British Women Mystery Writers Mary Hadley, 2015-10-02 Many aspects of British detective fiction are intriguingly different from the American detective fiction. And confusingly many of the British women detectives who have made it to American television are far from typical of the latest women detectives. This work is a study of British detective fiction with female protagonists written by women. Authors included are P. D. James, Jennie Melville, Liza Cody, Val McDermid, Joan Smith, and Susan Moody. Special attention is paid to the evolution of the British female sleuth from the 1960s to the year 2000, particularly the 1980s, and how this shaped and altered detective fiction. Also discussed is the effect of the British judicial system and gun laws on detective fiction and real life, the types of crimes women detectives usually investigate, why certain directions have been taken, and which ones may be taken in the future. Issues being raised by the authors and new women authors of detective fiction with female protagonists.

Latin American Mystery Writers Darrell B. Lockhart, 2004-03-30 Latin America has a rich literary tradition that is receiving growing amounts of attention. The body of Latin American mystery writing is especially vast and diverse. Because it is part of Latin American popular culture, it also reflects many of the social and cultural concerns of that region. This reference provides an overview of mystery fiction of Latin America. While many of the authors profiled have received critical attention, others have been relatively neglected. Included are alphabetically arranged entries on 54 writers, most of whom are from Argentina, Mexico, and Cuba. Every effort has been made to include balanced coverage of the few female mystery writers. Each entry is written by an expert contributor and includes a brief biography, a critical discussion of the writer's works, and primary and secondary bibliographies. The volume closes with a general bibliography of anthologies and criticism.
