Secret Session Speeches:

Secret Session Speeches Winston S. Churchill, 2020-10-01 This collection of addresses to the House of Commons during WWII provides unique insight into the British Prime Minister's wartime leadership. During World War II security was so precarious that the House of Commons was at times forced to meet in secret in order to keep its counsel from reaching the enemy. On five separate occasions between 1940 and 1942 Winston Churchill addressed the secret assembly. Those fateful speeches are reproduced in this collection. Here Churchill delivers his immediate reactions to the fall of France, the discovery of a vast enemy armada in the English Channel and the fall of Singapore which may have been the most heartbreakingly costly military failure of Churchill's career. These speeches offer intimate insight into Churchill's thinking in this highly consequential period. Originally published in 1945, *Secret Sessions Speeches* provides fascinating context to some of World War II's most significant events and continue to carry great weight and meaning today.

Hooper, 2018-02-22 The invasion of Iraq in 2003 and the Coalition Government's failure to win parliamentary approval for armed intervention in Syria in 2013 mark a period of increased scrutiny of the process by which the UK engages in armed conflict. For much of the media and civil society there now exists a constitutional convention which mandates that the Government consults Parliament before commencing hostilities. This is celebrated as representing a redistribution of power from the executive towards a more legitimate democratic institution. This book offers a critical inquiry into Parliament's role in the war prerogative since the beginning of the twentieth century evaluating whether the UK's decisions to engage in conflict meet the recognised standards of good governance, accountability, transparency and participation. The analysis reveals a number of persistent problems in the decision making process including Parliament's lack of access to relevant information, government legalisation of parliamentary debates which frustrates broader discussions of political legitimacy and the skewing of debates via the partial public disclosure of information based upon secret intelligence. The book offers

solutions to these problems to reinvigorate parliamentary discourse and to address government withholding of classified information It is essential reading for anyone interested in war powers the relationship between international law and domestic politics and the role of the Westminster Parliament in questions of national security **CHURCHILL** Geoffrey Best,2001-01-01 We are all worms But I do believe I am a glow worm Churchill Winston Churchill s inspiring leadership in the Second World War once made him above criticism In recent years his record has come under attack from revisionists In Churchill A Study in Greatness one of Britain s most distinguished historians rebuts these charges and makes sense of this extraordinary man and his long controversial colourful contradictory and heroic career Geoffrey Best brings out both his strengths and his weaknesses looking past the many received versions of Churchill in a biography that balances the private and the public man and offers a clear insight into Churchill s greatness We are all worms But I do believe I am a glow worm Churchill Winston Churchill s inspiring leadership in the Second World War once made him above criticism In recent years his record has come under attack from revisionists In Churchill A Study in Greatness one of Britain s most distinguished historians rebuts these charges and makes sense of this extraordinary man and his long controversial colourful contradictory and heroic career Geoffrey Best brings out both his strengths and his weaknesses looking past the many received versions of Churchill in a biography that balances the private and the public man and offers a clear insight into Churchill s greatness
