*The Roycrofter*, 1927      *Venomous Secrets : A Historical Fantasy Forced Marriage Romance* Anne Renwick, 2021-06-10  
Enjoy this story by historical fantasy romance author Anne Renwick where you'll unravel mysteries and defy conventions in a world where danger lurks around every corner. You'll find forbidden romance, evil villains, and mad science. When the boundaries between scientific pursuit and personal risk blur, love and danger intertwine in the most unexpected ways. Cait McCullough, a venom expert, is troubled. Bored, she longs for excitement. And investigating a vicious fanged creature who stalks its victims by lamplight in darkest London offers the perfect opportunity. Working with a handsome unmarried agent, a delightful bonus. Agent Jonathan Jack Tagert's impending blindness threatens his line of work. The timing couldn't be worse. When a deadly attack upon a lord at his brother's engagement ball connects to a string of odd murders, the hunt begins for a seductive predator. Societal scandal binds them together, sending them on a perilous mission to trace the creature's past, to separate fact from myth. As the venomous truth slithers near, time is running out. Can the pair untangle a mystery and stop the body count from rising? **STEP INTO THE ELEMENTAL WEB** *Venomous Secrets* is the fourth story in the *Elemental Web Chronicles*, although all books in the *Elemental Web Chronicles* Tales Stories can be read as standalones. Steampunk and gaslamp romance for fans of Meljean Brook, Bec McMaster, Gail Carriger, and Jacquelyn Benson, a world of Victorian romance, speculative science, and heroines who defy society's expectations, all threaded with whispers of myth, monsters, and magic.

*Solange*, 2024-10-15 London-based jewelry designer Solange Azagury Partridge's work has transformed the jewelry industry over the past thirty-five years and left an indelible mark on the art of adornment itself. Her first book is a captivating exploration of the enchanting world she has crafted through her fantasy-filled creations. Witty, urbane, and edgy, Azagury Partridge's jewels are known for their explosive design and provocative themes and characterized by bold and unconventional use of color and material. Her work has gained a dedicated following in the fashion and jewelry industries for its innovation and avant-garde designs that set her apart from more traditional jewelry houses. Celebrities and tastemakers such as Julianne Moore, Sarah Jessica Parker, and Beyoncé beat a path to Solange's London boutique drawn to her iconoclastic, pop-art-influenced jewels playfully irreverent yet subtly layered with cultural and historical meaning and redolent of talismanic traditions. Her expressive rings, alive with color, remain her best-known and most innovative creations. Her love of language and meaning became part of the creative process, informing the names of her collections: *Stoned Chromance*, *Regalia*, *Poptails*, *Scribbles*, *Sentimentals*, *Hotlips*, and *Metamorphosis*. Her first book offers a rainbow array of the styles and collections that this singular jeweler has brought to life.      *Engendered Death* Joseph W. Laythe, 2011-12-16 *Engendered Death* Pennsylvania Women Who Kill is an historical and interdisciplinary study of women who kill in Pennsylvania from the 18th century to the present. It is not an examination of what motivates women to kill, although the reader may deduce that from the case studies included. Instead, it is an examination of how society perceives women who kill and how the gender lens

is applied to them throughout the legal process in the media and in the courtroom What makes this work particularly unique is its combination of both scholarly analysis and narrative case studies As such it will appeal to both the scholar and the reader of true crime non fiction If we are to recognize the complex variables at play in all criminal offenses we will need to understand that the laws of a community its social values its politics economics and even geography play a factor in what laws are enforced and against whom they are enforced The decision to define and label certain behaviors and certain people was based on social political and economic considerations of each community Thus the commission of murder by a woman in Arizona may have a variety of factors associated with it that are not present in the case of a woman who murdered her husband in Maine This study in part because of the volume of cases and in part to limit the variables affecting the cases has limited its scope of women killers to the state of Pennsylvania Pennsylvania is the ideal state to study because of its long and stable legal and political traditions its historically diverse population and the large number of newspapers that will help us gauge the public s view of women and women who kill By limiting our scope to one state we know that the legal definitions are fairly consistent for all of the women during a certain period and we can more easily identify the shifts in social values regarding women and homicide
