**Voodoo Histories** David Aaronovitch, 2010-02-04 Meticulous in its research forensic in its reasoning robust in its argument and often hilarious in its debunking a highly entertaining rumble with the century's major conspiracy theorists and their theories John Lahr National Book Critics Circle Award winning author of *Tennessee Williams* From an award winning journalist a history so funny so true so scary it's bound to be called a conspiracy Our age is obsessed by the idea of conspiracy We see it everywhere from Pearl Harbor to 9 11 from the assassination of Kennedy to the death of Diana In this age of terrorism we live in the role of conspiracy is a serious one one that can fuel radical or fringe elements to violence For David Aaronovitch there came a time when he started to see a pattern among these inflammatory theories these theories used similarly murky methods with which to insinuate their claims they linked themselves to the supposed conspiracies of the past it happened then so it can happen now they carefully manipulated their evidence to hide its holes they relied on the authority of dubious

academic sources Most important they elevated their believers to membership of an elite a group of people able to see beyond lies to a higher reality But why believe something that entails stretching the bounds of probability so far In this entertaining and enlightening book he examines why people believe conspiracy theories and makes an argument for a true skepticism one based on a thorough knowledge of history and a strong dose of common sense *The Sixth Station* Linda Stasi,2013-01-22 Some say Demiel ben Yusef is the world's most dangerous terrorist personally responsible for bombings and riots that have claimed the lives of thousands Others insist he is a man of peace a miracle worker and possibly even the Son of God His trial in New York City for crimes against humanity attracts scores of protestors as well as media and religious leaders from around the world Cynical reporter Alessandra Russo heads to the UN hoping for a piece of the action but soon becomes entangled in controversy and suspicion when ben Yusef singles her out for attention among all other reporters As Alessandra begins digging into ben Yusef's past she is already in more danger than she knows and when she is falsely accused of murder during her investigation she is forced to flee New York On the run from unknown enemies Alessandra finds herself on the trail of a global conspiracy and a story that could shake the world to its foundations Is Demiel ben Yusef the Second Coming or the Antichrist The truth may lie in the secret history of the Holy Family a group of Templars who defied the church and a mysterious relic stained with the sacred blood of Christ Himself At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied [Xombies: Apocalypse](#) Walter Greatshell,2011-02-22 A group of women have been discovered who are immune to the Agent X plague The secret of their immunity can provide a cure for human and inhuman alike unless the Xombies find them first *The Celluloid Madonna* Catherine O'Brien,2011 The Celluloid Madonna is the first book to analyze the life of the Virgin Mary on screen from the silent era through to the present For decades Mary has caught the imagination of filmmakers from a range of religious backgrounds whether Catholic Protestant Muslim Marxist or atheist and film's intersection of theology and secular culture has inspired some of the most singular and controversial visions of this icon in cinema history Focusing on the challenge of adapting Scripture to the screen this volume discusses Cecil B DeMille's *The King of Kings* 1927 Pier Paolo Pasolini's *The Gospel According to St Matthew* 1964 Franco Zeffirelli's *Jesus of Nazareth* 1977 Jean Luc Godard's *Hail Mary* 1984 Jean Delannoy's *Mary of Nazareth* 1994 Mel Gibson's *The Passion of the Christ* 2004 Catherine Hardwicke's *The Nativity Story* 2006 and Mark Dornford May's *Son of Man* 2006 [The Dinner Party](#) Jane F. Gerhard,2013-06-01 Judy Chicago's monumental art installation *The Dinner Party* was an immediate sensation when it debuted in 1979 and today it is considered the most popular work of art to emerge from the second wave feminist movement Jane F Gerhard examines the piece's popularity to understand how ideas about feminism migrated from activist and intellectual circles into the American mainstream in the last three decades of the twentieth century More than most social movements feminism was transmitted and understood through culture art installations *Ms Magazine* *All in the Family* and thousands of other cultural artifacts But the phenomenon of cultural feminism came under

extraordinary criticism in the late 1970s and 1980s Gerhard analyzes these divisions over whether cultural feminism was sufficiently activist in light of the shifting line separating liberalism from radicalism in post 1970s America She concludes with a chapter on the 1990s when The Dinner Party emerged as a target in political struggles over public funding for the arts even as academic feminists denounced the piece for its alleged essentialism The path that The Dinner Party traveled from inception 1973 to completion 1979 to tour 1979 1989 to the permanent collection of the Brooklyn Museum 2007 sheds light on the history of American feminism since 1970 and on the ways popular feminism in particular can illuminate important trends and transformations in the broader culture
