Tennis Larry Huebner, 2004 *Whening Tennis* In *Tennis as in Life* Timing is Everything is an instructional book It is unique in that it does not focus on the how to of playing the game as much as the when to for more tennis success The author's primary focus on when decisions is an entirely new instructional approach for many aspects of the game When a player learns to combine good when decisions with real effort to play the game to the best of their ability regardless of the final score winning has been achieved Thus *Whening Tennis* becomes winning tennis the essence of the book The subtitle *In Tennis as in Life* Timing is Everything emphasises the importance of when decisions and their crossover from tennis into life's experiences What a fantastic job Larry Huebner has done with his great publication *WHENING TENNIS* First one would be hard pressed to find anyone more qualified to write about tennis than Larry no one is more respected in the tennis world by people who know the game Second how refreshing it is to have something other than just a How to book to help one understand and enjoy tennis more Larry has done a fantastic job in selecting simplifying and organizing his topics Everything Larry writes about is relevant to today's game I enthusiastically recommend this book for players of all abilities as well as parents ENJOY Dick Gould Coach of 17 NCAA Men's Championships Director of Tennis Stanford University For more information try the website at www.wtennis.com or see the link to the student workbook *Whening Tennis Student Workbook*

TEACHING TENNIS IN FRANCE: Nicolas Stanajic Petrovic, 2025-02-06 I decided to write this book during the Covid pandemic a period during which teaching tennis was made impossible due to severe restrictions especially in Hong Kong China where I have lived for 13 years The book was first published in French during French Open 2023 a year celebrating the 40th anniversary of our last Grand Slam Champion Yannick Noah On June 5th 1983 Yannick beat Swedish player and defending champion Mats Wilander while I was celebrating my 12th birthday An amazing gift for me who had started tennis

one year earlier I have interviewed more than 100 former players coaches tennis consultants agents and journalists and I have analyzed the French Tennis Federation and the national press archives Both my knowledge in history bachelor from La Sorbonne University in 1993 and my passion for tennis which I started teaching in 1991 enabled me to understand and explain the evolution of teaching methods in France but not only Tennis was first born in Europe and later spread in America and the rest of the world Spending 6 summers in Florida at IMG Bollettieri 2004 2009 considered in the 90 s as the Mecca of tennis made me discover a different approach when it comes to coaching while Frenchies seemed mostly focused on both the technical and the tactical aspects of the game I noticed that training sessions in the US focused more on the physical and mental ones Being a former coach trainer for the French Tennis Federation and a professional coach for the last 22 years 9 years in France 13 years in Hong Kong China enabled me to connect with professionals from all over the globe Many of them seemed very interested in the French teaching method which is why I have decided to write this book in the first place
