Revelations Of Divine Being:

Revelations of Divine Love Julian Of Norwich, 2020-12-31 First published in 1395 Julian of Norwich's *Revelations of Divine Love* is a classic and important work of Christian mysticism and the first book in English written by a woman. It is an account of her sixteen divine and mystical visions and her meditations on them which she experienced after being struck by a serious illness at age 30 in 1373. Notable also for being written in plain Middle English rather than the more common Latin for religious texts of the time, Julian of Norwich puts forth her ideas for divine love and beauty. Reflecting upon her illness and the visions she experienced, she believes she received three gifts from God: an understanding of the passion and love of Christ, an understanding of the importance of her own suffering, and the gift of greater piety and reverence as a result of her illness. Julian of Norwich found indescribable beauty even in the smallest of objects and insisted that God loved and cared for each of His creations. Written at a time of immeasurable loss and upheaval as a result of the Black Plague, *Revelations of Divine Love* is an important and beautiful historical work of Christian theology. This edition is printed on premium acid-free paper.

God, Revelation and Authority (Set of 6) Carl F. H. Henry, 1999-01-25 A monumental six-volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done.

Mystic Treatises by Isaac of Niveveh A. J. Wensinck, *Mystic Treatises by Isaac of Niveveh* **The Apocalypse Or Book of Revelation** Swedenborg, 1811 *The True Revelation of Jesus Christ* Desmond Teddy, 2020-11-24 The *True Revelation of Jesus Christ* seeks to bridge differences among the world's religions including Judaism, Islam, and Christianity. The goal is to help everyone, including atheists and agnostics, to gain a comprehensive picture of our Lord and Savior, Jesus Christ. Get answers to questions such as: How can we not take salvation for granted? What was God's original plan for the universe? How are God the Father and Jesus Christ different? What are the origins and consequences of sin? The central message of the book dwells on Jesus Christ as the ultimate source of creation. Jesus is the most important person in history, and we know that he performed an assignment given to Him from above. Unlike Mohammed, Krishna, Buddha, and all the so-called prophets and great men of history, He did not die and remain in His grave. He is still alive today. Get answers to important questions and be inspired to walk with the Lord with the insights and wisdom in this book. **The Secret Revelation of John** Karen L.

King, 2009-02-28 Lost in antiquity, rediscovered in 1896 and only recently accessible for study, *The Secret Revelation of John* offers a firsthand look into the diversity of Christianity before the establishment of canon and creed. Karen L. King offers an illuminating reading of this ancient text: a narrative of the creation of the universe and humanity and a guide to justice and salvation, said to be Christ's revelation to his disciple John. Freeing the *Revelation* from the category of Gnosticism to which such accounts were relegated, King shows how the Biblical text could be read by early Christians in radical and revisionary ways. By placing the *Revelation* in its social and intellectual milieu, she revises our understanding of early Christianity and more generally religious thought in the ancient Mediterranean world. Her work helps the modern reader through many

intriguing but confusing ideas in the text for example that the creator god of Genesis a self described jealous and exclusive god is not the true Deity but a kind of fallen angel or in an overt critique of patriarchy unique in ancient literature the declaration that the subordination of woman to man was an ignorant act in direct violation of the holy height In King s analysis the Revelation becomes not strange but a comprehensible religious vision and a window on the religious culture of the Roman Empire A translation of the complete Secret Revelation of John is included **Theological Science** Thomas F. Torrance,1996-01-01 The classic study which establishes a sound theological base for the future of philosophical science

God, Revelation and Authority: God Who Speaks and Shows (Vol. 2) Carl F. H. Henry,1999-01-25 Part 2 in a monumental six volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done **Notes, Explanatory and Practical, on the Book of Revelation. By Rev. Albert Barnes. With Preface by Rev. E. Henderson. With the Text and with a Map** ,1852 *God, Revelation and Authority: God Who Speaks and Shows (Vol. 3)* Carl F. H. Henry,1999-01-25 Part 3 in a monumental six volume set that presents an undeniable case for the revealed authority of God to a generation that has forgotten who he is and what he has done **Cyril of Alexandria's Trinitarian Theology of Scripture** Matthew R. Crawford,2014-08-28 More exegetical literature survives from the hand of Cyril of Alexandria than nearly any other Greek patristic author yet this sizable body of work has scarcely received the degree of attention it deserves In this work Matthew R Crawford reconstructs the intellectual context that gave rise to this literary output and highlights Cyril s Trinitarian theology received as an inheritance from the fourth century as the most important defining factor Cyril s appropriation of pro Nicene Trinitarianism is evident in both of his theology of revelation and his theology of exegesis the two foci that comprise his doctrine of Scripture Revelation in his understanding proceeds from the Father through the Son and in the Spirit following the order of Trinitarian relations Moreover this pattern applies to the inspiration of Scripture as well insofar as inspiration occurs when the Son indwells human authors by the Spirit and speaks the words of the Father Although Cyril s interpretation of revelation may consequently be called Trinitarian it is also resolutely Christological since the divine and incarnate Son functions as the central content and mediator of all divine unveiling Corresponding to this divine movement towards humanity in revelation is humanity s appropriation of divine life according to the reverse pattern in the Spirit through the Son unto the Father Applied to exegesis this Trinitarian pattern implies that the Spirit directs the reader of Scripture to a Christological interpretation of the text through which the believer beholds the incarnate Son the exemplar of virtue and the perfect image of the Father and accordingly advances in both virtue and knowledge This process continues until the final eschatological vision when the types and riddles of Scripture will be done away with in light of the overwhelming clarity of the Christologically mediated Trinitarian vision Notes, explanatory and practical, on the book of Revelation Bible. N.T. Revelation. English. 1852,1852 **A complete body of doctrinal and practical divinity; or, a system of Evangelical truths, deduced from the Sacred Scriptures. A new edition** John GILL

(D.D., Baptist Minister, at Horsley Down.),1815 **God, Creation, and Revelation** Paul King Jewett,Marguerite Shuster,1991 A theology that is real readable and relevant such is Paul Jewett s God Creation and Revelation Writing from a distinctively evangelical and Reformed viewpoint Jewett offers a general systematic introduction to these doctrines of the Christian church how we know God revelation and Scripture who God is the divine nature what God is like the divine attributes and what God has done creation While upholding the historic Christian faith Jewett s approach to Christian teaching is uniquely neo evangelical in that he seeks to expound and clarify orthodox Christianity for twentieth century Christians Jewett purposely sets forth his systematic theology in light of scientific and social issues that confront the church in the contemporary world Throughout the book Jewett also refers to literary masterpieces and to the church s hymns giving the reader a greater appreciation for the theological treasures in our literature and our hymnody The culmination of nearly forty years of study and teaching this book adeptly balances the philosophical efforts needed in systematic theology with the biblical material in which Christian doctrines are rooted and it covers well the range of theologies from the early fathers to the Scholastics from the Reformers to liberation and feminist theologians Interspersed throughout the text are useful addenda and excursuses which provide further detailed treatment of specific topics An unusual feature of God Creation and Revelation is Jewett s inclusion of eight sermons by Dr Marguerite Shuster a former student of his Believing that theology and preaching must go together Jewett has strategically placed these sermons throughout the book as creative examples of how to preach Christian doctrines *The Genesis Revelation Connection: the Scroll* Anthony Lyle,2018-09-05 This is a combination of commentary on Genesis and Revelation and how they are tied together by the Jubilee Year in the Bible and by the deed to the earth scroll in Revelations This book will explain how the plan of God was to free us from the enslavement of Satan through history and how God has always been forthright in revealing his plans for mankind as opposed to a common belief that God has shrouded the history in mysteries It includes many world history events that are not included in the Bible to pull together a full understanding of the history of mankind from the perspective of God Included are items from archaeology that verify and validate the Bible as a history It gives a brief interpretation of the coming years of Revelation from a world perspective Included are viewpoints from other researchers as well such as Velikovsky David Rohl and George Roux The intent is to give a variety of sources so that the reader can come to their own conclusions [A Defence of the Religion of Nature and the Christian Revelation Against the ...](#) Book Entitled Simon Browne,1732 **The Book of Revelation** G. K. Beale,2013-09-07 This commentary series is established on the presupposition that the theological character of the New Testament documents calls for exegesis that is sensitive to theological themes as well as to the details of the historical linguistic and textual context Such thorough exegetical work lies at the heart of these volumes which contain detailed verse by verse commentary preceded by general comments on each section and subsection of the text An important aim of the NIGTC authors is to interact with the wealth of significant New Testament research published in recent articles

and monographs In this connection the authors make their own scholarly contributions to the ongoing study of the biblical text The text on which these commentaries are based is the UBS Greek New Testament edited by Kurt Aland and others While engaging the major questions of text and interpretation at a scholarly level the authors keep in mind the needs of the beginning student of Greek as well as the pastor or layperson who may have studied the language at some time but does not now use it on a regular basis

Radical Revelation Balázs M. Mezei, 2017-11-30 This volume offers a practical and innovative interpretation of divine revelation from a philosophical theological perspective Balázs M Mezei outlines the most important presuppositions of our notion of divine revelation in a historic and semantic setting as well as elaborating upon the methodology of model analysis He then introduces and analyses the notion of self revelation as the most important modern understanding of divine revelation and presents the notion of apocalyptic personhood as a corollary of radical personhood which is further developed into apocalyptic phenomenology Mezei further examines the remarkable development of some of the most important notions in the history of Christianity along with the homogenous infrastructure of these notions in the very essence of the religion the doctrine of Trinity Covering aspects of revelation from semantics to historical and cognitive origins and engaging with a wide variety of texts including Augustine Thomas Aquinas and Joseph Ratzinger Mezei makes a strong and clear statement when explaining what the radical revelation is how it can be understood and its overall importance

Christian Theology and African Traditions Matthew Michael, 2013-05-21 Christian theology is increasingly recognized to be now a non western enterprise since the high concentrations of Christians in the world are no longer found in the Western societies Christian Theology and African Traditions takes seriously this present recognition of the southward movement of Christianity from the western world to a non western setting It seeks to reposition Christian theology and faith to engage the African traditions in classical category of theology proper bibliology anthropology Christology pneumatology soteriology ecclesiology and eschatology and provides unique insights and problems that these classical and systematic categories poses to African Christianity Similarly it provides theological blueprint for non Africans who are interested in knowing the nature and shape of the Christian theology in non western settings
