Peter Rabbit Crib Bumper:

Peter Rabbit's Crib Bumper Book Beatrix Potter, 2001-12-17 This reversible crib bumper book is specifically designed to attract a baby's attention. It attaches easily to the side of a crib with looped Velcro ends. One side displays eye-catching patterns of different colors and the other side has four large images for baby to focus on. This crib bumper book is made of the finest durable materials and completely safe for babies. **New York Magazine**, 1994-05-16 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea. *Animals Strike Curious Poses* Elena Passarello, 2017-02-06 It might be the best book on animals I've ever read. It's also the only one that's made me laugh out loud. Helen Macdonald. *The New York Times Book Review*. Beginning with Yuka, a 39,000-year-old mummified woolly mammoth recently found in the Siberian permafrost, each of the sixteen essays in *Animals Strike Curious Poses* investigates a different famous animal named and immortalized by humans. Modeled loosely after a medieval bestiary, these witty, playful, whip-smart essays from a winner of a Whiting Award for nonfiction traverse history, myth, science, and more, bringing each beast vibrantly to life. Stunning Passarello's keen wit is on display throughout as she raises questions about the uniqueness of humans. A feast of surprising juxtapositions and gorgeous prose. Publishers Weekly starred review. I've spent decades reading books on the roles animals play in human cultures, but none have ever made me think and feel as much as this one. It's a devastating meditation on our relationship to the natural world. Helen Macdonald. *The New York Times Book Review*.
