Tibetan Buddhists in the Making of Modern China Gray Tuttle, 2005-04-26 Over the past century and with varying degrees of success China has tried to integrate Tibet into the modern Chinese nation state In this groundbreaking work Gray Tuttle reveals the surprising role Buddhism and Buddhist leaders played in the development of the modern Chinese state and in fostering relations between Tibet and China from the Republican period 1912 1949 to the early years of Communist rule Beyond exploring interactions between Buddhists and politicians in Tibet and China Tuttle offers new insights on the impact of modern ideas of nationalism race and religion in East Asia After the fall of the Qing dynasty in 1911 the Chinese Nationalists without the traditional religious authority of the Manchu Emperor promoted nationalism and racial unity in an effort to win support among Tibetans Once this failed Chinese politicians appealed to a shared Buddhist heritage This shift in policy reflected the late nineteenth century academic notion of Buddhism as a unified world religion rather than a set of competing and diverse Asian religious practices While Chinese politicians hoped to gain Tibetan loyalty through religion the promotion of a shared Buddhist heritage allowed Chinese Buddhists and Tibetan political and religious leaders to pursue their goals During the 1930s and 1940s Tibetan Buddhist ideas and teachers enjoyed tremendous popularity within a broad spectrum of Chinese society and especially among marginalized Chinese Buddhists Even when relationships between the elite leadership between the two nations broke down religious and cultural connections remained strong After the Communists seized control they continued to exploit this link when exerting control over Tibet by force in the 1950s And despite being an avowedly atheist regime with the exception of the Cultural Revolution the Chinese communist government has continued to recognize and support many elements of Tibetan religious if not political culture Tuttle s study explores the role of Buddhism in the formation of modern China and its relationship to Tibet through the lives of Tibetan and Chinese Buddhists and politicians and by drawing on previously unexamined archival and governmental materials as well as personal memoirs of Chinese politicians and Buddhist monks and ephemera from religious ceremonies

The Art of Modern China Julia F. Andrews, Kuiyi Shen, 2012-09-24 In the early twenty first century China occupies a place on center stage in the international art world But what does it mean to be a Chinese artist in the modern age This first comprehensive study of modern Chinese art history traces its evolution chronologically and thematically from the Age of Imperialism to the present

day Julia Andrews and Kuiyi Shen pay particular attention to the dynamic tension between modernity and tradition as well as the interplay of global cosmopolitanism and cultural nationalism This lively accessible and beautifully illustrated text will serve and enlighten scholars students collectors and anyone with an interest in Asian art and artists *Modern China: A Very Short Introduction* Rana Mitter, 2008-02-28 China today is never out of the news from human rights controversies and the continued legacy of Tiananmen Square to global coverage of the Beijing Olympics and the Chinese economic miracle It seems a country of contradictions a peasant society with some of the world's most futuristic cities heir to an ancient civilization that is still trying to find a modern identity This *Very Short Introduction* offers the reader with no previous knowledge of China a variety of ways to understand the world's most populous nation giving a short integrated picture of modern Chinese society culture economy politics and art ABOUT THE SERIES The *Very Short Introductions* series from Oxford University Press contains hundreds of titles in almost every subject area These pocket sized books are the perfect way to get ahead in a new subject quickly Our expert authors combine facts analysis perspective new ideas and enthusiasm to make interesting and challenging topics highly readable *Modern China and Japan* Gwenneth Stokes, 1967 *Unravelling Modern China* Haico Ebbers, 2019-04-05 This book provides a comprehensive and balanced view of the main transformations that are happening in the Chinese economy today This view has developed from more than 200 interviews and numerous surveys based on primary data in addition to mainstream literature by academia and consultancy companies The general view of China is often either black or white Global markets are generally guided by euphoria or fear Academia are optimistic or pessimistic about China's longer term growth potential People believe or distrust Chinese data These black and white pictures are in many cases easy to communicate and even proved by anecdotic evidence but are not correct Modern China is not the result of tradeoffs but ambiguities market driven AND government driven central government AND local government control increasing brand loyalty AND extreme price sensitivity fall of consumption as percentage of GDP AND strong increase in consumption export as an important driver behind longer term development AND yet hardly visible as a determinant of today's economic growth The aim of this book is to help readers understand the often conflicting nature of China not only from an economic point of view but also from political and social point of view In this sense it tries to give the reader an eclectic picture of China the country of contradictions That is a difficult task because of the linkages between reforms and the fact that there are many preconceived ideas of China its development and choices It is interesting to note that the further from China people are the more negative their views towards China This book will make clear that this pessimism is overdone In the longer term the author is quite positive about China's transformations believing that the rise of China is here to stay and that this is the major factor of change of this century *Education, Culture, and Identity in Twentieth-century China* Glen Peterson, Ruth Hayhoe, Yongling Lu, 2001 A comprehensive collection on twentieth century educational practices in China
