Not Knowing The Essays And Interviews:

Not-knowing Donald Barthelme,1997 During the Second World War while their nations fought battles with weapons the four great warlords of the twentieth century Hitler Stalin Churchill and Roosevelt fought a war of the mind In a multi theatre narrative Warlords tells the story of this private war At its heart was a series of psychological duels in which individual victory was won by deceit charm flattery and lies By using their own words and the words of those who observed them at the time the book unravels the psychology and tactics of the four wartime leaders and describes how their behaviour ranged from tempestuous and egoistic to downright monstrous BOOK JACKET

Not-Knowing Donald Barthelme,1999-08-31 When Donald Barthelme died at the age of 54 he was perhaps the most imitated if not emulated practitioner of American literature Caustic slyly observant transgressive verbally scintillating Barthelme s essays stories and novels redefined a generation of American letters and remain unparalleled for the way they capture our national pastimes and obsessions but most of all for the way they capture the strangeness of life Not Knowing amounts to the posthumous manifesto of one of our premier literary modernists Here are Barthelme s thoughts on writing his own and others his observations on art architecture film and city life interviews including two never previously published and meditations on everything from Superman III to the art of rendering Melancholy Baby on jazz banjolele This is a rich and eclectic selection of work by the man Robert Coover has called one of the great citizens of contemporary world letters From the Trade Paperback edition

Harold Rosenberg Debra Bricker Balken,2021-10-06 Despite being one of the foremost American intellectuals of the mid twentieth century Harold Rosenberg 1906 1978 was utterly incapable of fitting in and he liked it that way Signature cane in one hand and a cigarette in the other he cut a distinctive figure on the New York City culture scene with his radiant dark eyes and black bushy brows A gangly giant at six foot four he would tower over others as he forcefully expounded on his latest obsession in an oddly high pitched nasal voice And people would listen captivated by his ideas With *Harold Rosenberg A Critic s Life* Debra Bricker Balken offers the first ever complete biography of this great and eccentric man Although he is now known mainly for his role as an art critic at the New Yorker from 1962 to 1978 Balken weaves together a complete tapestry of Rosenberg s life and literary production cast against the dynamic intellectual and social ferment of his time She explores his role in some of the most contentious cultural debates of the Cold War period including those over the commodification of art and the erosion of individuality in favor of celebrity demonstrated in his famous essay *The Herd of Independent Minds* An

outspoken socialist and advocate for the political agency of art he formed deep alliances with figures such as Hannah Arendt Saul Bellow Paul Goodman Mary McCarthy Jean Paul Sartre Willem de Kooning and Jackson Pollock all of whom Balken portrays with vivid accounts from Rosenberg's life Thoroughly researched and captivatingly written this book tells in full Rosenberg's brilliant fiercely independent life and the five decades in which he played a leading role in US cultural intellectual and political history

Samuel Beckett's Legacies in American Fiction James Baxter, 2021-11-30 Samuel Beckett's Legacies in American Fiction provides an overdue investigation into Beckett's rich influences over American writing Through in depth readings of postmodern authors such as Robert Coover Donald Barthelme Thomas Pynchon Don DeLillo Paul Auster and Lydia Davis this book situates Beckett's post war writing of exhaustion and generation in relation to the emergence of an explosive American avant garde In turn this study provides a valuable insight

into the practical realities of Beckett's dissemination in America following the author's long standing relationship with the countercultural magazine *Evergreen Review* and its dramatic role in redrawing the possibilities of American culture in the 1960s. While Beckett would be largely removed from his American context, this book follows his vigorous albeit sometimes awkward reception alongside the authors and institutions central to shaping his legacies in 20th and 21st century America.

Rethinking Postmodern Subjectivity Zuzanna Ladyga, 2009. What is postmodern literary subjectivity? How to talk about it without falling in the trap of negative hyper-essentialism or being seduced by exuberant lit speak? One way out of this dilemma, as this book suggests, is via a redefinition of the concept in the context of Emmanuel Levinas and his radical ethics. By defining subjectivity as an ethically charged act of language, Levinas provides a fresh perspective on the often trivialized aspects of postmodern poetics such as referentiality and affect construction strategies. The foregrounding of the ethical dimension of those poetic elements has far-reaching consequences for how we read postmodern texts and understand postmodernism in general. Thus, to prove the benefits of the Levinasian approach, the author applies it to the work of the canonical American postmodernist Donald Barthelme and explains the distinctly ethical character of his apparently surfictional experiments.

Selected Film Essays and Interviews Bruce F. Kawin, 2013-04-01. This engaging collection of Bruce F. Kawin's most important film essays (1977-2011) is accompanied by his interviews with Lillian Gish (1978) and Howard Hawks (1976). The Hawks interview is particularly concerned with his work with William Faulkner and their friendship. The Gish interview emphasizes her role as a producer in the 1920s. The essays focus on such topics as violence and sexual politics in film, the relations between horror and science fiction, the growth of video and digital cinema and their effects on both film and film scholarship, the politics of film theory, narration in film, and the relations between film and literature. Among the most significant articles reprinted here are 'Me Tarzan, You Junk', 'The Montage Element in Faulkner's Fiction', 'The Mummy's Pool', 'The Whole World Is Watching', and 'Late Show on the Telescreen'. The book includes close readings of films from *La Jetée* to *The Wizard of Oz*.

David Bottoms William Walsh, 2014-01-10. The South has a long tradition of great writers who remain in the South, transforming the local landscape into a universal one. Currently Poet Laureate of Georgia, David Bottoms is one of the South's most revered poets. The fifteen critical essays in this collection set out to examine the images and themes revealed in his poetry and fiction. Topics include the role of rebirth and resurrection, the presence of faith in the poems, masculinity and gender, and race in the South.

Labour of Laziness in Twentieth-Century American Literature Zuzanna Ladyga, 2019-07-04. This text argues that major twentieth-century American writers such as Gertrude Stein, Ernest Hemingway, John Barth, Donald Barthelme, and David Foster Wallace provocatively challenge the ethos of productivity by filtering their ethical interventions through culturally stigmatised imagery of laziness.

Contagious Imagination Jane Tolmie, 2022-07-27. Contributions by Frederick Luis Aldama, Melissa Burgess, Susan Kirtley, Rachel Luria, Ursula Murray Husted, Mark O'Connor, Allan Pero, Davida Pines, Tara Prescott Johnson, Jane Tolmie, Rachel Trousdale, Elaine

Claire Villacorta and Glenn Willmott Lynda Barry b 1956 is best known for her distinctive style and unique voice first popularized in her underground weekly comic *Ernie Pook's Comeek*. Since then she has published prolifically including numerous comics illustrated novels and nonfiction books exploring the creative process. Barry's work is genre and form bending often using collage to create what she calls word with drawing vignettes. Her art imaginative and self reflective allows her to discuss gender race relationships memory and her personal everyday lived experience. It is through this experience that Barry examines the creative process and offers to readers ways to record and examine their own lives. The essays in *Contagious Imagination: The Work and Art of Lynda Barry* edited by Jane Tolmie study the pedagogy of Barry's work and its application academically and practically. Examining Barry's career and work from the point of view of research creation *Contagious Imagination* applies Barry's unique mixture of teaching art learning and creativity to the very form of the volume exploring Barry's imaginative praxis and offering readers their own. With a foreword by Frederick Luis Aldama and an afterword by Glenn Willmott this volume explores the impact of Barry's work in and out of the classroom. Divided into four sections Teaching and Learning which focuses on critical pedagogy Comics and Autobiography which targets various practices of remembering Cruddy a self explanatory category that offers two extraordinary critical interventions into Barry criticism around a challenging text and Research Creation which offers two creative synthetic artistic pieces that embody and enact Barry's own mixed academic and creative investments this book offers numerous inroads into Barry's idiosyncratic imagination and what it can teach us about ourselves.

The Matter of High Words Robert Chodat, 2017-08-18 In a world of matter how can we express what matters. When the explanations of the natural sciences become powerfully precise and authoritative what is the status of our highest words the languages that articulate our norms and orient our lives. *The Matter of High Words* examines a constellation of American writers who in the decades since World War II have posed these questions in distinctive ways. Walker Percy Marilynne Robinson Ralph Ellison Stanley Cavell and David Foster Wallace are all self consciously post WWII authors attuned to the fragmentation and skepticism that have defined so much of the literary and critical culture of the last century and more. Yet they also attempt to reach back to older forms of thought and writing that are often thought to have dried up the traditions of prophecy of wisdom literature of the sage. Working within this dual inheritance these authors are drawn equally to both art and argument showing and telling shifting continually between narrative and discursive genres. In their essays they act as moralists promoting the broad abstract concepts that might inspire action in the face of naturalistic reduction community family courage fraternity marriage friendship temperance judgment. In their narratives they offer particular lives in particular settings thick descriptions that give flesh to such high words. Rarely do these movements between genres generate a tidy equilibrium where their essays speak of cooperation and redemption their narratives display alienation loss and failure. But in pursuing such risky unorthodox strategies these postwar sages are not only able to challenge some of the dominant naturalistic theories of the last several decades cognitive science

neo Darwinian theory social science the fact value divide in analytic philosophy Through five chapters of detailed analysis and close reading Chodat explores the question of whether vocabularies of ought and ought not can still emerge today and how these concepts might be embodied and whether such ideas might be found in things *Aestheticism, Evil, Homosexuality, and Hannibal* Geoff Klock, 2017-10-11 In late 19th century England Oscar Wilde popularized aestheticism also known as art for art's sake the idea that art that beauty should not be a vehicle for morality or truth but an end in and of itself Rothko and Jackson Pollock enthroned the idea creating paintings that are barely graded panels of color or wild splashes Today pop culture is aestheticism's true heir from the perfect charismatic emptiness of Ocean's Eleven to the hyper choreographed essentially balletic movements in the best martial arts movies But aestheticism has a dark core one that Social Justice Activists are now gathering to combat revealing the damaging ideology reflected in or concealed by our most beloved pop culture icons Taking Bryan Fuller's television version of Hannibal The Cannibal Lecter as its main text and taking i ek style illustrative detours into Malcolm in the Middle Dark Knight Rises Harry Potter Interview with a Vampire Dexter and more this book marshals Walter Pater Camille Paglia Nietzsche the Marquis de Sade Kant and Plato as well as Dante Shakespeare Milton Blake Baudelaire Beckett Wallace Stevens and David Mamet to argue that Fuller's show is a deceptively brilliant advance of aestheticism both in form and content one that investigates how deeply art for art's sake and those of us who consciously or unconsciously worship at its teat are necessarily entwined with evil The Handbook of Visual Culture Ian Heywood, Barry Sandywell, 2014-01-21 Visual culture has become one of the most dynamic fields of scholarship a reflection of how the study of human culture increasingly requires distinctively visual ways of thinking and methods of analysis Bringing together leading international scholars to assess all aspects of visual culture the Handbook aims to provide a comprehensive and authoritative overview of the subject The Handbook embraces the extraordinary range of disciplines which now engage in the study of the visual film and photography television fashion visual arts digital media geography philosophy architecture material culture sociology cultural studies and art history Throughout the Handbook is responsive to the cross disciplinary nature of many of the key questions raised in visual culture around digitization globalization cyberculture surveillance spectacle and the role of art The Handbook guides readers new to the area as well as experienced researchers into the topics issues and questions that have emerged in the study of visual culture since the start of the new millennium conveying the boldness excitement and vitality of the subject **Oakland, Jack London, and Me** Eric Miles Williamson, 2024-09-03 Acclaimed novelist editor and critic Eric Miles Williamson with the publication of his first book of nonfiction establishes himself as one of the premier critics of his generation There is no other book that resembles *Oakland Jack London and Me* The parallels between the lives of Jack London and Eric Miles Williamson are startling Both grew up in the same waterfront ghetto of Oakland California neither knew who his father was both had insane mothers both did menial jobs as youths and young men both spent time homeless both made their treks to the Northlands both became
