Second Language Classroom Research:

Second Language Classroom Research Jacquelyn Schachter, Susan M. Gass, 2013-11-05 In an attempt to fill the gap left by the many published studies on classroom second language research this book explores a variety of human social and political issues involved in the carrying out of such studies Many journals are chock full of the results of classroom research with evidence to support one claim or another about the efficacy of one teaching method or another Many textbooks are replete with statistical procedures to be used and with experimental designs to fit varying situations Too often overlooked in these treatments are the human social and political issues involved in carrying out research in classrooms that are not one's own What are the problems going to be when one attempts work such as this What does one do on discovering that an administrator's agenda is different than one had thought What does one do when a teacher resents intrusions into her classroom This book offers a view on those kinds of issues as presented and managed by successful classroom researchers themselves The authors present their own experiences including on occasion their trials and tribulations and how they dealt with them They lay themselves open to criticism in doing so but they make their contributions much the richer as well The classroom contexts extend to different countries and range from elementary schools to universities Some of the issues presented are the necessarily collaborative nature of the research the question of meshing pedagogically sound and experimentally acceptable practices the often strong possibility that political and social decisions will interrupt the research the perennial question of reporting out the results and the training of graduate student researchers

Classroom Second Language Development Rod Ellis, 1984

Exploring Second Language Classroom Research David Nunan, Kathleen M. Bailey, 2009 Exploring Second Language Classroom Research is a comprehensive introductory manual for beginning and advanced researchers Authored by two leading experts in the field the text explores research traditions and processes The text is illustrated with a variety of qualitative and quantitative data and includes tasks for reflection and application

Second Language Classrooms Craig Chaudron, 1988-01-29 This book provides a critical overview of recent classroom centred research and its implications for the teaching and learning of languages giving new insights into how languages are learned and what the effects of classroom instruction are

Researching Second Language Classrooms Sandra Lee Mckay, 2006-08-15 This bk provides resources information teachers can use to examine their own classrooms in order to become more effective teachers A general introduction introduces readers to major research purposes types as it relates to classroom research The book is

Tasks in Second Language Learning Virginia Samuda, Martin Bygate, 2007-11-27 Tasks in Second Language Learning aims to re centre discussion of the ways in which language learning tasks can help offer a holistic approach to language learning and to explore the research implications It relates the broad educational and social science rationale for the use of tasks to the principles and practices of their classroom use The authors provide a balanced review of research as a basis for exploring a broader research agenda Throughout the book offers telling illustration of the

contributions of a range of specialists in research teaching methodology and materials development and of the authors own argument

Intersection of Service and Learning Gregory Thompson, 2013-04-01 This book on service learning provides a current view of service learning research in the second language classroom and practical applications for the acquisition of both cultural knowledge as well as the different language modalities This book helps in understanding how using service learning in the language classroom can facilitate language acquisition The author addresses many of the challenges faced by teachers in the second language classroom as they try to implement service learning programs in their curriculum Based on the research as well as the experience of the author and other practitioners in the field suggestions are given in each chapter as to how to maximize student learning and acquisition of specific aspects of a language as well as on the formation of successful programs and service learning experiences These suggestions are integrated into the individual chapters based on the focus of the unit This text shows how service learning allows students real world application of the language they are learning in the classroom This text discusses how service learning assists students in contextualizing their learning and seeing the reality of their field of study and the applicability of their language classes to settings that they encounter in their own communities Finally at all levels teachers professors and administrators are being asked to provide standards and assessments to demonstrate achievement and excellence in their different fields This text addresses how service learning aids students in meeting these proficiency standards and helps them achieve many of the goals set forth by national and international foreign second language learning organizations

Learner Engagement in Online Second Language Classrooms Phung Dao, 2024-10-23 This book explores current research on online instructed L2 acquisition with a specific focus on the nature and impact of learner engagement in online L2 classroom interaction It examines the topic of online learner engagement from various theoretical perspectives discusses conceptual and methodological issues synthesizes research on the role of learner engagement in online L2 classroom interaction and critically assesses its connection to teaching practices across different L2 settings The book is intended for a wide audience including undergraduate and postgraduate Applied Linguistics TESOL and Second Language Education students seeking to understand the significance of learner engagement in online L2 learning It will also be useful for researchers interested in staying updated on recent findings regarding the benefits of learner engagement in online classroom interaction for L2 learning Additionally teachers teacher trainers and educators in Teacher Education TE and or continuous professional development CPD programs can benefit from the pedagogical insights offered in this book regarding online L2 instruction in various contexts

Second Language Classroom Research Jacquelyn Schachter, Susan M. Gass, 2013-11-05 In an attempt to fill the gap left by the many published studies on classroom second language research this book explores a variety of human social and political issues involved in the carrying out of such studies Many journals are chock full of the results of classroom research with evidence to support one claim or another about the efficacy of one teaching method or another Many textbooks are replete

with statistical procedures to be used and with experimental designs to fit varying situations Too often overlooked in these treatments are the human social and political issues involved in carrying out research in classrooms that are not one's own What are the problems going to be when one attempts work such as this What does one do on discovering that an administrator's agenda is different than one had thought What does one do when a teacher resents intrusions into her classroom This book offers a view on those kinds of issues as presented and managed by successful classroom researchers themselves The authors present their own experiences including on occasion their trials and tribulations and how they dealt with them They lay themselves open to criticism in doing so but they make their contributions much the richer as well The classroom contexts extend to different countries and range from elementary schools to universities Some of the issues presented are the necessarily collaborative nature of the research the question of meshing pedagogically sound and experimentally acceptable practices the often strong possibility that political and social decisions will interrupt the research the perennial question of reporting out the results and the training of graduate student researchers

Second Language Acquisition Myths Steven Brown, Jenifer Larson-Hall, 2012-03-15 This volume was conceived as a first book in SLA for advanced undergraduate or introductory master's courses that include education majors foreign language education majors and English majors It's also an excellent resource for practicing teachers Both the research and pedagogy in this book are based on the newest research in the field of second language acquisition It is not the goal of this book to address every SLA theory or teach research methodology It does however address the myths and questions that non-specialist teacher candidates have about language learning Steven Brown is the co-author of the introductory applied linguistics textbook *Understanding Language Structure Interaction and Variation* textbook and workbook The myths challenged in this book are Children learn languages quickly and easily while adults are ineffective in comparison A true bilingual is someone who speaks two languages perfectly You can acquire a language simply through listening or reading Practice makes perfect Language students learn and retain what they are taught Language learners always benefit from correction Individual differences are a major perhaps the major factor in SLA Language acquisition is the individual acquisition of grammar

Approaches to Research in Second Language Learning Donna M. Johnson, 1991 Examines six major approaches to second language learning in the classroom The text studies correlational case study survey ethnography experimental and multi-method research techniques It also includes illustrative studies methodological principles and an extended sample study

Universal Grammar and the Second Language Classroom Melinda Whong, Kook-Hee Gil, Heather Marsden, 2013-06-26 This book proposes that research into generative second language acquisition GenSLA can be applied to the language classroom Assuming that Universal Grammar plays a role in second language development it explores generalisations from GenSLA research The book aims to build bridges between the fields of generative second language acquisition applied linguistics and language teaching and it shows how GenSLA is poised to engage with researchers of

second language learning outside the generative paradigm Each chapter of *Universal Grammar and the Second Language Classroom* showcases ways in which GenSLA research can inform language pedagogy Some chapters include classroom research that tests the effectiveness of teaching particular linguistic phenomena Others review existing research findings discussing how these findings are useful for language pedagogy All chapters show how generative linguistics can enhance teachers expertise in language and second language development This groundbreaking volume ably takes on the gap that currently exists between generative linguistic theory in second language acquisition GenSLA and second language pedagogy by gathering chapters from GenSLA researchers who are interested in the relevance and potential application of their research to second foreign language teaching It offers a welcome and thought provoking contribution to any discussion of the relation between linguistic theory and practice I recommend it not only for language teachers interested in deepening their understanding of the formal properties of the languages they teach but also for linguists interested in following up on more practical consequences of the fruits of their theoretical and empirical research Donna Lardiere Georgetown University Washington DC USA

Language Teaching Research and Language Pedagogy Rod Ellis, 2012-03-20 This book examines current research centered on the second language classroom and the implications of this research for both the teaching and learning of foreign languages It offers illuminating insights into the important relationship between research and teaching and the inherent complexities of the teaching and learning of foreign languages in classroom settings Offers an accessible overview of a range of research on instruction and learning in the L2 classroom Bridges the relationship between research teachers and learners Helps evolve the practice of dedicated current language teachers with research findings that suggest best practices for language teaching

Doing Second Language Research James Dean Brown, Theodore S. Rodgers, 2002-10-24 An accessible introduction to language learning research which provides a feel for what research activities are like by engaging the reader in several roles across a range of research design types both quantitative and qualitative Roles include research subject research organizer data collector data analyst and research reporter The book systematically explains the characteristics and purposes of various types of research including terminology the logic underlying selection and the steps typical of each type of research design It also offers an introduction to some classic research studies

Research in the Language Classroom Christopher Brumfit, Rosamond Mitchell, 1990 Intended for teachers this text provides a survey of how research can be utilized and how classroom practices can be examined Topics covered include the roles of systematic and unsystematic observation research into learner and teacher behaviour teaching theory and writing up research

First Language Use in Second and Foreign Language Learning Miles Turnbull, Jennifer Dailey-O'Cain, 2009 This book focuses on the use of the first language in communicative or immersion type classrooms Through the intersection of theory practice curriculum and policy the volume calls for a reconceptualization of code switching as something that both proficient and aspiring bilinguals do naturally and as a practice that is inherently linked

with bilingual code switching *Second Language Research* Alison Mackey, Susan M. Gass, 2013-06-17 Specifically targeted towards the needs of a second language research audience *Second Language Research Methodology and Design* addresses basic issues related to research design providing step by step instructions for how to carry out studies This up to date text includes chapters that cover identifying research problems and questions selecting elicitation measures dealing with ethical issues related to data gathering validity and reliability in research research in second and foreign language classroom contexts data description and coding and data analysis Also included is a chapter on the much needed and rarely addressed topic of writing up SLA research giving concrete suggestions about preparing for publication Principles of both qualitative and quantitative research are discussed in the context of design issues Throughout the book examples from applied linguistics second language acquisition and TESOL are provided Helpful discussion and data based skill building exercises at the end of each chapter promote better understanding of the principles discussed A glossary outlines the key terms in second language research *Second Language Research Methodology and Design* is an ideal textbook for introductory and advanced classes in second language research methods as well as classes in related areas for example TESOL research methods

Gesture Steven G. McCafferty, Gale Stam, 2009-06-02 This book demonstrates the vital connection between language and gesture and why it is critical for research on second language acquisition to take into account the full spectrum of communicative phenomena The study of gesture in applied linguistics is just beginning to come of age This edited volume the first of its kind covers a broad range of concerns that are central to the field of SLA The chapters focus on a variety of second language contexts including adult classroom and naturalistic learners and represent learners from a variety of language and cultural backgrounds *Gesture Second Language Acquisition and Classroom Research* is organized in five sections Part I *Gesture and its L2 Applications* provides both an overview of gesture studies and a review of the L2 gesture research Part II *Gesture and Making Meaning in the L2* offers three studies that all take an explicitly sociocultural view of the role of gesture in SLA Part III *Gesture and Communication in the L2* focuses on the use and comprehension of gesture as an aspect of communication Part IV *Gesture and Linguistic Structure in the L2* addresses the relationship between gesture and the acquisition of linguistic features and how gesture relates to proficiency Part V *Gesture and the L2 Classroom* considers teachers gestures students gestures and how students interpret teachers gestures Although there is a large body of research on gesture across a number of disciplines including anthropology communications psychology sociology and child development to date there has been comparatively little investigation of gesture within applied linguistics This volume provides readers unfamiliar with L2 gesture studies with a powerful new lens with which to view many aspects of language in use language learning and language teaching **Second Language Classrooms** Craig Chaudron, 1993 **Second Language Research** Alison Mackey, Susan M. Gass, 2021-09-30 *Second Language Research Methodology and Design* is a clear comprehensive overview of core issues in L2 research Authored by well known scholars in SLA and supported by a

wealth of examples from actual studies and extensive pedagogical resources this book first introduces students to the key topics and debates in L2 research It then guides readers step by step through the research process from basic principles and collection methods through study design and reporting to the point of being able to conduct their own research from beginning to end This book is an essential text for students and novice researchers of SLA applied linguistics and second and foreign language teaching Key Features A wealth of graphics visuals and exercises in each chapter Time to Think and Time to Do boxes within chapters Helpful glossary and subject index New to This Edition Substantially reorganized chapters Significantly expanded chapters on qualitative and mixed methods Substantive revised material on computer technology based research Spotlights a variety of new software packages and databases including video mediated technology and games Discusses the Open Science Movement Expanded coverage of corpora processing and psycholinguistics based research Updated references throughout

This is likewise one of the factors by obtaining the soft documents of this **Second Language Classroom Research** by online. You might not require more mature to spend to go to the ebook foundation as with ease as search for them. In some cases, you likewise realize not discover the notice Second Language Classroom Research that you are looking for. It will certainly squander the time.

However below, following you visit this web page, it will be for that reason totally easy to get as without difficulty as download lead Second Language Classroom Research

It will not endure many epoch as we accustom before. You can realize it even if behave something else at house and even in your workplace. thus easy! So, are you question? Just exercise just what we allow below as competently as review **Second Language Classroom Research** what you behind to read!

Second Language Classroom Research Introduction

In the digital age, access to information has become easier than ever before. The ability to download Second Language Classroom Research has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Second Language Classroom Research has opened up a world of possibilities. Downloading Second Language Classroom Research provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Second Language Classroom Research has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Second Language Classroom Research. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Second Language Classroom Research. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Second Language Classroom Research, users should also

consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Second Language Classroom Research has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Second Language Classroom Research Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Second Language Classroom Research is one of the best book in our library for free trial. We provide copy of Second Language Classroom Research in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Second Language Classroom Research. Where to download Second Language Classroom Research online for free? Are you looking for Second Language Classroom Research PDF? This is definitely going to save you time and cash in something you should think about.
