reporter Maisy Farley is one of Sasha's long time friends and closest confidantes. When she gets an anonymous tip about Sasha's case, she's compelled to see where it leads. But as Sasha prepares for trial and Maisy digs deeper into her source's allegations, it's clear someone is pulling the strings behind the scenes. The friends are on a collision course as they each work to uncover the truth and the secrets they expose will have explosive consequences. In *Insidious Threats* Book 16, Sasha and Leo team up against their most powerful adversary yet. But has the wife and husband duo finally met their match? When Landon Lewis plunged to his death from his office window, he left behind a slew of unanswered questions. The one that weighs most heavily on Leo Connelly's mind is what exactly he was supposed to do with the package Landon sent him the day he died. As a special agent for a secretive government agency, Leo has the connections and resources to crack open the encrypted flash drive, but the letter accompanying the drive gives him pause. The dead man's words are so cryptic, so ominous, so chilling that Leo decides this is an operation best conducted off the books, far away from his agency's watchful eye and his wife's. Under ordinary circumstances, Sasha McCandless Connelly would notice when her husband is hiding something. Unfortunately, she's distracted by the behavior of her former law firm. When Prescott Talbot's managing partner resigns abruptly and then disappears, the firm leaders come to Sasha ostensibly for help. But she knows better than to trust them. As Sasha digs into the truth behind Cinco Prescott's disappearance, Leo unravels the mystery of Landon's flash drive. What they uncover separately leads to one inescapable conclusion: they'll have to work together to dismantle the dangerous dystopian MJINIR network without being detected or die trying.

Piper Prince *Amber Argyle*, 2019-04-22. Can you hear him? The beast is coming for you. Long ago, a curse fell upon the land, a curse of forgetting and wraiths, a curse that ensured no daughters were born to the piper pipers in over three centuries. The pipers were all that stood between the humanity and utter destruction, so they did the only thing they could: they stole the daughters of the nearby kingdom with their hypnotizing melodies. With the sons born from those unions, they continued to defend against the wraiths and fight the curse, even though they were slowly losing. Larkin was one of those daughters, stolen by Denan and married against her will. She found herself falling in love with the very man who had taken everything from her, the man who had made her a princess. Together, they discovered that she was the first woman in three centuries to possess the magic of the pipers and therefore the only person capable of breaking the ancient curse. But breaking the curse means unraveling the very past; the curse is intent on keeping secret. The answer lies buried in the crypts of the Black Druids, men who consider Larkin a traitor; they'll kill on sight. Embedded in the intrigues of their court, she unearths a dark conspiracy destined to hasten the destructive power of the curse, a conspiracy aimed at destroying her piper prince.
