Secret Agents The Rosenberg Case Mccarthyism And Fifties America:

Secret Agents Marjorie Garber, Rebecca Walkowitz, 2013-10-18 When the American Bar Association recreated the trial of Ethel and Julius Rosenberg on the fortieth anniversary of their execution the jury acquitted the mock Rosenbergs finding that in today s courts they would not have been convicted of espionage The 1950s trial of the Rosenbergs on charges of Atomic Spying and stealing the secrets of the Atomic bomb was a major event of Cold War America galvanizing public opinion on all sides of the question *Secret Agents* presents essays by lawyers cultural critics social historians and historians of science as well as a reconsideration of the Rosenbergs by their younger son Robert Meeropol *Secret Agents* gives new resonance to a history we have for too long been willing to forget

Secret Agents Marjorie Garber, Rebecca Walkowitz, 2013-10-18 When the American Bar Association recreated the trial of Ethel and Julius Rosenberg on the fortieth anniversary of their execution the jury acquitted the mock Rosenbergs finding that in today s courts they would not have been convicted of espionage The 1950s trial of the Rosenbergs on charges of Atomic Spying and stealing the secrets of the Atomic bomb was a major event of Cold War America galvanizing public opinion on all sides of the question *Secret Agents* presents essays by lawyers cultural critics social historians and historians of science as well as a reconsideration of the Rosenbergs by their younger son Robert Meeropol *Secret Agents* gives new resonance to a history we have for too long been willing to forget

American Culture in the 1950s Martin Halliwell, 2007-03-13 This book provides a stimulating account of the dominant cultural forms of 1950s America fiction and poetry theatre and performance film and television music and radio and the visual arts Through detailed commentary and focused case studies of influential texts and events from *Invisible Man* to *West Side Story* from Disneyland to the Seattle World s Fair from *Rear Window* to *The Americans* the book examines the way in which modernism and the cold war offer two frames of reference for understanding the trajectory of postwar culture The two core aims of this volume are to chart the changing complexion of American culture in the years following World War II and to provide readers with a critical investigation of the 1950s The book provides an intellectual context for approaching 1950s American culture and considers the historical impact of the decade on recent social and cultural developments

Spies in the Congo Susan Williams, 2016-08-09 In the 1940s the brightest minds of the United States and Nazi Germany raced to West Africa with a single mission to secure the essential ingredient of the atomic bomb and to make sure nobody saw them doing it Albert Einstein told President Franklin D Roosevelt in 1939 that the world s only supply of uniquely high quality uranium ore the key ingredient for bomb could be found in the Katanga province of the Belgian Congo at the Shinkolobwe Mine Once the US Manhattan Project was committed to developing atomic weapons for the war against Germany and Japan the rush to procure this uranium became a top priority one deemed vital to the welfare of the United States But covertly exporting it from Africa posed a major risk the ore had to travel via a spy infested Angolan port or 1 500 miles by rail through the Congo and then be shipped by boats or Pan Am Clippers to safety in the United States It could be poached or smuggled at any point on the

orders of Nazi Germany To combat that threat the US Office of Strategic Services sent in a team of intrepid spies led by Wilbur Owings Dock Hogue to be America's eyes and ears and to protect its most precious and destructive cargo Packed with newly discovered details from American and British archives this is the gripping true story of the unsung heroism of a handful of good men and one woman in colonial Africa who risked their lives in the fight against fascism and helped deny Hitler his atomic bomb

Edible Ideologies Kathleen LeBesco, Peter Naccarato, 2012-08-13 *Edible Ideologies* argues that representations of food in literature and popular fiction cookbooks and travel guides war propaganda women's magazines television and print advertisements are not just about nourishment or pleasure Contributors explore how these various modes of representation reflecting prevailing attitudes and assumptions about food and food practices function instead to circulate and transgress dominant cultural ideologies Addressing questions concerning whose interests are served by a particular food practice or habit and what political ends are fulfilled by the historical changes that lead from one practice to another in Western culture the essays offer a rich historical narrative that moves from the construction of the nineteenth century English gentleman to the creation of two of today's iconic figures in food culture Julia Child and Martha Stewart Along the way readers will encounter World War I propaganda holocaust and Sephardic cookbooks the Rosenbergs German tour guides fast food advertising food packaging and chocolate and will find food for thought on the meanings of everything from camembert to Velveeta from salads to burgers and from tikka masala to Campbell's soup

States of Violence Austin Sarat, Jennifer L. Culbert, 2009-04-27 This book brings together scholarship on three different forms of state violence examining each for what it can tell us about the conditions under which states use violence and the significance of violence to our understanding of states This book calls into question the legitimacy of state uses of violence and mounts a sustained effort at interpretation sense making and critique

Elemental Germans Christoph Laucht, 2012-05-15 Christoph Laucht offers the first investigation into the roles played by two German born emigre atomic scientists Klaus Fuchs and Rudolf Peierls in the development of British nuclear culture especially the practice of nuclear science and the political implications of the atomic scientists work from the start of the Second World War until 1959

Helen Frankenthaler Alison Rowley, 2007-10-24 This extraordinary examination of the work of colour field painter Helen Frankenthaler overturns assumptions about the artist whose work has been burdened by its label as the bridge between Pollock and what was possible Trained as a painter Alison Rowley brings a keen eye to Frankenthaler's paintings returning to the fore the artist's debt not only to Jackson Pollock but also to Cezanne and speculating for the first time as to her artistic responses to wider political events in particular the Rosenberg trial Making a fascinating case too for the connections between the breakthrough work *Mountains and Sea* and Lily Briscoe's painting in Virginia Woolf's novel *To the Lighthouse* this beautifully written book provides crucial new insights into Frankenthaler's practice as a painter who is also a woman

Americans and the Wars of the Twentieth Century Jenel Virden, 2008-02-04 Jenel Virden outlines the causes courses and consequences of the major wars

of the Twentieth century in American history examining how the US became involved how the wars were fought and the domestic consequences Applying just war theory foreign policy as well as civil liberty are discussed **Fredric Wertham and the Critique of Mass Culture** Bart Beaty,2005 This book is a re examination of the critic whose Congressional testimony sparked the Comics Code Bart Beaty traces the evolution of Wertham s attitudes toward popular culture and reassesses his place in the debate about pop culture s effects on youth and society When *The Seduction of the Innocent* was published in 1954 Wertham 1895 1981 became instantly known as an authority on child psychology Although he had published several books before *Seduction* its sharp criticism of popular culture in general and comic books in particular made it a touchstone for debate about issues of censorship child protection and freedom of speech This book reinterprets his intellectual legacy and challenges notions about his alleged cultural conservatism Drawing upon Wertham s published works as well as his unpublished private papers correspondence and notes Beaty reveals a man whose opinions life and career offer more subtlety of thought than previously assumed In particular the book examines Wertham s change of heart in the 1970s when he began to claim that comics could be a positive influence in American society **Race Woman** Gerald Horne,2000-09 Horne tells her remarkable story exploring her work as a Harlem Renaissance playwright biographer composer teacher novelist Left political activist advisor and inspiration **BOOK JACKET** **Encyclopedia of Cold War Espionage, Spies, and Secret Operations** Richard Trahair,2012-01-10 The only comprehensive and up to date book of its kind with the latest information *A Kinder, Gentler America* Mary Caputi,2005 In the Norman Rockwell paintings of the 1940s and 1950s wrote Newt Gingrich there was a clear sense of what it meant to be an American Gingrich s words underline what Mary Caputi sees as a desire of the neoconservative movement to set a foundation for modern America that ennoble the past Analyzing these competing uses of the past *A Kinder Gentler America* reveals how longing for the era of the greatest generation actually exposes a disillusionment with the present Caputi draws on the theoretical frameworks of Julia Kristeva and Walter Benjamin to look at how the decade has been portrayed in movies such as *Pleasantville* and *Far from Heaven* and delves further to investigate our disenchantment s lost origins in early modernity through a reading of the poetry of Baudelaire What emerges is a stark contrast between the depictions of a melancholic present and a cheerful shiny past In the right s invocation of the mythical 1950s and the left s criticism of the same Caputi recognizes a common unfulfilled desire and proposes that by understanding this loss both sides can begin to accept that American identity despite chaos and confusion lies in the here and now Mary Caputi is professor of political science at California State University Long Beach and is author of *Voluptuous Yearnings A Feminist Theory of the Obscene* *International Communism and the Spanish Civil War* Lisa A. Kirschenbaum,2015-07-28 *International Communism and the Spanish Civil War* provides an intimate picture of international communism in the Stalin era Exploring the transnational exchanges that occurred in Soviet structured spaces from clandestine schools for training international revolutionaries in Moscow to the International Brigades

in Spain the book uncovers complex webs of interaction at once personal and political that linked international communists to one another and the Soviet Union The Spanish Civil War which coincided with the great purges in the Soviet Union stands at the center of this grassroots history For many international communists the war came to define both their life histories and political commitments In telling their individual stories the book calls attention to a central paradox of Stalinism the simultaneous celebration and suspicion of transnational interactions and illuminates the appeal of a cause that promised solidarity even as it practiced terror

The Eisenhower Years Michael S. Mayer, 2009 The 34th U S president to hold office Dwight D Eisenhower won America over with his irresistible I like Ike slogan Bringing to the presidency his prestige as a commanding general during World War II he worked incessantly during his two terms to ease the tensions of the cold war Pursuing the moderate policies of Modern Republicanism he left a legacy of a stronger and more powerful nation From his crucial role in support of Brown v Board of Education to the National Defense Education Act The Eisenhower Years provides a well balanced study of these politically charged years Biographical entries on key figures of the Eisenhower era such as Allen W Dulles Joseph R McCarthy and Rosa Parks combine with speeches such as the Military Industrial Complex speech the Open Skies proposal the disturbance at Little Rock address Eisenhower Doctrine and his speech after the Soviet launch of Sputnik to give an in depth look at the executive actions of this administration

Disasters and Tragic Events Mitchell Newton-Matza, 2014-03-26 From the Salem Witch Trials of 1692 to the Sandy Hook school massacre of 2012 this two volume encyclopedia surveys tragic events natural and man made famous and forgotten that helped shape American history Tragedies and disasters have always been part of the fabric of American history Some gave rise to reactions that profoundly influenced the nation Others dominated public consciousness for a moment then disappeared from collective memory Organized chronologically Disasters and Tragic Events examines these moments covering both the familiar and the obscure and probing their immediate and long term effects Unlike other works that concentrate on a particular type of disaster for example weather or medicine related tragedies this two volume encyclopedia has no such limits Its entries range from natural disasters such as hurricanes and tornadoes to civic disturbances environmental disasters epidemics and medical errors transportation accidents and more The work is a perfect supplement for history classes and will also prove of great interest to the general reader

When Private Talk Goes Public Kathleen Feeley, Jennifer Frost, 2014-08-06 Gossip is one of the most common and most condemned forms of discourse in which we engage even as it is often absorbing and socially significant it is also widely denigrated This volume examines fascinating moments in the history of gossip in America from witchcraft trials to People magazine helping us to see the subject with new eyes

Dead Women Talking Brian Norman, 2012-11-15 Brian Norman uncovers a curious phenomenon in American literature dead women who nonetheless talk These characters appear in works by such classic American writers as Poe Dickinson and Faulkner as well as in more recent works by Alice Walker Toni Morrison Tony Kushner and others These figures are also emerging in contemporary culture from

the film and best selling novel *The Lovely Bones* to the hit television drama *Desperate Housewives* Dead Women Talking demonstrates that the dead especially women have been speaking out in American literature since well before it was fashionable Norman argues that they voice concerns that a community may wish to consign to the past raising questions about gender violence sexuality class racial injustice and national identity When these women insert themselves into the story they do not enter precisely as ghosts but rather as something potentially more disrupting posthumous citizens The community must ask itself whether it can or should recognize such a character as one of its own The prospect of posthumous citizenship bears important implications for debates over the legal rights of the dead social histories of burial customs and famous cadavers and the political theory of citizenship and social death Leonard Cassuto author of *Hard Boiled Sentimentality The Secret History of American Crime Stories* **Democratic Artworks** Charles Hersch, 1998-08-13

Focusing on a period in which the meaning of democracy came to the forefront of public debate the fifties and sixties the author argues that the arts can strengthen democracy by politically educating citizens Hersch addresses this issue by first looking at the ideas of Lionel Trilling and the New York Intellectuals in the 1950s as expressed through literature and social commentary and then by showing how jazz and rock musicians in the 1960s through their individual songs and performances expressed the ideas and ideals of the political movements of that decade *Democratic Artworks* is the first to consider the New York Intellectuals sixties jazz or Bob Dylan from the perspective of political theory and to focus on their contributions to democracy **Daily Life through American History in Primary Documents** Randall M. Miller, Theodore J.

Zeman, Francis J. Sicius, Jolyon P. Girard, 2011-12-12 With this book students teachers and general readers get a most important look at primary documents essentially history's first draft revealing rare insights into how American life in past eras really was and also about how professional historians begin their work *Daily Life through American History in Primary Documents* presents a large sweep of American history through the voices of the American people themselves This multivolume work explores the daily lives of American people from colonial times to the present through primary documents that include diaries letters memoirs speeches sermons pamphlets and all manner of public and private writings from the people The emphasis is on the variety of people's experiences as they ordered and lived their daily lives The cast includes Americans of every class and condition men and women parents and children free and unfree native born and immigrant Hundreds of images further illustrate American life as it developed over more than four centuries and as Americans moved across a continent Organized both chronologically and topically this collection invites many uses by students teachers librarians and anyone wanting to discover what counted in American lives at any one time and over time Its focus on primary documents encourages readers of the volume to explore specific and critical events by taking a firsthand look at the actual documents from which those events draw historical meaning The documents show Americans at work at home at play in the public square in places of worship and on the move As such they perfectly complement the acclaimed *Greenwood*

Encyclopedia of Daily Life in America and will enrich any American history social science and sociology classroom
