I will also understand you the more, if you realize, if you agree, that there has never greater thing happened than your shift into Europe in the post-war period. I am glad that the power of the United States has diminished in all the continents of the world. There is no doubt that the power of the United States has diminished in all the continents of the world. There is no doubt that the power of the United States has diminished in all the continents of the world.

Chlorophyll *a* and *b* were determined using a spectrophotometer (Shimadzu UV-1601) at 663 and 646 nm, respectively. The protein concentration was determined using a protein assay reagent (Bio-Rad) and a bovine serum albumin standard (Bio-Rad). The optical density was measured at 280 nm. The optical density was converted to protein concentration using a standard curve.
