Religion In Aboriginal Australia An Anthology:

Aboriginal Religions in Australia Françoise Dussart, Howard Morphy, 2017-09-08 Over the last 25 years there has been an explosion of interest in the Aboriginal religions of Australia and this anthology provides a variety of recent writings by a wide range of scholars Australian Aboriginal Religions are probably the oldest extant religious systems Over some 50 000 years they have coped with change and re invented themselves in an astonishingly creative way The Dreaming the mythical time when the Ancestor Spirits shaped the territories of the Aborigines and laid down a moral and ritual law for their occupants is the fundamental religious reality It is the basis of the Aborigines s view of their land or country kinship relationships ritual and art However the Dreaming is not a static principle since it is interpreted in different ways as in the extraordinary movement in contemporary indigenous painting and in attempts at an accommodation with Christianity The contributions of anthropologists cultural historians philosophers of religion and others are included in this anthology which not only guides readers through the literature but also ensures this still largely inaccessible material is available to a wider range of readers and non specialist students and academics

Religion in Aboriginal Australia Maxwell John Charlesworth, 1984 No Marketing Blurb

Religion and Non-Religion among Australian Aboriginal Peoples James L. Cox, Adam Possamai, 2016-12-01 Offering a significant contribution to the emerging field of Non Religion Studies Religion and Non Religion among Australian Aboriginal Peoples draws on Australian 2011 Census statistics to ask whether the Indigenous Australian population like the wider Australian society is becoming increasingly secularised or whether there are other explanations for the surprisingly high percentage of Aboriginal people in Australia who state that they have no religion Contributors from a range of disciplines consider three central questions How do Aboriginal Australians understand or interpret what Westerners have called religion Do Aboriginal Australians distinguish being religious from being non religious How have modernity and Christianity affected Indigenous understandings of religion These questions re focus Western dominated concerns with the decline or revival of religion by incorporating how Indigenous Australians have responded to modernity how modernity has affected Indigenous peoples religious behaviours and perceptions and how variations of response can be found in rural and urban contexts

Aboriginal Religions in Australia Maxwell John Charlesworth, Françoise Dussart, Howard Morphy, 2005

The Religions of Oceania Tony Swain, Garry Trompf, 2005-08-18 More than a quarter of the world s religions are to be found in the regions of Australia Melanesia Micronesia and Polynesia together called Oceania The Religions of Oceania is the first book to bring together up to date information on the great and changing variety of traditional religions in the Pacific zone The book also deals with indigenous Christianity and its wide influence across the region and includes new religious movements generated by the responses of indigenous peoples to colonists and missionaries the best known of these being the Cargo Cults of Melanesia The authors present a thorough and accessible examination of the fascinating diversity of religious practices in the area analysing new religious developments

and providing clear interpretative tools and a mine of information to help the student better understand the world's most complex ethnologic tapestry

Explaining Evil J. Harold Ellens, 2011-02-18 In this three volume set international scholars from across a broad spectrum of scholarly fields examine the concept of evil throughout history and world cultures from religious scientific psychological and political perspectives The manifestation of evil has provided a convenient theme for popular culture entertainment ranging from the classic film *The Exorcist* to almost all of Stephen King's horror novels to video games such as *Resident Evil* Unfortunately dealing with and attempting to overcome the forces of evil is a pervasive problem in the real world as well *Explaining Evil* addresses incidents of evil from ancient times to modern day around the globe Concepts of evil within the big three religions Christianity Judaism and Islam are examined as well as in Chinese philosophy and Native American beliefs The political or national expressions of evil are explored such as the axis of evil that culminated in World War II These volumes identify the causes and effects of evil and suggest possible remedies to humanity's inescapable flaw

Religion and Change in Australia Adam Possamai, David Tittensor, 2022-03-30 This timely book offers a panoramic overview of the enduring significance of religion in modern Australian society Applying sociological perspectives and contemporary theories of religion in society it challenges conventional assumptions around the extent of secularisation in Australia and instead argues that religious institutions groups and individuals have proved remarkably adaptable to social change and continue to play a major role in Australian life In doing so it explores how religion intersects with a wide range of other contemporary issues including politics race migration gender and new media *Religion and Change in Australia* explores Australia's unique history regarding religion Christianity was originally imported as a tool of social control to keep convicts settlers and Australian Aboriginal peoples in check This had a profound impact on the social memory of the nation and lingering resentment towards the excessive presence of religion continues to be felt today Freedom of religion was enshrined in Section 116 of the Australian Constitution in 1901 Nevertheless the White Australia Policy effectively prevented adherents of non Christian faiths from migrating to Australia and the nation remained overwhelmingly Christian However after WWII Australia in common with other western societies appears to have become increasingly secularised as religious observance declined dramatically However *Religion and Change in Australia* employs a range of social theories to challenge this secularist view and argues that Australia is a post secular society The 2016 census revealed that over half of the population still identify as Christian In politics the socially conservative religious right has come to exert considerable influence on the ruling Liberal National Coalition particularly under John Howard and Scott Morrison New technologies such as the Internet and social media have provided new avenues for religious expression and proselytisation whilst so called megachurches have been built to cater to their increasing congregations The adoption of multiculturalism and increased immigration from Asia has led to a religiously pluralist society though this has often been controversial In particular the position of Islam in Australia has been the subject of fierce debate and Islamophobic attitudes remain common Atheism non belief and

alternative spiritualities have also become increasingly widespread especially amongst the young Religion and Change in Australia analyses these developments to offer new perspectives on religion and its continued relevance within Australian society This book is therefore a vital resource for students academics and general readers seeking to understand contemporary debates surrounding religion and secularisation in Australia

The World's Religions: The Study of Religion, Traditional and New Religion Peter Clarke, Stewart Sutherland, 2002-11-01 Examines the primitive traditional non mainstream religion and also 20th century sects such as the Moonies and Scientology Looks at the nature of religion the general philosophical issues Written by international specialists

A Companion to the Anthropology of Religion Janice Boddy, Michael Lambek, 2015-12-14 A Companion to the Anthropology of Religion presents a collection of original ethnographically informed essays that explore the variety of beliefs practices and religious experiences in the contemporary world and asks how to think about religion as a subject of anthropological inquiry Presents a collection of original ethnographically informed essays exploring the wide variety of beliefs practices and religious experiences in the contemporary world Explores a broad range of topics including the perspectivism debate the rise of religious nationalism reflections on religion and new media religion and politics and ideas of self and gender in relation to religious belief Includes examples drawn from different religious traditions and from several regions of the world Features newly commissioned articles reflecting the most up to date research and critical thinking in the field written by an international team of leading scholars Adds immeasurably to our understanding of the complex relationships between religion culture society and the individual in today s world

Religious Change and Indigenous Peoples Helena Onnudottir, Adam Possamai, 2016-04-08 Exploring religious and spiritual changes which have been taking place among Indigenous populations in Australia and New Zealand this book focuses on important changes in religious affiliation in census data over the last 15 years Drawing on both local social and political debates while contextualising the discussion in wider global debates about changing religious identities especially the growth of Islam the authors present a critical analysis of the persistent images and discourses on Aboriginal religions and spirituality This book takes a comparative approach to other Indigenous and minority groups to explore contemporary changes in religious affiliation which have raised questions about resistance to modernity challenges to the nation state and or rejection of Christianity or Islam Helena Onnudottir Adam Possamai and Bryan Turner offer a critical analysis to on going public political and sociological debates about religious conversion especially to Islam and changing religious affiliations including an increase in the number of people who claim no religion among Indigenous populations This book also offers a major contribution to the growing debate about conversion to Islam among Australian Aborigines Maoris and Pacific peoples

Art and Architecture of the World's Religions Leslie D. Ross, 2009-06-04 Two abundantly illustrated volumes offer a vibrant discussion of how the divine is and has been represented in art and architecture the world over Beginning with the ancient worlds of Mesopotamia Egypt Greece and Rome and moving forward

through time Art and Architecture of the World's Religions explores the major faiths from countries and continents around the globe helping readers better understand the creations their beliefs have inspired After tracing the history and development of a religion the book provides a general overview of its principal beliefs and key practices It then offers specific examples of how works of art architecture reflect that religion's values The focus of each chapter is on the temples churches and religious buildings statues paintings and other works of art and architecture created by believers Each representative work of art or architecture is examined in terms of its history materials symbols colors and patterns as its significance is explained to the reader With extensive illustrations these volumes are the definitive reference work on art and architecture of the world's religions

Dream Travelers R. Lohmann, 2003-11-13 In dreams part of the self seems to wander off to undertake both mundane tasks and marvellous adventures Anthropologists have found that many peoples take this experience of dreaming at face value assuming that their spirits literally leave the body to travel meet other spirits and acquire valuable knowledge with dramatic consequence for relationships social organization and religions Dream Travellers is about Melanesian Aboriginal Australian and Indonesian peoples who hold this assumption Several leading anthropologists contribute theoretically and ethnographically rich chapters showing that attention to these peoples' dream lives deeply enhances our understanding of their cultures and waking lives as well

Hunters and Gatherers (Vol II) Tim Ingold, David Riches, James Woodburn, 2024-11-01 All that is central to the dynamic process in human society is evident in the study of hunter-gatherers' peoples whose subsistence way of life reflects the original form of human adaptation This is the thesis of these wide-ranging volumes in which internationally leading scholars consider hunter-gatherer peoples in Africa Asia Australia and North America and reflect theoretically on the hunter-gatherer condition Volume 1 Hunters and Gatherers History Evolution and Social Change Volume II Hunters and Gatherers Property Power and Ideology

Indigenous Peoples' Wisdom and Power Julian Kunnie, Nomalungelo Ivy Goduka, 2006 xts across Africa Asia the Middle East North South America and Oceania

A World Religions Reader Ian S. Markham, Christy Lohr Sapp, 2009-05-26 Providing a

comprehensive exploration of the teachings and beliefs of the world's living faiths the third edition of this popular book has been revised and updated to reflect the vibrant role religion plays in the twenty-first century The World Religions Reader Explores the unique nature of various faiths by introducing their traditions and rituals ethical dimensions and modern expressions Combines excerpts from sacred texts with reflections from a range of classic and contemporary thinkers from the Bhagavad Gita and the Quran to Maimonides and Martin Luther King Jr Significantly expands material on Christianity with a greater emphasis on the diversity of the tradition as expressed in Orthodoxy Catholicism and Protestantism Broadens its coverage with new chapters on Emerging Religions Jainism Zoroastrianism and Indigenous Religions Considers the profound impact of 9/11 on the major religions and the effect it has had on our perceptions of others and on interfaith communication Includes numerous reader-friendly features such as key terms sections summary reviews of major beliefs and significant
