bold face to highlight key terms when first introduced along with a complete glossary of these terms All three of the authors are respected researchers in divergent areas of children s gender role development and each of them teaches a course on the topic The book s primary focus is on gender role behaviors how they develop and the roles biological and experiential factors play in their development The first section of the text introduces the field and outlines its history Part 2 focuses on the differences between the sexes including the biology of sex and the latest research on behavioral sex

differences including motor and cognitive behaviors and personality and social behaviors Contemporary theoretical perspectives on gender development biological social and environmental and cognitive approaches are explored in Part 3 along with the research supporting these models The social agents of gender development including children themselves family peers the media and schools are addressed in the final part Cutting edge and comprehensive this is the perfect text for those who have been searching for an advanced undergraduate and or graduate book for courses in gender development the psychology of sex roles and or gender and or women or men taught in departments of psychology human development and educational psychology Although chapters have been designed to be read sequentially a full author citation is included the first time a reference is used within an individual chapter rather than only the first time it is used in the book making it easy to assign chapters in a variety of orders This referencing system will also appeal to scholars interested in using the book as a resource to review a particular content area

Coercion and Violence in Mental Health Settings Nutmeg

Hallett, Richard Whittington, Dirk Richter, Emachi Eneje, 2024-12-18 This book aims to provide a state of the art overview of the contexts causes and treatments that relate to the reduction of coercion and the prevention of violence in mental health settings The objective of this new edition in Open Access is to integrate theoretical explanations empirical findings and practical solutions on the topic from many countries and diverse professional contexts A large proportion of the text is concerned with practical and applied guidance for practitioners and others based on a clear understanding of conceptual and theoretical issues Significantly enriched by the contributions of lived experience editors and co authors this edition brings authentic new perspectives that deepen its relevance and impact There is extensive use of case studies drawn from practice and the media to enliven the discussion The scope of the book is intended to go beyond a reductionist medical biological orientation on coercion and violence in mental health by integrating this within broader psychological and social frameworks It includes new relevant contributions from nursing psychology psychiatry and sociology The language of the book is clear and understandable to a broad audience whilst offering new knowledge for researchers and other specialists

Hormones, Brain and Behavior, 2016-11-09 Hormones Brain and Behavior Third Edition offers a state of the art overview of hormonally mediated behaviors including an extensive discussion of the effects of hormones on insects fish amphibians birds rodents and humans Entries have been carefully designed to provide a valuable source of information for students and researchers in neuroendocrinology and those working in related areas such as biology psychology psychiatry and neurology This third edition has been substantially restructured to include both foundational information and recent developments in the field Continuing the emphasis on interdisciplinary research and practical applications the book includes articles aligned in five main subject sections with new chapters included on genetic and genomic techniques and clinical investigations This reference provides unique treatment of all major vertebrate and invertebrate model systems with excellent opportunities for relating behavior to molecular genetics The topics cover an unusual breadth from molecules to ecophysiology ranging from

basic science to clinical research making this reference of interest to a broad range of scientists in a variety of fields Comprehensive and updated coverage of a rapidly growing field of research Unique treatment of all major vertebrate and invertebrate model systems with excellent opportunities for relating behavior to molecular genetics Covers an unusual breadth of topics and subject fields ranging from molecules to ecophysiology and from basic science to clinical research Ideal resource for interdisciplinary learning and understanding in the fields of hormones and behavior *The Psychology of Resolving Global Conflicts: Nature vs. nurture* Mari Fitzduff,Chris E. Stout,2006 Reveals the psychological intricacies of war conflict resolution and peace Part of the Contemporary Psychology series this book addresses ethnic conflict torture and humiliation as a weapon and how issues related to religion and gender contribute to violent conflict **I Am Not Your Victim** Beth Sipe,Evelyn J. Hall,2013-07-01 I Am Not Your Victim vividly details the evolution of domestic violence during the 16 year marriage of author Beth Sipe Encouraged to publish her story by her therapist and co author Evelyn J Hall Beth relates the background and events leading up to and immediately following the tragic act of desperation that ended the life of her sadistic perpetrator Beth s subsequent mishandling by the police the military a mental health professional and the welfare system illustrates how women like Beth face further revictimization and neglect by the very systems that should provide support and assistance Insightful commentaries written by experts in the field follow Beth s story and deepen readers understanding of the causes and process of spousal abuse why battered women stay and the dynamic consequences of domestic violence This updated edition includes new commentaries and an epilogue that tracks what happened to Beth in the years following the book s publication **Surviving Sexual Violence** Thema Bryant-Davis,2011-10-16 Victims of sexual assault experience their trauma in different ways and often one path to recovery and healing is right for one person but not right for another While there are some general mental health effects of sexual violence this book outlines and describes the impact of particular types of sexual violation Whether the survivor has experienced childhood sexual abuse sexual assault during adulthood marital rape sexual harassment sex trafficking or sexual violence within the military they will find aspects of her experience in these pages Once survivors understand the ways in which they have been affected they are introduced to various pathways to surviving sexual violence and moving forward The chapters provide case examples and specific activities which give a fuller description of the ways survivors can make use of the particular approaches which include mind body practices counseling group therapies self defense training and others Anyone who has been a victim of sexual violence or knows and cares about someone who has will find relief in these pages which offer practical approaches to finding balance and healing **The Human Potential for Peace** Douglas P. Fry,2006 In The Human Potential for Peace An Anthropological Challenge to Assumptions about War and Violence renowned anthropologist Douglas P Fry shows how anthropology with its expansive time frame and comparative orientation can provide unique insights into the nature of war and the potential for peace Challenging the traditional view that humans are by nature primarily violent and warlike

Professor Fry argues that along with the capacity for aggression humans also possess a strong ability to prevent limit and resolve conflicts without violence He draws on data from cultural anthropology archaeology and sociology as well as from behavioral ecology and evolutionary biology to construct a biosocial argument that challenges a host of commonly held assumptions

The SAGE Handbook of Domestic Violence Todd K. Shackelford, 2020-12-02 The field of Domestic Violence research has expanded considerably in the past decade and now includes work conducted by researchers in many different disciplines notably political science public health law psychology sociology criminology anthropology family studies and medicine The SAGE Handbook of Domestic Violence provides a rich overview of the most important theoretical and empirical work in the field organized by relationship type The handbook addresses three major areas of research on domestic violence Violence against partners Violence against children Violence against other family members This Handbook is a unique and timely publication and a long awaited valuable resource for the vast amount of Domestic Violence research centres and individual researchers across the globe
