

What is the Relationship between Faith and Reason?

⇒ A LIVING FAITH = AN EXAMINED FAITH

A faith that is not lived and examined is a meaningless or irrelevant faith--like a lottery ticket one never looks at.

Christians use reason and experience to make sense of their tradition and its faith.

Reason And Faith

Alvin Plantinga, Nicholas Wolterstorff

Reason And Faith:

Reason and Faith Michael Bergmann, Jeffrey E. Brower, 2016-01-07 The past fifty years have been an enormously fruitful period in the field of philosophy of religion and few have done more to advance its development during this time than Richard Swinburne His pioneering work in philosophy of religion is distinguished not only for the way in which it systematically develops a comprehensive set of positions within this field but also for the way in which it builds on and contributes to contemporary work in other fields such as metaphysics epistemology and philosophy of science This volume presents a collection of ten new essays in philosophy of religion that develop and critically engage themes from Swinburne s work Written by some of the leading figures in the field these essays focus on issues in both natural theology dealing with what can be known about God and his relation to the world independently of any particular religious tradition or revelation and philosophical theology reflecting critically on the doctrines associated with particular religious traditions The first six essays address topics familiar from natural theology faith theistic arguments and divine power The last four essays address topics bearing on philosophical theology atonement liturgy immortality and the nature of body and soul **Reason and the**

Reasons of Faith Paul J. Griffiths, Reinhard Hütter, 2005-04-05 A distinguished group of scholars examines the crisis of faith in reason and reason in faith **The Impact Of Reason On Faith, Ethics And Belief** Geran F. Dodson, 2016-04-11 The

purpose of the book is to examine the theological claims of ethics faith and belief from a philosophical perspective The Abrahamic and Mosaic covenants of the Old Testament Jesus of the synoptic gospels and Paul s writings serve as the frame of reference in examining a biblical expression of reason and structured logic The message of Jesus centered on the Kingdom of God defined the meaning of faith and belief established a new ethic and framed the message in logic forms The life and death of Jesus brought the realization of God s final covenant as prophesied by the Old Testament However Paul appropriated and developed the Jesus of history into the mythological eschatological Christ figure The clash of philosophy and theology is evident with theological presuppositions that are based on spiritual insight and divine revelation Logic in scripture employs propositions based primarily on revealed proof that is within the context of that which cannot be proven absolutely Uncovering the identity of YHWH in the manuscripts and religious practices of Canaanite culture clearly associated YHWH with the polytheism of the Ugarit texts YHWH was one of the seventy sons of the Canaanite Most High God El and took on a unique identity that was rooted in El and the polytheistic nature of the pantheon of gods Theological truths stand within the context of faith and reason stands apart from faith and infers only that which can be proven based on evidence That which is knowable by faith cannot be known by reason since reason cannot validate that which is not proven to exist *Reason, Faith*

and Authority in Christianity Alfred Magill Randolph, 1902 *Faith and Rationality* Alvin Plantinga, Nicholas

Wolterstorff, 1983 A collection of essays by contemporary Calvinist philosophers of religion that examine the epistemology of religious belief between Reformed and Roman Catholic philosophers **Reason & the Contours of Faith** Richard

Rice,2013-05-17 Can reason and religion get together Should believers think Can thinking people believe Does religion have to make sense Does careful thinking help or hinder religious experience People have wrestled with such questions for hundreds of years and they are just as perplexing today as ever Reason the Contours of Faith explores the wide ranging issues these questions raise from biblical interpretation and proofs for God s existence to the nature of religious conversion Its central purpose is to find an alternative to both fideism the idea that reason has nothing to do with faith and rationalism the conviction that reason has everything to do with it Part One Reason and the Contents of Faith argues that reason contributes in important but limited ways to our understanding of religion Part Two Reason and the Experience of Faith shows that reason can support religious commitment but never produces it Faith and Reason Scott Cherry,2019-08-17 Faith and Reason are not opposites They go together Why does reason work and why do we generally trust in it What is its relationship to faith Why do we expect things to make sense and why does anything make sense at all Among other qualities our innate capacities for faith and reasoning are among the defining attributes of humanness The uniquely human powers of faith and reason are some of the fundamental things that allow us to function as humans instead of as animals Conversely it s the absence of these capacities that defines animals and causes them to behave as they do Is faith involved in reason Scott Cherry argues yes and that they are interdependent Faith fuels reason and vice versa But the emphasis of this book is on reason Because reason exists God exists Thankfully we can reason about both reason and faith and reflect on their qualities and functions It s not that through our powers of reason we can be certain of the existence of God but that the very existence of reason and logic points to a rational God Reason and faith work together Contents Prologue The Universe and Reason Preface In Praise of Reason and Reasonable Faith 1 A Child s Reason and Logic 2 The Logos Principle Active Ingredients 3 Meta Cognition Reasoning about Reason 4 The Complementary Nature of Reason 5 Reason Revelation and Purpose 6 Reason Revelation and Validation 7 The Logic of Reason and Laws of Logic 8 Objections to the Logos Principle part 1 9 Objections to the Logos Principle part 2 10 The Reciprocity of Reason and Logic 11 The Sheer Wonder of Intelligibility 12 Intelligibility of a Mosque a Parable 13 Peony Gardens Butterflies and Design 14 Conclusions to the Logos Principle 15 God the Logos and the Trinity This book is a retitled version of the author s previously published book The Reason of Reason and is almost identical So if the reader has read the latter they need not read this **Why Believe?** C. Stephen Evans,1996 C Sephen Evans has written a pointed and personal book directed to those who want to have faith but whose thinking has been obscured by the static of prevailing philosophies illuminating the attraction and reasonableness of Christianity **Reason to Believe** Richard Purtill,2009-09-03 Is religious belief reasonable Of course the so called New Atheists such as Richard Dawkins and Sam Harris energetically say No Many others including some believers insist that faith is utterly beyond reasoned argument Faith they declare is believing something that reason tells you can t be so In this way they think they shield belief from rational criticism But philosopher Richard Purtill will have none of that approach to religion In this newly updated classic

work Purtill carefully applies the power of the mind to understanding whether there is a rational basis for certain religious beliefs His focus is on widely held Christian beliefs although much of what he says applies also to other religious traditions Purtill assesses the common objections to religious belief the claims that religious tenets are nonsensical wishful thinking the result of gullibility immoral or refuted by modern discoveries Then he considers the arguments in favor of Christian belief by studying the nature of faith of the universe of morality of happiness and the world with God in it He also scrutinizes certain beliefs involving claims of Christian revelation the credentials of revelation the idea of God Jesus as God s Son organized religion and the last things death judgment heaven and hell The two appendices tackle the Christian doctrine of the Atonement and the influence of certain Christian writers on the revival of Christian belief in the 20th century An updated For Further Reading section is included Reason to Believe is not a work of revealed theology or religious devotion it is a highly readable book on the philosophy of religion aimed at the reader who wants to think seriously about religion but who doesn t know all the philosophers and theologians jargon and who may or may not be a committed believer Reason in Faith Adriaan Theodoor Peperzak, 1999 Postmodern reflections on the interface of philosophy and religion pointing to ways each can learn from the other
