## **Second Crusade And The Cistercians:**

**The Second Crusade and the Cistercians** M. Gervers, 2016-04-30 No subject in medieval history is changing as rapidly as crusade studies Even so the Second Crusade has been oddly neglected The present volume is the first ever to have been devoted to it in English and one of the few which has appeared in any language Particular attention is paid to the key role played by St Bernard and the Cistercians in this crusade and their relations with the Military Orders An interdisciplinary approach is taken incorporating history art and music The Volume contains unparalleled bibliography listing over 700 primary and secondary sources God's War Christopher Tyerman, 2006 Tyerman gives a sweeping new vision of one of history's most astounding events the Crusades Drawing on all of the most recent scholarship and told with great verve and authority God's War is the definitive account of a fascinating and horrifying story that continues to haunt our contemporary world Cistercians, Heresy, and Crusade in Occitania, 1145-1229 Beverly Mayne Kienzle, 2001 The present book examines this important but little studied aspect of Cistercian history to probe how and why the Order undertook endeavours that drew the monks outside their monastic vocation The analysis of texts about the preaching campaigns and of their contexts seeks to retrieve the role of preaching and to reconstruct what was preached in the light of its historical and specifically monastic context Monastic texts and their contexts furnish the keys to understanding how medieval monastic authors perceived heresy preached and wrote against it **BOOK JACKET** *The Second Crusade* Jonathan Phillips, Martin Hoch, 2001 The Second Crusade 1145-49 was an unprecedented attempt to expand the borders of Christianity in the Holy Land the Baltic and the Iberian peninsula This wide ranging collection offers a series of original interpretations of new and partially explored evidence of the crusade The essays examine the planning execution and consequences of the crusade for Western Europe the Crusader States of the Holy Land and the Muslim Near East **The Cistercians in the Middle Ages** Janet E. Burton, Julie Kerr, 2011 The Cistercians White Monks were the most successful monastic experiment to emerge from the tumultuous intellectual and religious fervour of the 11th and 12th centuries This book seeks to explore the phenomenon that was the Cistercian Order **The Cistercian Order in Medieval Europe** Emilia Jamrozak, 2015-06-22 The Cistercian Order in Medieval Europe offers an accessible and engaging history of the Order from its beginnings in the twelfth century through to the early sixteenth century Unlike most other existing volumes on this subject it gives a nuanced analysis of the late medieval Cistercian experience as well as the early years of the Order Jamrozak argues that the story of the Cistercian Order in the Middle Ages was not one of a Golden Age followed by decline nor was the true Cistercian spirit exclusively embedded in the early texts to remain unchanged for centuries Instead she shows how the Order functioned and changed over time as an international organisation held together by a novel management system from Estonia in the east to Portugal in the west and from Norway to Italy The ability to adapt and respond to these very different social and economic conditions is what made the Cistercians so successful This book draws upon a wide range of primary sources as well as scholarly literature in several

languages to explore the following key areas the degree of centralisation versus local specificity how much the contact between monastic communities and lay people changed over time how the concept of reform was central to the Medieval history of the Cistercian Order This book will appeal to anyone interested in Medieval history and the Medieval Church more generally as well as those with a particular interest in monasticism

**Crusading Spirituality in the Holy Land and Iberia, C.1095-c.1187** William J. Purkis, 2008 Argues for a new context for the origins and development of crusading as an imitation of Christ For much of the twelfth century the ideals and activities of crusaders were often described in language more normally associated with a monastic rather than a military vocation like those who took religious vows crusaders were repeatedly depicted as being driven by a desire to imitate Christ and to live according to the values of the primitive Church This book argues that the significance of these descriptions has yet to be fully appreciated and suggests that the origins and early development of crusading should be studied within the context of the reformation of professed religious life in the twelfth century whose leading figures such as St Bernard of Clairvaux advocated the pursuit of devotional undertakings modelled on the lives of Christ and his apostles It also considers topics such as the importance of pilgrimage to early crusading ideology and the relationship between the spirituality of crusading and the activities of the Military Orders offering a revisionist assessment of how crusading ideas adapted and evolved when introduced to the Iberian peninsula in c 1120 In so doing the book situates crusading within a broader context of changes in the religious culture of the medieval West Dr WILLIAM PURKIS is Senior Lecturer in Medieval History at the University of Birmingham

**Victory** Cian O'Driscoll, 2019-11-27 Committing one's country to war is a grave decision Governments often have to make tough calls but none are quite so painful as those that involve sending soldiers into harm's way to kill and be killed The idea of just war informs how we approach and reflect on these decisions It signifies the belief that while war is always a wretched enterprise it may in certain circumstances and subject to certain restrictions be justified Boasting a long history that is usually traced back to the sunset of the Roman Empire it has coalesced over time into a series of principles and moral categories e.g. just cause last resort proportionality etc that will be familiar to anyone who has ever entered a discussion about the rights and wrongs of war **Victory** The Triumph and Tragedy of Just War focuses both on how this particular tradition of thought has evolved over time and how it has informed the practice of states and the legal architecture of international society This book examines the vexed position that the concept of victory occupies within this framework

**The Fourth Crusade** Michael J Angold, 2015-11-17 The Fourth Crusade 1202-4 was one of the key events in medieval history The fall of Constantinople to the Venetians and the soldiers of the fourth crusade in April 1204 was its climax It ensured that Byzantium's days as a great power were over It equally ensured that westerners would dominate the Levant the lands of the old Byzantine Empire until the end of the middle ages This book asks just how important was the Fourth as a turning point in the Middle East The broad setting is the encounter of Byzantium with the West within the framework of the crusades Differences of outlook and interest

meant that this encounter was soon overburdened with mutual distrust 1204 was some kind of a solution and created situations scarcely conceivable even two years before when the fourth crusade set sail from Venice

**Medieval Cistercian History** Thomas Merton, 2019-03-28 Thomas Merton's deep roots in his own Cistercian tradition are on display in the two sets of conferences on the early days of the Order included in the present volume The first surveys the relevant monastic background that led up to the foundation of the Abbey of Cîteaux in 1098 and goes on to consider the contributions of each of the first three abbots of the New Monastery that would become the epicenter of the most dynamic religious movement of the early twelfth century The second set investigates the arc of medieval Cistercian history in the two centuries following the death of Saint Bernard in which the Order moves from being ahead of its time in its formative stages to being representative of its time in its most powerful and influential phase to becoming regressive with the rise of new religious currents that begin to flow in the thirteenth century Merton stresses the need to respect the complexity of the actual lived reality of Cistercian life during this period to beware of easy generalizations and instead consider the full range of factual data The result is a richly nuanced picture of the development of early Cistercian life and thought that serves as a fitting concluding volume to the series of Merton's novitiate conferences providing a thorough Initiation into the Monastic Tradition

The Violent Pilgrimage Tim Rayborn, 2013-03-18 The notion of Christianity as a religion of peace was severely tested during the Middle Ages when killing in the name of God became a sanctified act In this book Tim Rayborn traces the development of the early Crusades Christian views of war and violence and its attitudes toward Islam primarily during the turbulent period of the 11th and 12th centuries with some attention to earlier centuries A marked shift in Christian perceptions of its own identity coincided with a considerably more martial and aggressive approach to nonbelievers both inside and outside of Europe This wide ranging study includes such topics as the background to the First Crusade the Knights Templar Bernard of Clairvaux the Cistercian Order the works of Peter the Venerable apocalyptic hopes and fears and martyrdom in the context of Christian conflicts with Islam Focusing on French monastic writings the book also examines papal documents Spanish polemics crusade chronicles and other works This is a survey of research on these important subjects and serves as both a reference work and a point of departure for further study

*Crusading and Masculinities* Natasha R. Hodgson, Katherine J. Lewis, Matthew M. Mesley, 2019-03-05 This volume presents the first substantial exploration of crusading and masculinity focusing on the varied ways in which the symbiotic relationship between the two was made manifest in a range of medieval settings and sources and to what ends Ideas about masculinity formed an inherent part of the mindset of societies in which crusading happened and of the conceptual framework informing both those who recorded the events and those who participated Examination and interrogation of these ideas enables a better contextualised analysis of how those events were experienced comprehended and portrayed The collection is structured around five themes sources and models contrasting masculinities emasculation and transgression masculinity and religiosity and kingship and chivalry By incorporating

masculinity within their analysis of the crusades and of crusaders the contributors demonstrate how such approaches greatly enhance our understanding of crusading as an ideal an institution and an experience Individual essays consider western campaigns to the Middle East and Islamic responses events and sources from the Iberian peninsula and Prussia are also interrogated and re examined thus enabling cross cultural comparison of the meanings attached to medieval manhood The collection also highlights the value of employing gender as a vital means of assessing relationships between different groups of men whose values and standards of behaviour were socially and culturally constructed in distinct ways     *Templar Families* Jochen Schenk,2012-03-29 This study explores the relationship between the Order of the Temple and the network of landowning families that supported it     *Middle East Conflicts from Ancient Egypt to the 21st Century* Spencer C. Tucker,2019-08-27 With more than 1 100 cross referenced entries covering every aspect of conflict in the Middle East this definitive scholarly reference provides readers with a substantial foundation for understanding contemporary history in the most volatile region in the world This authoritative and comprehensive encyclopedia covers all the key wars insurgencies and battles that have occurred in the Middle East roughly between 3100 BCE and the early decades of the twenty first century It also discusses the evolution of military technology and the development and transformation of military tactics and strategy from the ancient world to the present In addition to the hundreds of entries on major conflicts military engagements and diplomatic developments the book also features entries on key military political and religious leaders Essays on the major empires and nations of the region are included as are overview essays on the major periods under consideration The book additionally covers such non military subjects as diplomacy national and international politics religion and sectarian conflict cultural phenomena genocide international peacekeeping missions social movements and the rise to prominence of international terrorism The reference entries are augmented by a carefully curated documents volume that offers primary sources on such diverse topics as the Greco Persian Wars the Crusades and the Arab Israeli Wars     **Wales and the Crusades** Kathryn Hurlock,2011-10-31 This original study focussing on the impact of the crusading movement in medieval Wales considers both the enthusiasm of the Welsh and those living in Wales and its borders for the crusades as well as the domestic impact of the movement on warfare literature politics and patronage The location of Wales on the periphery of mainstream Europe and its perceived status as religiously and culturally underdeveloped did not make it the most obvious candidate for crusading involvement but this study demonstrates that both native and settler took part in the crusades supported the military orders and wrote about events in the Holy Land Efforts were made to recruit the Welsh in 1188 suggesting contemporary appreciation for Welsh fighting skills even though crusaders from Wales have been overlooked in modern studies By looking at patterns of participation this study shows how domestic warfare influenced the desire and willingness to join the crusade and the effect of such absences on the properties of those who did go The difference between north and south Wales Marcher lord and native prince Flemish noble and minor landholder are considered to show how

crusading affected a broad spread of society Finally the political role of crusading participation as a way to remove potential troublemakers and cement English control over Wales is considered as the close of the peak years of crusading coincided with the final conquest of Wales in 1282

**Elite Participation in the Third Crusade** Stephen Bennett,2021 The motivations behind those who went on the Third Crusade examined through close investigation of their social networks

**The World of the Crusades** Andrew Holt,2019-06-05 Unlike traditional references that recount political and military history this encyclopedia includes entries on a wide range of aspects related to daily life during the medieval crusades The medieval crusades were fundamental in shaping world history and provide background for the conflict that exists between the West and the Muslim world today This two volume set presents fundamental information about the medieval crusades as a movement and its ideological impact on both the crusaders and the peoples of the East It takes a broad look at numerous topics related to crusading with the goal of helping readers to better understand what inspired the crusaders the hardships associated with crusading and how crusading has influenced the development of cultures both in the East and the West The first of the two thematically arranged volumes considers topics such as the arts economics and work food and drink family and gender and fashion and appearance The second volume considers topics such as housing and community politics and warfare recreation and social customs religion and beliefs and science and technology Within each topical section are alphabetically arranged reference entries complete with cross references and suggestions for further reading Selections from primary source documents each accompanied by an introductory headnote give readers first hand accounts of the crusades

**Crusading at the Edges of Europe** Kurt Villads Jensen,2016-10-14 This book is the first to compare Denmark and Portugal systematically in the High Middle Ages and demonstrates how the two countries became strong kingdoms and important powers internationally by their participation in the crusading movement Communication in the Middle Ages was better developed than often assumed and institutions ideas and military technology was exchanged rapidly meaning it was possible to coordinate great military expeditions across the geographical periphery of Western Europe Both Denmark and Portugal were closely connected to the sea and developed strong fleets at the entrance to the Baltic and in the Mediterranean Seas respectively They also both had religious borders to the pagan Wends and to the Muslims that were pushed forward in almost continuous crusades throughout the centuries Crusading at the Edges of Europe follows the major campaigns of the kings and crusaders in Denmark and Portugal and compares war technology and crusading ideology highlighting how the countries learned from each other and became organised for war

**La Papauté et les croisades / The Papacy and the Crusades** Professor Michel Balard,2013-07-28 This volume brings together a selection of the papers on the theme of the Papacy and the Crusades delivered at the 7th Congress of the Society for the Study of the Crusades and the Latin East After the introduction by Michel Balard the first papers examine aspects of crusader terminology The next section deals with events and perceptions in the West including papers on the crusades against the Albigensians and

Frederick II and on the situation in the Iberian peninsula There follow studies on relations between crusaders and the local populations in the Byzantine world after 1204 and Frankish Greece and in Cilician Armenia while a final pair looks at papal interventions in Poland and Scandinavia      La Papauté et les croisades / The Papacy and the Crusades Michel Balard, 2016-04-22 This volume brings together a selection of the papers on the theme of the Papacy and the Crusades delivered at the 7th Congress of the Society for the Study of the Crusades and the Latin East After the introduction by Michel Balard the first papers examine aspects of crusader terminology The next section deals with events and perceptions in the West including papers on the crusades against the Albigensians and Frederick II and on the situation in the Iberian peninsula There follow studies on relations between crusaders and the local populations in the Byzantine world after 1204 and Frankish Greece and in Cilician Armenia while a final pair looks at papal interventions in Poland and Scandinavia

## Second Crusade And The Cistercians Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Second Crusade And The Cistercians PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Second Crusade And The Cistercians PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and

publishers who make these resources available. In conclusion, the availability of Second Crusade And The Cistercians free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

## **FAQs About Second Crusade And The Cistercians Books**

1. Where can I buy Second Crusade And The Cistercians books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Second Crusade And The Cistercians book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Second Crusade And The Cistercians books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Second Crusade And The Cistercians audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
