Sanatana Dharma and Plantation Hinduism (Second Edition Volume 1) Ramesh Gampat,2020-01-06 Christian Missionaries worked hard to convert immigrants Their first

order of business was to denigrate Hinduism designate Hindus as heathen and disparage their culture food and even attire Immigrants stubbornly resisted led by the tiny educated elite including Brhmas whom we call Brahmins Conversion was a failure at least up to the end of the 19th century but picked up a self generating momentum thereafter The result is that the share of Hindus in Guyana s Indian population declined from 83.5 percent in 1880 to 62.8 percent in 2012 The largest portion of the contraction was lost to Christianity The loss notwithstanding even a casual observer would conclude that Guyanese Hindus at home and in the Diaspora are a very religious people Many of us do a jhandi or havan once annually others do the more elaborate and costlier yaj a where everyone is welcome once or twice in their lifetime Most of us do a short daily puja prayers offerings reading the stras and listening to bhajan in our homes An important but perhaps unintended way immigrants countered conversion to Christianity was an unplanned movement towards a synthesis that brought Hindus regardless of caste or sect under a unitary form of Hinduism The synthesis began around the 1870s and was completed by the 1930s to the 1950s Guyanese Hindus call the unified corpus of religious beliefs and practices that emerged from the synthesis Sanatana Dharma Ramesh Gampat labels it Plantation Hinduism in this path breaking book The book argues that the brand of Hinduism practiced is inconsistent with Sanatana Dharma called Vednta by the more philosophically inclined Plantation Hinduism features an extraordinary dependence upon purohits pandits which has anaesthetized the Hindu mind and render him unable to think question and inquire when it comes to Dharma Rituals and bhakti have been degraded and turned into desire motivated worship devats have been misconstrued as Brahman rather than as limited manifestation of the one non dual pure Consciousness belief in the multiplicity of gods encourages image worship and superstitions anchor Guyanese Hindus to tradition and mere belief Plantation Hinduism is little more than desire motivated actions dogmas and superstitions Absent is the idea that Sanatana Dharma is a spiritual science no less scientific than hard sciences such as physics and astronomy The central message of Vednta is the innate divinity of every person and the freedom to realize that divinity through anubhava direct personal experience of Supreme Reality

the Charter of the Hindu faith For the first time in history Hinduism itself forms here the subject of generalization of a Hindu mind of the highest order What Hinduism had needed was the organizing and consolidating of its own idea a rock where she could lie at anchor and an authoritative utterance in which she might recognise herself What the world had needed was a faith that had no fear of truth Both are found in the words and writings of Swami Vivekananda It is the latest gospel of a modern Prophet of religion and spirituality to the mankind **Three Streams** P. J. Ivanhoe,2016 Recent interest in Confucianism has a tendency to suffer from essentialism and idealism manifested in a variety of ways One example is to think of Confucianism in terms of the views attributed to one representative of the tradition such as Kongzi Confucius 551 479 BCE or Mengzi Mencius 372 289 BCE or one school or strand of the tradition most often the strand or tradition associated with Mengzi or in the later tradition that formed around the commentaries and interpretation of Zhu Xi 1130 1200 Another such tendency is to think of Confucianism in terms of its manifestations in only one country this is almost always China for the obvious reasons that China is one of the most powerful and influential states in the world today A third tendency is to present Confucianism in terms of only one period or moment in the tradition for example among ethical and political philosophers pre Qin Confucianism usually taken to be the writings attributed to Kongzi Mengzi and if we are lucky Xunzi 479 221 BCE often is taken as Confucianism These and other forms of essentialism and idealism have led to a widespread and deeply entrenched impression that Confucianism is thoroughly homogenous and monolithic these often are facts mustered to support the purportedly oppressive authoritarian and constricted nature of the tradition such impressions can be found throughout East Asia and dominate in the West This is quite deplorable for it gives us no genuine sense of the creatively rich philosophically powerful highly variegated and still very much open ended nature of the Confucian tradition This volume addresses this misconstrual and misrepresentation of Confucianism by presenting a philosophically critical account of different Confucian thinkers and schools across place China Korea and Japan and time the 10th to 19th centuries **The Complete Works of Sister Nivedita - Volume 1** Sister Nivedita,Pravrajika Atmaprana,2016-09-24 Letters from J.B.S. 2nd ser., vol.1: Letters to labourers James Butler Storey,1899 **The Collected Works of Witness Lee, 1965, volume 1** Witness Lee,2021-05-28 The Collected Works of Witness Lee 1965 volume 1 contains messages and fellowship given by Brother Witness Lee primarily from January through July 1965 A portion of this volume contains messages given in December 1963 and in March 1966 During the period from January through July 1965 Brother Lee traveled extensively In mid February through mid March he visited cities in Texas Louisiana North Carolina South Carolina Kentucky and Ohio From the middle to the end of April he visited Mount Vernon Missouri and Albuquerque New Mexico At the end of May he traveled to South Carolina and Florida and then went on to Brazil Peru and Panama before returning to Los Angeles at the end of June He also visited Sacramento California in mid July and may have visited the Pacific Northwest Regrettably there is no record of his speaking in any of these places At the end of July he held a weekend conference in San Francisco The contents of this volume are divided into

Between Urban Topographies and Political Spaces Fabio Vighi,Alexis Nuselovici,Mauro Ponzi,2014-04-02 Between Urban Topographies and Political Spaces Threshold Experiences uses the term threshold as a means to understand the relationship between Self and Other as well as relationships between different cultures The concept of threshold defines the relationship between inside and outside not in oppositional terms but as complementaries This book discusses the cultural and social border areas of modernity which are to be understood not as zones in a territorial sense but as spaces in between in which different languages and cultures operate The essays in Between Urban Topographies and Political Spaces identify the dimension in urban topographies and political spaces where we are able to locate paradigmatic experiences of thresholds Because these spaces are characterized by contradictions conflicts and aporias we propose to rethink those hermeneutic categories that imply a sharp opposition between inside and outside This means that the theoretical definition of threshold put forward in these essays whether applied to history philosophy law art or cultural studies embodies new juridical and political stances
