Aldous Huxley and Utopia Jerome Meckier, 2022-11-30 Within the cycle that runs from Erewhon to Island British literary utopias compete with one another to form the most persuasive picture of what the future might or should be like At issue for Butler Wells Zamiatin Orwell and others is whether utopia be it positive or negative is essentially prediction or hypothesis Huxley contributed to this debate at roughly fifteen year intervals his three utopias becoming its key texts In addition Aldous Huxley and Utopia examines ironic cure scenes the obsession with golf in the brave new world attitudes towards death in Brave New World and Island problems with names and history in the former the role of islands in both the detrimental impact of Madame Blavatsky and young Krishnamurti on the story of Pala and the significance of a zoological conclusion of Island

THE AWAKENING ANUJ BHATNAGAR, Preface The story of Lord Buddha is the most read story in the world This is one story that is beyond the boundaries of religion culture and society The story is being told and retold for almost more than two thousand and five hundred years yet what happened at that time from the birth of prince Siddhartha till he attained his Nirvana is very enigmatic Not much written evidence is available for that while lot of literature is available for what happened after Nirvana This story is just an attempt to tell the world what would have happened at that time when seen in the logical context of human boundaries This story is only upto the point when monk Gautam attains Nirvana Further attempt to tell the story after Nirvana when Gautam became Buddha will be made after the outcome of this attempt We know some stories connected with prince Siddhartha his life and these stories are scattered here and there in various books Jatakas contain the previous birth stories of Lord Buddha But there is no such consolidated book which can be ascribed to prince Siddhartha's life The author has made an attempt to collect all such stories and thread them into a garland The result is this book In the attempt some literary and fictional additions have been done But in the end the author is sure that the readers will like the storyline Kapilvastu was not a huge kingdom Its name is not included in the sixteen or twelve Mahajanpadas It clearly indicates that Kapilvastu was a small principality within the kingdom of Kosala The rulers of Kapilvastu were descendants of great Ikshavaku who was also ancestor of the rulers of Kosala It clearly means that the rulers of Kapilvastu and Kosala were related by blood And as per the tradition the throne was passed to the eldest son of the king and the younger son became vassal ruling small principalities within the kingdom owing allegiance to the king This would have happened at that time too within the kingdom of Kosala The story has been developed accordingly Kapilvastu was surrounded by Mahajanpadas and as such its polity was influenced by the neighboring kingdoms Many events happened in the neighbouring kingdoms and that had a bearing in the future of Kapilvastu and hence

Siddhartha These events have also been included in this story to give the story a flow These incidences and events are of historical significance and happened around the same time though the interpretation of these events is of author s own Some texts point out to the fact that Siddhartha was married to Yashodhara a princess from the neighbouring kingdom of Koliya Some texts point out that Siddhartha had three wives namely Yashodhara daughter of Dandapani Mrigdja daughter of Kinkinishwar and Gopa daughter of Kanika It is not sure which one is the right fact In this book Siddhartha is shown to be married only to Yashodhara as the Shakyas wanted to preserve their lineage hence marriage within community was allowed Also one man one woman formula was propagated Thus it would have been not possible for Siddhath to marry three girls The purity of Shakya race was declared by the Buddha himself in Ambattha Sutta The predictions of sage Asit were not told to Prince Siddhartha till this was finally revealed to him All through his life as a prince Siddhartha was kept away from four signs sage Asit told an old decrepit man a diseased man a dead man and a monk In this story it is emphasized that king Shuddhodan had forbidden presence of anybody who could remind Siddhartha about these signs Siddhartha virtually grew in controls of the palace This is author s idea to develop the story forward The author is of belief that Buddhism was born after Buddha i e after Siddhartha attained nirvana Before Buddhism there was Vedic religion and the Vedic philosophy The same concept is used in this book to show what Siddhartha was taught by his teachers Master Arada Kalama and Master Udrak Ramputra Arada is depicted as an exponent of Raj Yoga techniques whereas Udrak is depicted as master of Hatha Yoga techniques Siddhartha learnt both these techniques under these masters This can be seen in the various teachings of Lord Buddha In the Heart Sutta Buddha explains about emptiness and form This is nothing but something that can be explained and attained through combination of Raj yoga HathaYoga and Laya Yoga The author would like to mention that the philosophy depicted in the book have been told to him by his guru Shri Shri Shibendu Lahiri and sometimes it is verbatim And what has been given in the book is just a drop in the ocean There is much more to learn from him In the book an attempt is made to describe the psychology of Prince Devdatt his extreme hatred for Siddhartha and why he hated Siddhartha Due to this hatred only Devdatt tried many times to kill Prince Siddhartha then Lord Buddha after Siddhath attained nirvana Till Siddhartha was born Devdatt was heir apparent to the throne of Kapilvastu He was eldest in the entire family for four brothers Shuddhodan Shuklodan Amritodan and Dronodan Shuddhodan s wife Queen Mayadevi could not conceive for almost twenty years after their marriage Though there is no concrete evidence to say that yet it is widely perceived to be like this only In some texts Devdatt is the son of Suprabuddha of Devdaha In the end of this preface the entire genealogy of Lord Buddha whichever the author could gather is presented for ready reference And after Siddhartha was born and he became the heir to the throne of Kapilvastu being elder son of the king This incidence and many more such incidences where Siddhartha was given preference over other princes due to the stories associated with his birth cemented Devdatt s resolution to get rid of Siddhartha Readers will not find story of Devdatt out of context in this book In the concluding part of

book the Maar is shown to take a human form Though this is not possible for the negativity to take a form but it was essential to depict the fight monk Gautam had undergone with himself with his own negativity Only after defeat of his negativity he could attain nirvana Everybody has to fight with his Maar one day or the other but the fight monk Gautam had with his Maar shows how the negativity sometimes controls the thoughts of even profound persons like monk Gautam The author is sure that readers would like the depiction of fight between Gautam and his negativity In order to take the story forward the protagonist should always have some companion to express his mind Thus the protagonist of this story Siddhartha and later Gautam is shown always in company of somebody Channa Yashodhara or Kondinya Actually Kondinya may not have met Gautam during his travel to Vaishali but it is shown just to carry the story forward The story contains many words which are not from English language but from Sanskrit or Pali or Hindi These words are in italics and their meaning is in the other chapter after preface These words are used as they explain the situation better than any phrase or word in English In the end it is hoped that this attempt by the author will be appreciated by the readers This story should be read as story and not as an attempt to rewrite history Many incidences and characters may not fall in line with the thinking of people having knowledge about Buddhism This is a work of fiction and should be taken likewise However author welcomes the comments from the readers

A Thousand Consolations Julie Roorda, 2017-10-03 Moving entertaining and witty A Thousand Consolations is a literary romantic comedy for fans of David Nicholls's *Us* and Emma Straub's *Modern*

Lovers Paula doesn't put much faith in the candles she designs for her customers which promise to cure everything from unrequited love to ingrown toenails it's just a business she started after her husband's untimely death put an end to their joint dream of a career on the stage. Believing she may have somehow contributed to Teddy's illness Paula is too crippled by guilt to pursue the dream of acting on her own and too bitter to believe she'll ever be happy again. Then she meets Hector a former concert pianist seeking refuge from the Mexican narcos who severed his fingers and threatened worse. With great charm and wit Hector seduces her into believing in a life in which hope coexists with disappointment happiness with loss. Paula begins to believe that love is a possibility after all. But will Hector be allowed to remain in Canada or be sent back to an unknown fate? *A Thousand Consolations* is a surprisingly funny novel in which virtuosity philosophy and humour endure despite the modern blights of refugee politics and the threat of narcoterrorism. **Subjective Morals** Steve F.

Sapontzis, 2012-02-15 Is morality a good thing? Is moral relativism a bad thing? Traditionally moral philosophers have presumed that the answers to both questions must be yes. In today's world however many moralists feel obligated to ban gay marriage or censor whatever they deem offensive and others feel morality commands them to bomb abortion clinics and fly planes into buildings. Unfortunately it has become all too common for such true believers to use moral values to justify their often destructive behavior. Today's moral zealotry leaves the value of morality questionable and makes traditional moral philosophy feel pale and irrelevant. *Subjective Morals* breaks with tradition to provide a careful analysis of moral values and the goods and evils they produce. This work explores the subjective and objective bases of moral values and details the kinds of truth and justification of which they are and are not capable. After analyzing the concepts and categories that structure our moral practice Sapontzis concludes with recommendations for how we may enjoy the benefits of moral values while minimizing their evils. *Indomitable Spirit: Life in the Shadow of Death* Ziad Nassar, 2020-01-25

An *INDOMITABLE SPIRIT* LIFE IN THE SHADOW OF DEATH is a story about youth of Lebanon who came to age during the war and refused to allow it to subdue them. They resisted the evils of war and defied the death machine destroying the country around them sustaining their humanity and maintaining their civility in spite of it all. They braved the most dangerous of conditions to find the joys of life in the shadow of death surrounding them. They threw parties in the face of raging battles and danced against all odds. They lived to make beautiful memories that they now look back on with a strange sense of nostalgia. They overcame the evil that befell them in their youth and went on to succeed in all walks of life. This is a story of the resilience and strength of the human spirit. *The Indomitable Spirit* **If the Body Politic Could Breathe in the Age of the Refugee** Julia

Metzger-Traber, 2018-05-15 This book posits that the refugee crisis may actually be a crisis of identity in a rapidly changing world. It argues that Western conceptions of the individual Self shape metaphors of political homes and thus the geopolitics of belonging and exclusion. Metzger-Traber creatively re-conceives political belonging by perceiving the interconnection of each Self through its most immediate home the breathing body. On an experimental literary journey through her own past and that

of Germany she puts political philosophy in conversation with somatic and spiritual insight to expand notions of Self and Home Then she asks What ethical imperatives arise What kinds of homes and homelands would we create if we no longer thought we ended at our skin
