composer's decades long relationship with the renowned opera composer Gian Carlo Menotti. Informed by new interviews and immense archival research, Samuel Barber is a long awaited critical and personal biography of a monumental figure in twentieth century American music. *Carter* David Schiff, 2018. Elliott Carter 1908-2012 was the foremost composer of classical music in America during the second half of the 20th century. Over the course of a career that spanned seven decades, he consistently produced works that critics hailed as creatively daring, intellectually demanding and emotionally complex. Distancing himself from the various schools and movements that grew and waned in popularity during the postwar era, Carter cultivated a deeply personal musical style that he developed and refined up until the very end of his life. This book of the composer springs from author David Schiff's life long interest in Elliott Carter's music and his close personal connection with the composer, which spanned over forty years. This critical overview of Carter's life and work explores aspects of the composer's life about which he was usually reticent and occasionally misleading, such as his complicated relationships with Charles Ives, Aaron Copland, Nicolas Nabokov, and his own parents. Schiff's study of Carter's complete oeuvre, from his politically charged Depression era ballets to the deeply personal and reflective late works, is based on extensive study of the composer's personal sketches and letters. Featuring an in depth look at the legacy project of Carter's final decade, seven settings of American modernist poetry by E. E. Cummings, T. S. Eliot, Marianne Moore, Ezra Pound, Wallace Stevens, and William Carlos Williams, this newest addition to the Master Musicians Series paints with a fine brush the story of America's foremost composer of the second half of the twentieth century. A Chronology Of Western Classical Music 1600-2000 Jon Paxman, 2014-10-13. A great reference tool for anyone who wants to explore the history of music. Philip Glass. Jon Paxman's *Classical Music 1600-2000: A Chronology* interprets four centuries of Western classical music, considering its evolution from two different perspectives. Monumental in scope but lucid in style, this book will prove invaluable to anyone, student or enthusiast, who wants to comprehend the overwhelmingly rich and sometimes complex evolution of Western classical music. *Classical Music 1600-2000: A Chronology* features contributions by Terry Barfoot, Katy Hamilton, Thomas Lydon, and Robert Rawson. *Britten and Barber* Daniel Felsenfeld, 2005-04. Amadeus. The second title in the Amadeus Press Parallel Lives series, this volume examines the lives and work of two giants of 20th century music. Both composers influenced countless others, and their works are performed often in today's concert and opera houses. Felsenfeld gives us a penetrating look into the lives of these two extraordinary men, helping us get to know them and therefore better understand their music. In clear, concise language, he examines their major works, helping us to understand their genius and power, which is illustrated by the accompanying full length CD. The author points out parallel developments in Britten and Barber's lives and careers. Both came of age in a time of war, a time of political and artistic unrest and upheaval, and both were celebrities in their own time. Both wrote primarily and most successfully for the voice, but neither became ghettoized as a strictly vocal composer, and both were possessed of a flawless compositional technique with a fluency that bordered on wizardry. Finally, both were prolific.
