Rebels Reformers And Racketeers How Insurgents Transformed The Labor Movement

David Scott Witwer

Rebels Reformers And Racketeers How Insurgents Transformed The Labor Movement:

Rebels, Reformers, and Racketeers Herman W. Benson, 2005 This volume fills a neglected chapter in contemporary labor history The adoption of the Labor Management Reporting and Disclosure Act of 1959 which provided federal support for civil liberties and fair elections in unions triggered a wave of insurgency as reformers throughout the labor movement fought to gain control of their unions by strengthening union democracy and eradicating corruption This book tells their story p 245

Rebels, Reformers, and Racketeers Herman W. Benson, 2005 This volume fills a neglected chapter in contemporary history The Labor Management Reporting and Disclosure Act of 1959 which provided federal support for civil liberties and fair elections in unions triggered a wave of insurgency as reformers throughout the labor movement fought to gain control of their unions by strengthening union democracy and eradicating corruption This is their story Back cover The Civil Wars

in U.S. Labor Steve Early, 2011 Trade union leader and journalist Steve Early discusses how to reverse American labour's current decline A Short History of the U.S. Working Class Paul Le Blanc, 2017-01-15 His aim is to make the history of labor in the U S more accessible to students and the general reader He succeeds Booklist In a blend of economic social and political history Paul Le Blanc shows how important labor issues have been and continue to be in the forging of our nation Within a broad analytical framework he highlights issues of class gender race and ethnicity and includes the views of key figures of United States labor The result is a thought provoking look at centuries of American history from a perspective that is too often ignored or forgotten An excellent overview enhanced by a valuable glossary Elaine Bernard director of the Harvard Trade Union Program Mobsters, Unions, and Feds James B Jacobs, 2006-01-01 This worthy successor to Gotham

Unbound is an exhaustive survey of the grip La Cosa Nostra has exerted on the country's most powerful unions Publishers Weekly Nowhere in the world has organized crime infiltrated the labor movement as effectively as in the United States Yet the government the AFL CIO and the civil liberties community all but ignored the situation for most of the twentieth century Since 1975 however the FBI Department of Justice and the federal judiciary have relentlessly battled against labor racketeering even in some of the nation's most powerful unions Mobsters Unions and Feds is the first book to document organized crime's exploitation of organized labor and the massive federal cleanup effort A renowned criminologist who for twenty years has been assessing the government's attack on the Mafia James B Jacobs explains how Cosa Nostra families first gained a foothold in the labor movement then consolidated their power through patronage fraud and violence and finally used this power to become part of the political and economic power structure of twentieth century urban America Since FBI Director J Edgar Hoover's death in 1972 federal law enforcement has aggressively investigated and prosecuted labor racketeers as well as utilized the civil remedies provided for by the Racketeer Influenced and Corrupt Organization RICO statute to impose long term court supervised remedial trusteeships on mobbed up unions There have been some impressive victories including substantial progress toward liberating the four most racketeer ridden national unions from the grip of

organized crime but victory cannot yet be claimed A must read book for anyone interested in the problem of union corruption and what to do about it **Industrial and Labor Relations Review** **AFL-CIO's Secret War Against Developing Country Workers** Kim Scipes,2011-01-01 This book examines the themes of imperialism and empire from the perspective of the foreign policy program of organized labor in the United States It details efforts to make real popular democracy within Labor The author calls for American workers to join the global movement for economic and social justice and to extend globalization from below against the values and activities of the top down and destructive military corporate globalization that has been sweeping the world for years **Breaking the Devil's Pact** James B. Jacobs,Kerry T. Cooperman,2013-03-25 In 1988 Manhattan U S Attorney Rudy Giuliani brought a massive civil racketeering suit against the leadership of the International Brotherhood of Teamsters IBT at the time possibly the most corrupt union in the world The lawsuit charged that the mafia had operated the IBT as a racketeering enterprise for decades systematically violating the rights of members and furthering the interests of organized crime On the eve of trial the parties settled the case and twenty years later the trustees are still on the job Breaking the Devil s Pact is an in depth study of the U S v IBT beginning with Giuliani s lawsuit and the politics surrounding it and continuing with an incisive analysis of the controversial nature of the ongoing trusteeship James B Jacobs and Kerry T Cooperman address the larger question of the limits of legal reform in the American labor movement and the appropriate level of government involvement **Anthropology of Labor Unions** E. Paul Durrenberger,Karaleah S. Reichart,2010-03-15 The Anthropology of Labor Unions presents ethnographic data and analysis in eight case studies from several very diverse industries It covers a wide range of topics from the role of women and community in strikes to the importance of place in organization and addresses global concerns with studies from Mexico and Malawu Union organized workplaces consistently afford workers higher wages and better pensions benefits and health coverage than their nonunion counterparts In addition women and minorities who belong to unions are more likely to receive higher wages and benefits than their nonunion peers Given the economic advantages of union membership one might expect to see higher rates of organization across industries but labor affiliation is at an all time low What accounts for this discrepancy The contributors in this volume provide a variety of perspectives on this paradox including discussions of approaches to and findings on the histories cultures and practices of organized labor They also address substantive issues such as race class gender age generation ethnicity health and safety concerns corporate co optation of unions and the cultural context of union management relationships The first to bring together anthropological case studies of labor unions this volume will appeal to cultural anthropologists social scientists sociologists and those interested in labor studies and labor movements **Shadow of the Racketeer** David Scott Witwer,2009 A detailed account of labor corruption in the 1930s and the zealous journalist who railed against it **Out in the Union** Miriam Frank,2014-06-13 Out in the Union tells the continuous story of queer American workers from the mid 1960s through 2013 Miriam Frank shrewdly chronicles the

evolution of labor politics with queer activism and identity formation showing how unions began affirming the rights of lesbian gay bisexual and transgender workers in the 1970s and 1980s She documents coming out on the job and in the union as well as issues of discrimination and harassment and the creation of alliances between unions and LGBT communities Featuring in depth interviews with LGBT and labor activists Frank provides an inclusive history of the convergence of labor and LGBT interests She carefully details how queer caucuses in local unions introduced domestic partner benefits and union based AIDS education for health care workers innovations that have been influential across the U S workforce Out in the Union also examines organizing drives at queer workplaces campaigns for marriage equality and other gay civil rights issues to show the enduring power of LGBT workers

Save Our Unions Steve Early,2013-11 *Save Our Unions* Dispatches From A Movement in Distress brings together recent essays and reporting by labor journalist Steve Early The author illuminates the challenges facing U S workers whether they re trying to democratize their union win a strike defend past contract gains or bargain with management for the first time Drawing on forty years of personal experience Early writes about cross border union campaigning labor strategies for organizing and health care reform and political initiatives that might lessen worker dependence on the Democratic Party *Save Our Unions* contains vivid portraits of rank and file heroes and heroines both well known and unsung It takes readers to union conventions and funerals strikes and picket lines celebrations of labor s past and struggles to insure that unions still have a future in the 21st century The book s insight analysis and advocacy make this an important contribution to the project of labor revitalization and reform

A Freedom Budget for All Americans Paul Le Blanc,Michael D. Yates,2013-08 While the Civil Rights Movement is remembered for efforts to end segregation and secure the rights of African Americans the larger economic vision that animated much of the movement is often overlooked today That vision sought economic justice for every person in the United States regardless of race It favored production for social use instead of profit social ownership and democratic control over major economic decisions The document that best captured this vision was the *Freedom Budget for All Americans* Budgeting Our Resources 1966 1975 To Achieve Freedom from Want published by the A Philip Randolph Institute and endorsed by a virtual who s who of U S left liberalism and radicalism Now two of today s leading socialist thinkers return to the *Freedom Budget* and its program for economic justice Paul Le Blanc and Michael D Yates explain the origins of the *Freedom Budget* how it sought to achieve freedom from want for all people and how it might be reimagined for our current moment Combining historical perspective with clear sighted economic proposals the authors make a concrete case for reviving the spirit of the Civil Rights Movement and building the society of economic security and democratic control envisioned by the movement s leaders a struggle that continues to this day

Hidden San Francisco Chris Carlsson,2025-04-20 The history of San Francisco I ve been waiting for Sean Burns writer and filmmaker A dissenter s guidebook Peter Booth Wiley publisher and author of *The National Trust Guide to San Francisco* Scores of sparkling vignettes from Mission Rock to the Haight Balmy Alley to Telegraph Hill illuminate the city

with the torch of social criticism and the sharp lens of a local sage Richard Walker author of *Pictures of a Gone City* San Francisco is an iconic city But beyond the picture postcards of the Golden Gate Bridge the city's most interesting and radical history is waiting to be uncovered *Hidden San Francisco* is a guidebook like no other Structured around the four major themes of ecology labor transit and dissent Chris Carlsson peels back the layers of the city's history to reveal a storied past behind old walls and gleaming glass facades lurk former industries secret music and poetry venues forgotten terrorist bombings and much more Carlsson also delves into the Bay Area's long prehistory examining the lives of its indigenous inhabitants before the 1849 Gold Rush changed everything This second edition includes new tours on the wild and natural parts of San Francisco that most tourists never visit from Glen Canyon to Sutro Forest There is also a new introduction examining the impact of the pandemic as well as a mini history of tech in the city from the Gold Rush to AI Chris Carlsson is a San Francisco historian and award winning tour guide He directs *Shaping San Francisco* an impressive archive of local history and co founded the urban cycling movement Critical Mass He is the author of four books He has lived in San Francisco since 1978

Working Construction Kris Paap, 2018-07-05 Kris Paap worked for nearly three years as a carpenter's apprentice on a variety of jobsites closely observing her colleagues' habits expressions and attitudes As a woman in an overwhelmingly male and stereotypically macho profession Paap uses her experiences to reveal the ways that gender class and race interact in the construction industry She shows how the stereotypes of construction workers and their overt displays of sexism racism physical strength and homophobia are not just how they are but rather culturally and structurally mandated enactments of what it means to be a man and a worker in America The significance of these worker performances is particularly clear in relation to occupational safety when the pressures for demonstrating physical masculinity are combined with a lack of protection from firing workers are forced to ignore safety procedures in order to prove whether male or female that they are man enough to do the job Thus these mandated performances have real and sometimes deadly consequences for individuals the entire working class and the strength of the union movement Paap concludes that machismo separates the white male construction workers from their natural political allies increases their risks on the job plays to management's interests lowers their overall social status and undercuts the effectiveness of their union

Embedded with Organized Labor Steve Early, 2009-07 Collected for the first time the essays that comprise *Embedded With Organized Labor* present a unique and informed perspective on the class war at home from a longtime organizer and participatory labor journalist Steve Early tackles the most pressing issues facing unions today and describes how workers have organized successfully on the job and in the community in the face of employer opposition now and in the past This wide ranging collection deals with the dilemmas of union radicalism the obstacles to institutional change within organized labor and strategies for securing workers rights in the new global economy It also addresses questions hotly debated among union activists and friends of labor including workers rights as human rights new forms of worker organization such as worker

centers union democracy cross border solidarity race gender and ethnic divisions in the working class and the lessons of labor history **We Are the Union** Dana L. Cloud,2011-11-01 In this extraordinary tale of union democracy Dana L Cloud engages union reformers at Boeing in Wichita and Seattle to reveal how ordinary workers attempted to take command of their futures by chipping away at the cozy partnership between union leadership and corporate management Taking readers into the central dilemma of having to fight an institution while simultaneously using it as a bastion of basic self defense We Are the Union offers a sophisticated exploration of the structural opportunities and balance of forces at play in modern unions told through a highly relevant case study Focusing on the 1995 strike at Boeing Cloud renders a multi layered account of the battles between company and the union and within the union led by Unionists for Democratic Change and two other dissident groups She gives voice to the company s claims of the hardships of competitiveness and the entrenched union leaders calls for concessions in the name of job security alongside the democratic union reformers fight for a rank and file upsurge against both the company and the union leaders We Are the Union is grounded in on site research and interviews and focuses on the efforts by Unionists for Democratic Change to reform unions from within Incorporating theory and methods from the fields of organizational communication as well as labor studies Cloud methodically uncovers and analyzes the goals strategies and dilemmas of the dissidents who while wanting to uphold the ideas and ideals of the union took up the gauntlet to make it more responsive to workers and less conciliatory toward management especially in times of economic stress or crisis Cloud calls for a revival of militant unionism as a response to union leaders embracing of management and training programs that put workers in the same camp as management arguing that reform groups should look to the emergence of powerful industrial unions in the United States for guidance on revolutionizing existing institutions and building new ones that truly accommodate workers needs Drawing from communication studies labor history and oral history and including a chapter co written with Boeing worker Keith Thomas We Are the Union contextualizes what happened at Boeing as an exemplar of agency that speaks both to the past and the future Sisters in the Brotherhoods J.

LaTour,2008-08-04 Sisters in the Brotherhoods is an oral history based study of women who have against considerable odds broken the gender barrier to blue collar employment in various trades in New York City beginning in the 1970s It is a story of the fight against deeply ingrained cultural assumptions about what constitutes women s work the middle class bias of feminism the daily grinding sexism of male co workers and the institutionalised discrimination of employers and unions It is also the story of some gutsy women who seeking the material rewards and personal satisfactions of skilled manual labour have struggled to make a place for themselves among New York City s construction workers stationary engineers firefighters electronic technicians plumbers and transit workers Each story contributes to an important unifying theme the way women confronted the enormous sexism embedded in union culture and developed new organisational forms to support their struggles including and especially the United Tradeswomen **On New Terrain** Kim Moody,2017-11-20 A detailed and

provocative study of how capital has changed since the 1980s and its effects on the working class and political parties in the USA Scottish Left Review On New Terrain challenges conventional wisdom about a disappearing working class and the inevitability of a two party political structure as the only framework for struggle Through in depth study of the economic and political shifts at the top of society Moody shows how recent developments in capitalist production impact the working class and its power to resist the status quo He argues that this transformed industrial terrain offers new possibilities for organization in the workplace and opens doors for grassroots independent political action strengthened by reemerging labor and social movements From the logistics revolution to the unprecedented concentration of business and wealth in the hands of the one percent On New Terrain examines the impact of the current economic terrain on the working class in the United States Looking beyond the clichés of precarity and the gig economy Moody shows that the working class and its own self activity are essential in the global battle against austerity A masterful and much needed book Solidarity Immediately shakes the reader by offering a hard hitting concrete and sober analysis of the transformation of both the capitalist and working classes of the USA Bill Fletcher Jr coauthor of Solidarity Divided He explodes myths about the gig economy and the potential to transform the Democratic Party Readers will put the book down convinced that there is a way for workers to win

LaborNotes **New Labor Forum** ,2004 **Cooperatives at Work** George Cheney,Matt Noyes,Emi Do,Marcelo Vieta,Joseba Azkarraga,Charlie Michel,2023-01-25 Cooperatives at Work presents a range of success stories in employee ownership and worker cooperative enterprise showcasing how such firms can embody important and highly contested ideals of democracy equity and social transformation
