Henry Osborn Taylor, 1928 **Authentic Love** Kimberley Arnold, 2017-04-27 What is the best you have ever felt Have you ever experienced a time when you felt content at peace and with a feeling of lacking nothing and of underlying joy For Kimberley Arnold this feeling occurred when she held her newborn son for the first time This feeling and the lack thereof throughout most of her life directed her to the quest to understand what love actually is and what great spiritual masters were eluding to when they used the word love Kimberleys insights have led to the realization of Authentic Love which like love is a noun and verb but also a spiritual process or path that leads you to who you are your soul and connects you to the Divine which results in joy peace and contentment This book provides deep and relevant insights into what Authentic Love is and how to practically achieve it *The doctrine of man* Augustus Hopkins Strong, 1907 Works of Love in a World of Violence Deidre Nicole Green, 2016-11-10 As she constructively engages feminist critiques of Christianity's complicity in violence Deidre Nicole Green challenges traditional beliefs that self sacrifice amounts to love and that suffering is inherently redemptive by arguing for a Kierkegaardian conceptions of Christian love that limits self sacrifice Back cover *Love Unveiled* A. healthy and grow spiritually Spiritual growth is there for all of us but we have to make the effort no one can make us grow spiritually Looking for someone to cure our ills is a short term proposition the long term cure is when we discover what is causing us harm and create a healthy lifestyle The 7 Laws of Human Nature is a scientific philosophical study into the human consciousness the 7 chakras and the human aura We use theories to make sense about what we are observing in life to explain ideas and interpret facts The 1st chapter is the Theory of the Oneness of Universal Love which will present 7 hypotheses These hypotheses will present facts and suppositions of facts which will be followed up by a theory This is all happening on four energy levels physical emotional mental and spiritual Life on Earth has to have a reason our lives aren't an accident and this book presents a logical theory on the how and why of life This is a book on love and how love works in our lives With Love and Devotion to All Unlimited Love Stephen G. Post, 2003-05 What if we could prove that love heals mental illness and is vital to successful therapeutic outcomes in all areas of health care What if we could prove that people who live more for others than for self have greater psychological well being Professor Stephen G Post who heads the Institute for Research on Unlimited Love is developing a new positive scientific program that integrates practice with high level empirical research and religious ethical ideas in order to explore these questions The goal is to understand how our complex brains unique imaginations communicative abilities reasoning powers moral sense and spiritual promptings give rise to the remarkable practice of unselfish love for our neighbors or for those we do not even know In Unlimited Love Post examines the question of what we mean by unlimited love his focus is not on falling into love which is altogether natural easy and delusional Rather he focuses on the difficult learned ascent that begins with insight into the need for tolerance of ubiquitous imperfection and matures into unselfish concern gratitude and compassion He considers social scientific and evolutionary perspectives on human altruistic motivations and he analyzes these perspectives in a wide interdisciplinary context at the interface of science ethics and religion Teilhard de Chardin commented that the scientific understanding of the power of unselfish love would be as significant in human history as the discovery of fire In Unlimited Love Stephen Post presents an argument for the creation of a new interdisciplinary field for the study of love and unlimited love engaging great minds and hoping to shape the human future away from endless acrimony hatred and violence **Organic State** Corydon Lovine Ford, 1897
