Reappearance Of Christ In The Etheric:

The Reappearance of Christ in the Etheric Rudolf Steiner, 2003 The first chapter of the Acts of the Apostles describes Christ's Ascension And a cloud received him out of their sight As the disciples looked up two angels appeared and told them This same Jesus taken up from you into heaven shall come again in the same way as you have seen him go In 1910 Rudolf Steiner began a series of lectures announcing the advent of Christ's appearance in the sphere of the earth's etheric or life body At first he said only a few will be aware of it but in time more and more people regardless of religious affiliation will be strengthened comforted and infused by the Christ's living presence Such Damascus experiences bespeaking a new natural clairvoyance Steiner argues will become increasingly common The Christ will become a living comforter he writes However strange it may seem it is nevertheless true that often when people even in considerable numbers are sitting together not knowing what to do and waiting they will see the etheric Christ He will be there will confer with them and will cast his word in such gatherings We are now approaching these times This collection contains Steiner's lectures on this theme as well as on important related questions such as spiritual science and etheric vision the etheric vision of the future the etherization of the blood the Sermon on the Mount and the land of Shambhala the mysteries of comets and the Moon Buddhism and Pauline Christianity spirit beings and the ground of the world and the three realms between death and rebirth The Reappearance of Christ in the Etheric Rudolf Steiner, 1996-09-01 A lecture given at Stuttgart March 6 1910 **The Reappearance of Christ in the Etheric** Rudolf Steiner, 1983 Examines photographic composition relating the photographer's ability to visualize what the camera sees to equipment capabilities lighting and film *A Western Approach to Reincarnation and Karma* Rudolf Steiner, 1997 The soul's immortality and its repeated earthly births are not new ideas in Western thought They are implicit in the Pythagorean and Platonic traditions as well as in some branches of esoteric Judaism and Cabbala But it was not until the early years of this century that the West was given a detailed modern evolutionary philosophy of human life based on the reality of reincarnation and karma This turning point occurred when Rudolf Steiner began to make public the results of his spiritual scientific researches He viewed the revelation of reincarnation and karma as one of his most important life tasks Steiner's contribution however remains unique in its understanding of the human being as an evolving developing being of body soul and spirit On the basis of his researches presented in numerous books and lectures we begin to understand how the complex interaction of human lives between birth and death and between death and a new birth gives new meaning not only to individual lives lived on Earth in community with others but also to human history and evolution and to earthly and cosmic events This book collects many of Steiner's major statements on reincarnation and karma The primary purpose of this volume is to help readers meet the challenge of spiritual research in the area of individual evolution of the soul and spirit in

the context of cultural and universal evolution Such a study can be tremendously revealing and provide spiritual understanding in a time of increasing intellectual confusion and spiritual poverty The notion of reincarnation and karma is generally associated in most minds with spiritual traditions of the East especially Hinduism and Buddhism Ren Querido s in depth sixty page introduction however places these concepts within the context of Western spiritual development and esoteric tradition showing us a panoramic view of how such ideas have developed over the centuries in the West Contents Introduction by Ren Querido 1 Our Present Dilemma 2 Historical Survey of Reincarnation and Karma 3 Rudolf Steiner s Original Contributions The lectures 1 Natural and Chance Illnesses in the Human Being 2 Elemental Events Volcanic Eruptions Earthquakes Epidemics in Relation to Karma 3 Death and Rebirth in Relation to Karma 4 Knowledge of Reincarnation and Karma 5 Examples of Karma Working between Two Incarnations 6 Vital Questions in the Light of Reincarnation and Karma 7 The Formation of Karmic Forces 8 Reincarnation of the Spirit and Destiny **THE**

REAPPEARANCE OF CHRIST IN THE ETHERIC RUDOLF. STEINER, Rudolf Steiner; Stephen E. Usher, 2022-03 Since the coming of Gautama Buddha Eastern mystics have spoken especially about a future condition when earth will be bathed in a moral etheric atmosphere Ever since the time of the ancient rishis they had hoped that this moral impulse would come to earth from Vishva Karman or from Ahura Mazda as Zarathustra proclaimed Eastern mysticism foresaw that this moral atmosphere would come to earth from the being we call the Christ Eastern mystics had set their hopes on the being of Christ Rudolf Steiner p 125 The first chapter of the Acts of the Apostles describes Christ s Ascension and a cloud received him out of their sight As the disciples were looking up two angels appeared and said the same Jesus taken up from you into heaven shall come again in the same way as you have seen him go Starting in 1910 Rudolf Steiner initiated a series of lectures announcing the advent of Christ s appearance in the sphere of the earth s etheric or life body This he said would begin between 1930 and 1940 but at first only a few people would be aware of it In time more and more people regardless of their religious affiliation would be infused by Christ s living presence Such Damascus experiences bespeaking a new natural clairvoyance Steiner said would become increasingly common The Christ will become a living comforter Though it may seem strange now it is nevertheless true that even large numbers of people sitting together and wondering what to do will see the etheric Christ He will be there and confer with them he will cast his word into their gathering We are approaching these times when this positive constructive element will take hold of human evolution Rudolf Steiner p 122 The lectures collected here on the second coming of Christ also contain significant related issues such as spiritual science and etheric vision the etheric vision of the future the Sermon on the Mount and the land of Shambhala the etherization of the blood the mysteries of comets and the moon Buddhism and Pauline Christianity and the three realms between death and rebirth **Relating to Rudolf Steiner** Sergei O. Prokofieff, 2008 Even within the Anthroposophical Society and the anthroposophic movement people s relationship to Rudolf Steiner is weakening and dissipating This is problematic says Prokofieff as the future of both

the Society and movement depends on a sufficient number of people aspiring to and realizing a true spiritual connection with the founder of Anthroposophy Prokofieff deals in detail with this issue and asks Can one be an anthroposophist without being Rudolf Steiner's pupil In the second part of this book Prokofieff elaborates on the mysteries surrounding the laying of the spiritual Foundation Stone at the Society's Christmas Meeting that began 1923 That event he asserts ensured that a personal relationship with Rudolf Steiner would not remain within the realm of the generally abstract or intellectual but would become a real inner deed Thus Steiner gave each anthroposophist the possibility of connecting with him through free inner work on the Foundation Stone Both parts of this book are linked in the sense that once a relationship with Steiner is established an inner longing to work with the new mysteries will follow In Prokofieff's words The will to take the foundation of the new mysteries seriously leads to a real inner connection with Rudolf Steiner Relating to Rudolf Steiner includes an essay on the problem of digitally publishing Steiner's most important esoteric texts and the esoteric background of the internet and electronic media in general In response to readers questions about how to counteract the harmful consequences of these developments Prokofieff has expanded and developed his original essay on this subject Christ and the Maya Calendar

Kevin Dann, 2009-03 Cosmic Christianity describes the relationship between the earthly and supra earthly cosmic worlds by showing the relationship between the cosmos as expressed in the movements of the stars and the activities of Christ during his three years of ministry on Earth The gesture of each astrological planet during those years is worked out and correlated with specific acts of the Christ as recorded in the Gospels The apparent looping movements of Mercury for example are connected with the seven signs of St John's gospel The author goes on to explore the many ways in which these healing acts which have been inscribed in the heavens continue to work in evolution through the events of history and through our individual human lives By studying this we begin to understand our responsibility for developing the new Christian mysteries and consequently renewing the starry cosmos Sucher presents a real foundation for modern star wisdom Topics include the evolution of cosmology the origins of the planetary symbols our new relationship to the stars as revealed in human lives and historical events and the role of the Archangel Michael in our individual relationship to the stars This is an excellent place to begin one's study of the stars and their meaning for both our individual lives and for the world **The Figure of Christ**

Peter Selg, 2009 Yes that is the Christ This is how my spiritual eye perceived him in Palestine Rudolf Steiner speaking of his sculpted figure of Christ Rudolf Steiner referred to the wooden group sculpture of the figure of Christ surrounded by adversary spiritual beings as the centre of the first Goetheanum Steiner even told the architect of the second Goetheanum that the sculpture he made with Edith Maryon should occupy the same central position as in the first building What was Rudolf Steiner's essential aim for the sculptural group within the Mystery building he conceived and why did he regard it as the crown of the building What were Steiner's intentions and specifically what were the spiritual aims behind this remarkable depiction of Christ Rudolf Steiner described the core task of anthroposophical spiritual science as preparing for Christ's

reappearance in the etheric realm The Christ he sculpted was not the possession of a specific community with a religious world view but rather a being **Mystery of the Christ** Oskar Kürten, 2023-05-15 Who is the Christ What is the Sun spirit How should we understand the person of Jesus in relation to the Cosmic Christ or even to the Holy Trinity In a majestic overview of Rudolf Steiner's extensive references to Christ and Jesus originally dispersed throughout his many writings and lectures Oskar Kürten creates a mutually reconcilable and coherent text We are invited to accompany the author as he attempts to comprehend the unimaginably vast enigma of Christ's appearance on Earth The results of his work can sometimes be overwhelming but as Kürten points out humanity is always advancing in its intellectual and spiritual culture and each step poses higher demands on our capacity to understand In a volume comprising three previously untranslated booklets composed originally as study material for people conversant with the fundamentals of anthroposophy *Mystery of the Christ* gives numerous pointers to great mysteries inviting readers to penetrate ever more deeply into the inexhaustible subject matter As Kürten states this approach enables us again and again to find surprisingly new insights into the mysterious interconnections in which Christ's entry into earth existence and the Mystery of Golgotha are placed *Christ Consciousness* Danielle Van Dijk, 2010-04 We live in a world characterized by intolerance war environmental degradation and economic collapse By contrast is it possible to build a society in which tolerance love and peace are the abiding principles In this positive and inspiring book van Dijk shows how beginning with our personal development we can contribute to such a new and transformed world She describes how we can develop a universal spiritual consciousness what she calls Christ Consciousness The author emphasizes that the Christian mysteries took place on the physical plane distinguishing with great clarity between Jesus as a human being the incarnation of Christ on Earth and the Cosmic Christ She builds bridges between the spiritual research of Rudolf Steiner the Nag Hammadi writings and the gospels of Mary Magdalene and Judas culminating in a comprehensive and wide ranging picture of the Christ By gaining insight into the nature of Christ's being and undertaking practical exercises described here each of us can achieve the new Christ Consciousness In ancient times selected individuals underwent rites of initiation in secret mystery schools Any student who made public the knowledge obtained there was put to death In our time however the spiritual mysteries have become open and available to all Initiation van Dijk tells us involves walking the inner path to all embracing love which is known in Gnostic and esoteric lore as Christ the highest divine Being leading to sublime cosmic orientated consciousness that comes into existence when the higher self exists wholly within the individual human being
