An Introduction to Modern Jewish Philosophy Claire Elise Katz, 2013-11-19 How Jewish is modern Jewish philosophy The question at first appears nonsensical until we consider that the chief issues with which Jewish philosophers have engaged from the Enlightenment through to the late 20th century are the standard preoccupations of general philosophical inquiry Questions about God reality language and knowledge metaphysics and epistemology have been of as much concern to Jewish thinkers as they have been to others Moses Mendelssohn for example was a friend of Kant Hermann Cohen's philosophy is often described as neo Kantian Franz Rosenzweig wrote his dissertation on Hegel And the thought of Emmanuel Levinas is indebted to Husserl In this much needed textbook which surveys the most prominent thinkers of the last three centuries Claire Katz situates modern Jewish philosophy in the wider cultural and intellectual context of its day indicating how broader currents of British French and German thought influenced its practitioners But she also addresses the unique ways in which being Jewish coloured their output suggesting that a keen sense of particularity enabled the Jewish philosophers to help define the whole modern era Intended to be used as a core undergraduate text the book will also appeal to anyone with an interest how some of the greatest minds of the age grappled with some of its most urgent and fascinating philosophical problems

How Judaism Became a Religion Leora Batnitzky, 2011-09-11 A new approach to understanding Jewish thought since the eighteenth century Is Judaism a religion a culture a nationality or a mixture of all of these In *How Judaism Became a Religion* Leora Batnitzky boldly argues that this question more than any other has driven

modern Jewish thought since the eighteenth century This wide ranging and lucid introduction tells the story of how Judaism came to be defined as a religion in the modern period and why Jewish thinkers have fought as well as championed this idea Ever since the Enlightenment Jewish thinkers have debated whether and how Judaism largely a religion of practice and public adherence to law can fit into a modern Protestant conception of religion as an individual and private matter of belief or faith Batnitzky makes the novel argument that it is this clash between the modern category of religion and Judaism that is responsible for much of the creative tension in modern Jewish thought Tracing how the idea of Jewish religion has been defended and resisted from the eighteenth century to today the book discusses many of the major Jewish thinkers of the past three centuries including Moses Mendelssohn Abraham Geiger Hermann Cohen Martin Buber Zvi Yehuda Kook Theodor Herzl and Mordecai Kaplan At the same time it tells the story of modern orthodoxy the German Jewish renaissance Jewish religion after the Holocaust the emergence of the Jewish individual the birth of Jewish nationalism and Jewish religion in America More than an introduction How Judaism Became a Religion presents a compelling new perspective on the history of modern Jewish thought The Columbia History of Jews and Judaism in America Marc Lee Raphael, 2008-02-12 This is the first anthology in more than half a century to offer fresh insight into the history of Jews and Judaism in America Beginning with six chronological survey essays the collection builds with twelve topical essays focusing on a variety of important themes in the American Jewish and Judaic experience The volume opens with early Jewish settlers 1654 1820 the expansion of Jewish life in America 1820 1901 the great wave of eastern European Jewish immigrants 1880 1924 the character of American Judaism between the two world wars American Jewish life from the end of World War II to the Six Day War and the growth of Jews influence and affluence The second half of the book includes essays on the community of Orthodox Jews the history of Jewish education in America the rise of Jewish social clubs at the turn of the century the history of southern and western Jewry Jewish responses to Nazism and the Holocaust feminism s confrontation with Judaism and the eternal question of what defines American Jewish culture The contributions of distinguished scholars seamlessly integrate recent scholarship Endnotes provide the reader with access to the authors research and sources Comprehensive original and elegantly crafted The Columbia History of Jews and Judaism in America not only introduces the student to this thrilling history but also provides new perspectives for the scholar Contributors Dianne Ashton Rowan University Mark K Bauman Atlanta Metropolitan College Kimmy Caplan Bar Ilan University Israel Eli Faber City University of New York Eric L Goldstein University of Michigan Jeffrey S Gurock Yeshiva University Jenna Weissman Joselit Princeton University Melissa Klapper Rowan University Alan T Levenson Siegal College of Judaic Studies Rafael Medoff David S Wyman Institute for Holocaust Studies Pamela S Nadell American University Riv Ellen Prell University of Minnesota Linda S Raphael George Washington University Jeffrey Shandler Rutgers University Michael E Staub City University of New York William Toll University of Oregon Beth S Wenger University of Pennsylvania Stephen J Whitfield Brandeis University Contemporary Jewish

Philosophy Irene Kajon, 2020-04-02 This text introduces the most important Jewish philosophers of contemporary times from the point of view of their original approach to both Judaism and philosophy and include Hermann Cohen Franz Rosenzweig Martin Buber Leo Strauss Emmanuel Levinas It shows how for them the dialogue between Judaism and philosophy is necessary in order to avoid on one side an attachment to Jewish tradition which is only nationalistic or non rational and on the other an idea of philosophy which first of all focuses the problems of nature human existence in the world or God as the origin of being In reconstructing the intellectual evolution of each of these twentieth century philosophers with a view to their meaning today this book is unique and goes beyond the standard historical account provided by other books
