Secret Trial Of Imre Nagy:

The Secret Trial of Imre Nagy Alajos Dornbach,1994-11-30 Among the various secret or staged processes in court that are all to some degree the focus of public attention the process against Hungarian Prime Minister Imre Nagy of the 1956 Revolution is especially noteworthy This volume contains the most important documents of this process the indictment the death sentence the prosecutor s motion 31 years later concerning the repeal of the death sentence and the acquittal The separate research papers analyze the historical background of the process and the unlawful practices followed in the administration of justice of the communist party state best exemplified by the most serious infringements in the process against Imre Nagy This book may be read with interest not only by lawyers and historians but by all interested in the struggle of human will against political terror

Retroactive Justice István Rév,2005 The book offers a vast panorama of Communism from the perspective of its collapse and inspects the world beyond the fall in the distorting mirror of its imagined prehistory providing in the process a perceptive analysis of a number of the fundamental issues of history writing

One Day That Shook the Communist World Paul Lendvai,2010-12-16 On October 23 1956 a popular uprising against Soviet rule swept through Hungary like a force of nature only to be mercilessly crushed by Soviet tanks twelve days later Only now fifty years after those harrowing events can the full story be told This book is a powerful eyewitness account and a gripping history of the uprising in Hungary that heralded the future liberation of Eastern Europe Paul Lendvai was a young journalist covering politics in Hungary when the uprising broke out He knew the government officials and revolutionaries involved He was on the front lines of the student protests and the bloody street fights and he saw the revolutionary government smashed by the Red Army In this riveting deeply personal and often irreverent book Lendvai weaves his own experiences with in depth reportage to unravel the complex chain of events leading up to and including the uprising its brutal suppression and its far reaching political repercussions in Hungary and neighboring Eastern Bloc countries He draws upon exclusive interviews with Russian and former KGB officials survivors of the Soviet backlash and relatives of those executed He reveals new evidence from closed tribunals and documents kept secret in Soviet and Hungarian archives Lendvai s breathtaking narrative shows how the uprising while tragic delivered a stunning blow to Communism that helped to ultimately bring about its demise One Day That Shook the Communist World is the best account of these unprecedented events

Stephen I, the First Christian King of Hungary Nora Berend,2024-07-12 Stephen I Hungary s first Christian king reigned 997 1038 has been celebrated as the founder of the Hungarian state and church Despite the scarcity of medieval sources and consequent limitations on historical knowledge he has had a central importance in narratives of Hungarian history and national identity This book argues that instead of conceptualizing modern political medievalism separately as an abuse of history we must investigate history s very fabric because cultural memory is woven into the production of the medieval sources Medieval myth making served as a firm basis for centuries of further elaboration and

reinterpretation both in historiography and in political legitimizing strategies In many ways we cannot reach the real Stephen but we can do much more to understand the shaping of his myths The author traces the origin of crucial stories around Stephen contextualizing both the invention of early narratives and their later use A challenger to Stephen's rule who may be a medieval literary invention became the protagonist of a rock opera in 1983 also standing in for Imre Nagy a key figure of the 1956 revolution moreover he was reinvented as the embodiment of true Hungarian identity The alleged right hand relic was discovered to provide added legitimacy for Hungary's kings and then became a protagonist of the entanglement of Church and state A medieval crown was invested with supernatural status before turning into a national symbol This book analyses the often seamless flow that has turned medieval myth into modern history showing that politicisation was not a modern addition but a determinant factor from the start

Cold War Spencer C. Tucker, Priscilla Roberts, 2007-09-10 The most comprehensive and up to date student reference on the Cold War offering expert coverage of all aspects of the conflict in a richly designed format fully illustrated to give students a vivid sense of life in all countries affected by the war ABC CLIO is proud to announce the latest addition to its widely acclaimed legacy of historical reference works for students Under the direction of internationally known expert Spencer Tucker *Cold War A Student Encyclopedia* captures the vast scope day to day drama and lasting impact of the Cold War more clearly and powerfully than any other student resource ever published Ranging from the end of the Second World War to the collapse of the Soviet Union *Cold War A Student Encyclopedia* offers vivid portrayals of leading individuals significant battles economic developments societal cultural events changes in military technology and major treaties and diplomatic agreements The nearly 1 100 entries plus topical essays and a documents volume draw heavily on recently opened Russian Eastern European and Chinese archives Enhanced by a rich program of maps and images it is a comprehensive current and accessible student reference on the dominant geopolitical phenomenon of the late 20th century

The Hidden Histories of War Crimes Trials Kevin Heller, Gerry Simpson, 2013-10-31 This is an open access title available under the terms of a CC BY NC ND 3 0 International licence It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations Several instances of war crimes trials are familiar to all scholars but in order to advance understanding of the development of international criminal law it is important to provide a full range of evidence from less familiar trials This book therefore provides an essential resource for a more comprehensive overview uncovering and exploring some of the lesser known war crimes trials that have taken place in a variety of contexts international and domestic northern and southern historic and contemporary It analyses these trials with a view to recognising institutional innovations clarifying doctrinal debates and identifying their general relevance to contemporary international criminal law At the same time the book recognises international criminal law's history of suppression or sublimation What stories has the discipline refused to tell What stories have been displaced by the ones it has told Has international criminal law's framing or telling of these stories excluded other possibilities And

perhaps most important of all how can recovering the lost stories and imagining new narrative forms reconfigure the discipline Many of the trials examined in this book have hardly ever before been discussed others have been examined only in the most cursory manner Indeed until now no volume has been dedicated to telling the story of these trials that have yet to find a place in the international criminal law canon Providing a detailed analysis of these trials which took place in Europe Africa South America and Australasia in both historical and contemporary contexts this book is essential reading for anyone concerned with the development of international criminal law

The Transition to Democracy in Hungary Dae Soon Kim, 2013-07-18 Unlike in other countries of Eastern Europe where the opposition to communism came in the form of single mass movements led by charismatic leaders such as Vclav Havel and Lech Wa sa in Hungary the opposition was very fragmented brought together and made effective only by the authoritative significant but relatively unknown rp d G nc z who subsequently became Hungary s first post communist president This book charts the political career of rp d G nc z outlining the outstanding contribution he made to Hungary s transition to democracy Drawing on a wide range of sources including archives and interviews with G nc z himself and others it shows how G nc z unlike Havel who was a playwright and whose political role was largely symbolic was a campaigning politician all his life consistently advocating social democratic but not communist values Imprisoned from 1956 for his participation in the 1956 uprising G nc z was a highly effective political operator in the transition period around 1989 and as president wielded real power effectively As politics in Hungary are again marred by deep division and fragmentation G nc z s success in bringing rival groups together is even more pronounced

By Force of Thought János Kornai, 2008-09-26 The intellectual autobiography of an economist influential in both command economies and free market economies that discusses his life work and the social and political environment during the Second World War the 1956 Hungarian Revolution and its aftermath and the post socialist transition

American Foreign Policy, Current Documents, 1959 *The Cold War* Spencer C. Tucker, 2020-10-27 This sweeping reference work covers every aspect of the Cold War from its ignition in the ashes of World War II through the Berlin Wall and the Cuban Missile Crisis to the collapse of the Soviet Union in 1991 The Cold War superpower face off between the Soviet Union and the United States dominated international affairs in the second half of the 20th century and still reverberates around the world today This comprehensive and insightful multivolume set provides authoritative entries on all aspects of this world changing event including wars new military technologies diplomatic initiatives espionage activities important individuals and organizations economic developments societal and cultural events and more This expansive coverage provides readers with the necessary context to understand the many facets of this complex conflict The work begins with a preface and introduction and then offers illuminating introductory essays on the origins and course of the Cold War which are followed by some 1 500 entries on key individuals wars battles weapons systems diplomacy politics economics and art and culture Each entry has cross references and a list of books for further reading The text includes more than 100 key primary source documents a

detailed chronology a glossary and a selective bibliography Numerous illustrations and maps are inset throughout to provide additional context to the material *Bulletin*, 1998 **The Cold War in Asia** James Gordon Hershberg, 1996 **The Most Important Art** Mira Liehm, Antonín J. Liehm, 1980-01-01 **Orbán** Paul Lendvai, 2018-03-01 A no holds barred biography of Hungarian Prime Minister Viktor Orbán who has become a pivotal figure in European politics since 2010 this is the first English language study of the erstwhile anti communist rebel turned populist autocrat Through a masterly and cynical manipulation of ethnic nationalism generating fear of migrants and deep rooted corruption Orbán has exploited successive electoral victories to build a closely knit and super rich oligarchy He holds unfettered power in Hungary and is regarded as the single most powerful leader within the European Union Orbán's ambitions are far reaching Hailed by governments and far right politicians as a symbol of a new anti Brussels nationalism his ruthless crackdown on refugees his open break with normative values and his undisguised admiration for Presidents Putin and Trump mean he poses a formidable challenge to Angela Merkel and the survival of liberal democracy in a divided Europe Drawing on access to exclusive documents and numerous interviews celebrated veteran journalist Paul Lendvai paints a compelling portrait of the most successful and arguably most dangerous politician in Hungarian history *Hungary and the superpowers* Janos Radvanyi, 1972 **The First Domino** Johanna Cushing Granville, 2004 A Fascinating Analysis Based on Newly Declassified Documents from the Former USSR and Communist Bloc On October 23 24 and November 3 4 1956 the Soviet Union invaded Hungary to reassert strict communist rule The First Domino International Decision Making during the Hungarian Crisis of 1956 is the first analytical monograph in English drawing on new archival collections from East bloc countries to reinterpret decision making during this Cold War crisis Johanna Granville selects four key patterns of misperception as laid out by Columbia University political scientist Robert Jervis and shows how these patterns prevailed in the military crackdown and in other countries reactions to it Granville perceptively examines the statements and actions of Soviet Presidium members the Hungarian leadership U S policy makers and even Yugoslav and Polish leaders According to Granville Soviet first secretary Nikita Khrushchev zigzagged ineptly between policy options with apparently little or no analysis of costs and risks permitting Moscow's Eastern European satellites at times to subtly manipulate the Kremlin's decision making Granville's discussions of Polish policy Yugoslav actions and the arduous process of normalization after the uprising show that the Soviets were preoccupied with stemming what many of them construed as a Western encouraged attempt to undermine Eastern Europe's communist regimes Granville concludes that the United States bears some responsibility for the events of 1956 as ill advised U S covert actions may have convinced the Soviet leaders that the United States was attempting to weaken Soviet hegemony over Eastern Europe although the Eisenhower administration actually intended only to sow confusion and dissatisfaction This masterful study leads to the conclusion that the Hungarian Crisis in 1956 was most likely sustained by self perpetuating misperceptions and suspicions among key countries In short Granville's multi archival research tends to confirm the post

revisionists theory about the cold war it was everyone s fault and no one s fault It resulted from the emerging bipolar structure of the international system the power vacuum in Europe s center and spiraling misconceptions **Press Release**,1958 **The Encyclopedia of the Cold War** Spencer C. King of the Mountain Arnold M. Ludwig,2002-01-01 People may choose to ignore their animal heritage by interpreting their behavior as divinely inspired socially purposeful or even self serving all of which they attribute to being human but they masticate fornicate and procreate much as chimps and apes do so they should have little cause to get upset if they learn that they act like other primates when they politically agitate debate abdicate placate and administrate too from the book King of the Mountain presents the startling findings of Arnold M Ludwig s eighteen year investigation into why people want to rule The answer may seem obvious power privilege and perks but any adequate answer also needs to explain why so many rulers cling to power even when they are miserable trust nobody feel besieged and face almost certain death Ludwig s results suggest that leaders of nations tend to act remarkably like monkeys and apes in the way they come to power govern and rule Profiling every ruler of a recognized country in the twentieth century over 1 900 people in all Ludwig establishes how rulers came to power how they lost power the dangers they faced and the odds of their being assassinated committing suicide or dying a natural death Then concentrating on a smaller sub set of 377 rulers for whom more extensive personal information was available he compares six different kinds of leaders examining their characteristics their childhoods and their mental stability or instability to identify the main predictors of later political success Ludwig s penetrating observations though presented in a lighthearted and entertaining way offer important insight into why humans have engaged in war throughout recorded history as well as suggesting how they might live together in peace
