Recasting East Germany:

Recasting East Germany Chris Flockton, Eva Kolinsky, 2012-11-12 The transformation of east Germany since unification has wrought vast changes in the economy and in society and left deep scars as the types of social protection offered by the centralised socialism of the previous regime gave way to uncertainties and individualised life chances Social Transformation in Eastern Germany investigates the deep economic and social processes which east Germany has undergone highlighting the restructuring the social impacts and the stresses of adjustment experienced by key social groups whose workplace and social context has been recast almost out of recognition since 1990 *State and Minorities in Communist East Germany* Mike Dennis, Norman LaPorte, 2011-08-01 Based on interviews and the voluminous materials in the archives of the SED the Stasi and central and regional authorities this volume focuses on several contrasting minorities Jehovah's Witnesses Jews guest workers from Vietnam and Mozambique football fans punks and skinheads and their interaction with state and party bodies during Erich Honecker's rule over the communist system It explores how they were able to resist persecution and surveillance by instruments of the state thus illustrating the limits on the power of the East German dictatorship and shedding light on the notion of authority as social practice **Special Issue on Recasting East Germany: Social Transformation After the GDR** Christopher Flockton, Eva Kolinsky, 1998 East German Distinctiveness in a Unified Germany Jonathan Grix, P Cooke, 2003-02-28 This book explores the nature of the dramatic growth in a distinct sense of East German identity in the years since the events that led to formal unification in 1990 While it is problematic to see East Germanness as a singular and homogenous identity it can be perceived as a distinctive phenomenon and a level of identification that exists alongside local regional and national identities The essays in this volume hope to challenge the commonly held misconception that East German regional identity is a problem that needs to be overcome in the process of unification Through analyses of the social political and cultural behaviour of East Germans and their perception of their own place in German society this volume makes a complex and nuanced contribution to discussions on German national identity and the unification process *Recasting West German Elites* Michael R. Hayse, 2003-11-01 The rapid shift of German elite groups political loyalties away from Nazism and toward support of the fledgling democracy of the Federal Republic in spite of the continuity of personnel and professional structures has surprised many scholars of postwar Germany The key Hayse argues lies in the peculiar and paradoxical legacy of these groups evasive selective memory by which they cast themselves as victims of the Third Reich rather than its erstwhile supporters The avoidance of responsibility for the crimes and excesses of the Third Reich created a need to demonstrate democratic behavior in the post war public sphere Ultimately this self imposed pressure while based on a falsified selective group memory of the recent past was more important in the long term than the Allies stringent social change policies *Antifascism After Hitler* Catherine Plum, 2015-02-20 Antifascism After Hitler investigates the antifascist stories memory sites and youth reception that were critical to the success of political

education in East German schools and extracurricular activities As the German Democratic Republic GDR promoted national identity and socialist consciousness two of the most potent historical narratives to permeate youth education became tales of communist resisters who fought against fascism and the heroic deeds of the Red Army in World War II These stories and iconic images illustrate the message that was presented to school age children and adolescents in stages as they advanced through school and participated in the official communist youth organizations and other activities This text delivers the first comprehensive study of youth antifascism in the GDR extending scholarship beyond the level of the state to consider the everyday contributions of local institutions and youth mentors responsible for conveying stories and commemorative practices to generations born during WWII and after the defeat of fascism While the government sought to use educators and former resistance fighters as ideological shock troops it could not completely dictate how these stories would be told with memory intermediaries altering at times the narrative and message Using a variety of primary sources including oral history interviews the author also assesses how students viewed antifascism with reactions ranging from strong identification to indifference and dissent Antifascist education and commemoration were never simply state prescribed and were not as participation less as some scholars and contemporary observers claim even as educators fought a losing battle to maintain enthusiasm

Reinventing Gender Eva Kolinsky, Hildegard Maria Nickel, 2003 Since the unification of the DDR and the GDR women living in the former East Germany have lost many of the advantages that came with a planned economy This collection of essays examines the reinvented meaning of gender and the experience of East German women since unification

Continuity and Change in German Politics Stephen Padgett, Thomas Poguntke, 2002 Over three decades Gordon Smith has written authoritatively and with style on almost every aspect of German politics In this volume leading UK and German scholars use themes from his work in an examination of the evolution of German policy in the face of socio economic change globalisation European integration and the domestic upheaval of unification

The German Polity Eric

Langenbacher, 2021-07-29 This thoroughly revised and updated edition provides a comprehensive introduction to contemporary Germany one of the world's foremost economic and political powers During a series of profound crises over the last decade including migration challenges Brexit and the Covid 19 pandemic Germany has emerged as the undisputed leader of the European Union One of the world's strongest economies it exports goods services and ideas around the world In foreign policy it has taken on a more prominent role especially with its pursuit of soft power Yet as adept as German policy making has been the challenges have produced strains that reveal the limits of German influence Moreover after sixteen years in power Chancellor Angela Merkel will retire and new leadership will guide the country through the 2020s Looking back Eric Langenbacher traces the country's transformation since the seminal turning points of 1945 after World War II and 1990 after reunification Looking to the present the author explains and assesses its major institutions actors and issues Looking forward he explores the looming economic security and demographic challenges Germany must address in the years

to come **The German Polity** David P. Conradt, Eric Langenbacher, 2013-03-22 This thoroughly revised and updated edition of *The German Polity* provides a comprehensive introduction to contemporary German politics focusing especially on the recovery of the economy and Germany's growing power in Europe and beyond Looking back David P Conradt and Eric Langenbacher trace the country's transformation since the seminal turning points of 1945 after World War II and 1990 after reunification Looking to the present the authors explain and assess its major institutions actors and issues Looking forward they explore the looming economic security and demographic challenges the political system must address in the years to come

This book delves into Recasting East Germany. Recasting East Germany is a crucial topic that must be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Recasting East Germany, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Recasting East Germany
- Chapter 2: Essential Elements of Recasting East Germany
- Chapter 3: Recasting East Germany in Everyday Life
- Chapter 4: Recasting East Germany in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, this book will provide an overview of Recasting East Germany. This chapter will explore what Recasting East Germany is, why Recasting East Germany is vital, and how to effectively learn about Recasting East Germany.

3. In chapter 2, this book will delve into the foundational concepts of Recasting East Germany. The second chapter will elucidate the essential principles that need to be understood to grasp Recasting East Germany in its entirety.

4. In chapter 3, this book will examine the practical applications of Recasting East Germany in daily life. The third chapter will showcase real-world examples of how Recasting East Germany can be effectively utilized in everyday scenarios.

5. In chapter 4, this book will scrutinize the relevance of Recasting East Germany in specific contexts. The fourth chapter will explore how Recasting East Germany is applied in specialized fields, such as education, business, and technology.

6. In chapter 5, this book will draw a conclusion about Recasting East Germany. This chapter will summarize the key points that have been discussed throughout the book.

This book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Recasting East Germany.
