Modern Piano Tuning and Allied Arts William Braid White,1917 Modern Piano Tuning and Allied Arts William Braid White,2001-01-01 **Modern Piano Tuning and Allied Arts** William Braid White,2013-04-07 *Modern Piano Tuning and Allied Arts* William Braid White,2017-09-15 Excerpt from Modern Piano Tuning and Allied Arts Including Principles and Practice of Piano Tuning Regulation of Piano Action Repair of the Piano Elementary Principles of Player Piano Pneumatics General Construction of Player Mechanism and Repair of Player Mechanism The construction of the piano has not in this volume been treated with minuteness of detail for this task I have already been able to perform in a former treatise but in respect of the sound board the strings the hammers and the action the subject matter has been set forth quite elaborately and some novel hypotheses have been advanced based on mature study research and experience Here also however the theoretical has been justified by the practical and in no sense have I yielded to the temptation to square facts to theories About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works Modern Piano Tuning and Allied Arts William Braid White,2015-08-08 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *Modern Piano Tuning and Allied Arts* William Braid White,1917 **Modern Piano Tuning and Allied Arts** William Braid White,2015-06-24 Excerpt from Modern Piano Tuning and Allied Arts Including Principles and Practice of Piano Tuning Regulation of Piano Action Repair of the Piano Elementary Principles of Player Piano Pneumatics General Construction of Player Mechanism and Repair of Player Mechanism In writing this book I have tried to do two things which are always thought to be admirable but seldom thought to be conjunctible I have tried to set forth the theory of Equal Temperament in a manner at once correct and simple

Simultaneously I have tried to construct and expound a method for the practical application of that theory in practical tuning equally correct equally simple and yet thoroughly practical The construction of the piano has not in this volume been treated with minuteness of detail for this task I have already been able to perform in a former treatise but in respect of the soundboard the strings the hammers and the action the subject matter has been set forth quite elaborately and some novel hypotheses have been advanced based on mature study research and experience Here also however the theoretical has been justified by the practical and in no sense have I yielded to the temptation to square facts to theories About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
